"There was not an inch of room for Lottie and Kezia in the buggy. When Pat swung them on top of the luggage they wobbled; the grandmother's lap was full and Linda Burnell could not possibly have held a lump of a child on hers for any distance." The seemingly perfect Burnell family is moving from one house to another, and on the surface,

everything appears idyllic. But as the story develops, the tension grows, threatening to explode and expose their true nature. 'Prelude' (1922) is evidence of Katherine Mansfield's short fiction genius, and it was the first short story that Virginia Woolf commissioned for her publishing house. Katherine Mansfield (1888-1923) was short story writer and poet from New Zealand, who settled in England at the age of 19. Virginia Woolf and D.H. Lawrence were among her literary friends and admirers. She died of tuberculosis at the age of 34.

**Violence** Harvard University Press

In this bracing study of American sexual culture and the politics of acquaintance rape, esteemed anthropologist Peggy Reeves Sanday identifies the sexual stereotypes that continue to obstruct justice and diminish women. Beginning with a harrowing account of the St. John's rape case, Sanday reaches back through British and American landmark rape cases to explain how, with the exception of earliest Colonial times, rape has been a crime notable for placing the woman on trial. A ground-breaking work of scholarship, *A Woman Scorned* brings a broader perspective to our understanding of acquaintance rape and envisions, finally, a new paradigm for female sexual equality.

Policy, Practice and Power Cleis Press

Mrs. Louise Mallard, afflicted with a heart condition, reflects on the death of her husband from the safety of her locked room. Originally published in *Vogue* magazine, "The Story of an Hour" was retitled as "The Dream of an Hour," when it was published amid much controversy under its new title a year later in *St. Louis Life*. "The Story of an Hour" was adapted to film in *The Joy That Kills* by director Tina Rathbone, which was part of a PBS anthology called *American Playhouse*. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.

Women at the Center Harvard University Press

Essay from the year 2017 in the subject English - Discussion and Essays, grade: 1,3, University of Stuttgart, language: English, abstract: In 1894 the short story "The Story of an Hour" was published in Vogue by Kate Chopin. It is about the thoughts of a woman afflicted with a heart trouble, after she is told that her man died in an accident. In the end it is said that she died of this heart disease. The reader, though, knows that the result of the death must be the surprising attendance of her husband. Kate Chopin works with this problem of oppressiveness and inequality in the marriage and furthermore she emphasizes the neglect of women. At the time of their publication, her short

stories received bad critiques because of the fact that she questioned moral standards like the patriarchy, which was common at that point. However, later in the 1960s she has become famous because of her stories with feminist content .

Women, Men, & the Psychology of Power Springer

Speaking of Sex explores a topic that frequently is absent from our discussions about sex: the persistence of sex-based inequality and the cultural forces that sustain it. On critical issues affecting women, most Americans deny either that gender inequality is a serious problem or that it is one which they have a personal or political responsibility to address. In tracing this "no problem" problem, Speaking of Sex examines the

most fundamental causes of women's disadvantages and the inadequacy of current public policy to combat them.

Women and History; V. 1

Goldberg reviews literature, gathering evidence from expert witnesses (both primary and secondary sources) to demonstrate that each of three distinct patterns of recognised human social behaviour (institutions) has been observed in every known society. He proposes that these three universal institutions, attested as they are across independent cultures, suggest a simple psychophysiological cause, since physiology remains constant, as do the institutions, even across variable cultures--a universal phenomenon suggests a universal explanation. The institutions Goldberg examines are patriarchy, male dominance and male attainment. The hypothetical psychophysiological phenomenon he proposes to explain them, he denotes by

the expression differentiation of dominance tendency. He explains this refers to dominance behaviour being more easily elicited from men on average than from women on average. In other words, he theorises a biologically mediated difference in preferences.

Around 100 years after women's suffrage was gained and in spite of much effort gender balance in politics is still far from achieved in most countries. Women's average representation in the world's parliaments was around 20 per cent in 2012. This book studies historical processes of breaking male dominance in politics. It discusses how women have gained access to, or have remained excluded from, political influence in party leadership, in elected assemblies and in government. It focuses on Old Democracies, that is counties or states which share a long tradition of democratic practices, highly developed socio-economic structures and where

women's suffrage was established at the beginning of the 20th century.

**The Myth of Male Power** Macmillan International Higher Education

An updated edition of the Sunday Times Bestseller Britain's best-known classicist Mary Beard, is also a committed and vocal feminist. With wry wit, she revisits the gender agenda and shows how history has treated powerful women. Her examples range from the classical world to the modern day, from Medusa and Athena to Theresa May and Hillary Clinton. Beard explores the cultural underpinnings of misogyny, considering the public voice of women, our cultural assumptions about women's relationship with power, and how powerful women resist being packaged into a male template. A year on since the advent of

#metoo, Beard looks at how the discussions have moved on during this time, and how that intersects with issues of rape and consent, and the stories men tell themselves to support their actions. In trademark Beardian style, using examples ancient and modern, Beard argues, 'it's time for change - and now!' From the author of international bestseller *SPQR: A History of Ancient Rome*.

*Why Men Are the Disposable Sex*  
Pearson Education India

This is a story about how modern masculinity is killing the world, and how feminism can save it. It's a story about sex and power and trauma and resistance and persistence. It's a story about how you can track the crisis of democracy against the crisis of White

masculinity, and how the far right is rising in response to both. It's a story about a social change. And at the centre of that story is one simple idea: we are in the middle of a sexual revolution. Laurie Penny charts how, in our era of crisis, we are also witnessing a productive transformation: profound and permanent changes in how we define gender, sex, consent and whose bodies matter. These changes threaten the social and economic certainties that form our world. They threaten existing power structures, and they undermine the authority of institutions from the waged workplace to the nuclear family. No wonder the far right is fighting back so hard. *Sexual Revolution* is a hand grenade of a book: both a manifesto for social change and a story of how

feminism can save us.

*Theoretical Perspectives on Gender and Development* Springer

This book presents MacKinnon's powerful analysis of politics, sexuality, and the law from the perspective of women. Using the debate over Marxism and feminism as a point of departure, MacKinnon develops a theory of gender centered on sexual subordination and applies it to the state.

*Acquaintance Rape on Trial* McGraw-Hill Humanities, Social Sciences & World Languages

Cache Valley has always inspired a wide variety of stories: timeless romances, mind-bending mysteries, yarns from the old west, and fantasies about the future. Legends that spark the imaginations of young and old. Tales to be told around

the campfire, enjoyed in the quiet solitude of the library, or savored with a warm drink on a rainy day. Join these Cache Valley Authors on a journey like no other. In this anthology of short stories and novellas, you will find excitement, joy, tears, fears, love, a bit of history, and an abundance of imagination. Buckle up! You never know what you'll encounter In the Valley. [The Denial of Gender Inequality](#) OUP Oxford

Misogyny is a hot topic, yet it's often misunderstood. What is misogyny, exactly? Who deserves to be called a misogynist? How does misogyny contrast with sexism, and why is it prone to persist - or increase - even when sexist gender roles are waning? This book is an exploration of misogyny in public life and

politics by the moral philosopher and writer Kate Manne. It argues that misogyny should not be understood primarily in terms of the hatred or hostility some men feel toward all or most women. Rather, it's primarily about controlling, policing, punishing, and exiling the "bad" women who challenge male dominance. And it's compatible with rewarding "the good ones," and singling out other women to serve as warnings to those who are out of order. It's also common for women to serve as scapegoats, be burned as witches, and treated as pariahs. Manne examines recent and current events such as the Isla Vista killings by Elliot Rodger, the case of the convicted serial rapist Daniel Holtzclaw, who preyed on African-American women as a police officer in

Oklahoma City, Rush Limbaugh's diatribe against Sandra Fluke, and the "misogyny speech" of Julia Gillard, then Prime Minister of Australia, which went viral on YouTube. The book shows how these events, among others, set the stage for the 2016 US presidential election. Not only was the misogyny leveled against Hillary Clinton predictable in both quantity and quality, Manne argues it was predictable that many people would be prepared to forgive and forget regarding Donald Trump's history of sexual assault and harassment. For this, Manne argues, is misogyny's oft-overlooked and equally pernicious underbelly: exonerating or showing "himpathy" for the comparatively privileged men who dominate, threaten, and silence women. |

### **Lewd Women and Wicked Witches**

Harper Collins

An ethnographic study of how gender is negotiated in Vanatinai, a small matrilineal island near New Guinea.

Machinery of Dominance Lindhardt og Ringhof

Applying data from over 150 tribal societies to scales developed to measure power and dominance, Sanday offers answers to basic questions regarding male and female power. The view that emerges conforms to no particular theoretical perspective.

The Logic of Misogyny Penguin

What would happen if women suddenly possessed a fierce new power? "The Power is our era's *The Handmaid's Tale*."  
--Ron Charles, Washington Post

She also has a pitch-dark sense of humor that she wields perfectly." --Michael Schaub, NPR In *THE POWER*, the world is a recognizable place: there's a rich Nigerian boy who

lounges around the family pool; a foster kid whose religious parents hide their true nature; an ambitious American politician; a tough London girl from a tricky family. But then a vital new force takes root and flourishes, causing their lives to converge with devastating effect. Teenage girls now have immense physical power--they can cause agonizing pain and even death. And, with this small twist of nature, the world drastically resets. From award-winning author Naomi Alderman, *THE POWER* is speculative fiction at its most ambitious and provocative, at once taking us on a thrilling journey to an alternate reality, and exposing our own world in bold and surprising ways.

*The Color Purple* Routledge

He's on Top pays homage to those

irresistible men who control their partners with a glance, a tickling whip, or a measured smack on the bottom. As true tops, the bossy hunks in these stories understand that erotic BDSM is about exulting in power that is freely

yielded. Contributors such as Amanda Earl, Mackenzie Cross, Alison Tyler, Mike Kimera, and others cover the full range of the male dom's brand of sensual sadism, from spanking and bondage to public sex and power exchange.
