Level 3 of Guitar Lessons in Real Time (G-Rea-T) builds on the skills learned in Levels 1 and 2 to bring the most exciting learning experience yet. Created for guitar players who play both fingerstyle and flat picking (plectrum) styles, who have completed those first two parts of G-Rea-T, or who have similar knowledge and experience. It will help you to take 3 giant leaps in your guitar playing ability. Leap 1 - You will master barring technique, that is using one finger to control more than one string. It is mostly associated with bar chords but is incredibly effective with single note playing too. Mastering barring is a true landmark in your guitar playing journey and with this book providing a series of exercises that build to give you the skills to play full 6-string guitar chords. You'll also learn slash and diminished chords AND get to know the theory behind them that is so important to your music. Leap 2 - You are immersed in the fretboard itself. Here, you learn the full fretboard, so that you can remember where each note is, along with how to read and write them all. This gives you the tools to be the music creator you want to be, while a series of exercises and performance pieces cover the whole fretboard, building playing skills and progressing as a guitarist. Leap 3 - The course adds new percussive sounds and slides (Glissandos) to give you new ways to express your feelings and vision. You will also learn to apply dynamics, articulations, hammer-ons and pull-offs to bar chords and create your personal interpretation of music. In addition to all of this, Level 3 also includes practical guidance on improvisation and transposing

music, while the theory section progresses to harmonized triads and four-part chords, allowing you to understand how they can be used to great effect in your own compositions. Backed up with a range of audio and visual support content online at <https://guitarinrealtime.com>, Level 3 is a comprehensive course that will take your guitar playing and musical understanding to a whole new level. Are you ready to take the leap?
