NEW YORK TIMES BESTSELLER • More than 2.7 million copies sold! • “A deeply spiritual book [that] honors what is tough, smart and untamed in women.”—The Washington Post Book World Book club pick for Emma Watson’s Our Shared Shelf Within every woman there lives a powerful force, filled with

good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society’s attempt to “civilize” us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women

reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

Includes 3 brand new essays on Gale, the Games, and Mockingjay! **Already read the first edition of *The Girl Who Was on Fire*? Look for *The Girl Who Was on Fire - Booster Pack* to get just the three new essays and the extra movie

content.** Katniss Everdeen's adventures may have come to an end, but her story continues to blaze in the hearts of millions worldwide. In *The Girl Who Was on Fire - Movie Edition*, sixteen YA authors take you back to the world of the Hunger Games with moving, dark, and funny pieces on Katniss, the Games, Gale and Peeta, reality TV, survival, and more. From the trilogy's darker themes of violence and social control to fashion and weaponry, the collection's exploration of the Hunger Games reveals exactly how rich, and how perilous, Panem, and the series, really is. • How does the way the Games affect the brain explain Haymitch's drinking, Annie's distraction, and Wiress' speech problems? • What does the rebellion have in common with the War on Terror?

• Why isn't the answer to "Peeta or Gale?" as interesting as the question itself? • What should Panem have learned from the fates of other hedonistic societies throughout history—and what can we?

readers of Angie Thomas and Tommy Orange. Eighteen-year-old Daunis Fontaine has never quite fit in, both in her hometown and on the nearby Ojibwe reservation. She dreams of a fresh start at college, but when family tragedy strikes, Daunis puts her future on hold to look after her fragile mother. The only bright spot is meeting Jamie, the charming new recruit on her brother Levi's hockey team. Yet even as Daunis falls for Jamie, she senses the dashing hockey star is hiding something. Everything comes to light when Daunis witnesses a shocking murder, thrusting her into an FBI investigation of a lethal new drug. Reluctantly, Daunis agrees to go undercover, drawing on her knowledge of chemistry and Ojibwe traditional medicine to track down the

source. But the search for truth is more complicated than Daunis imagined, exposing secrets and old scars. At the same time, she grows concerned with an investigation that seems more focused on punishing the offenders than protecting the victims. Now, as the deceptions—and deaths—keep growing, Daunis must learn what it means to be a strong Anishinaabe kwe (Ojibwe woman) and how far she'll go for her community, even if it tears apart the only world she's ever known.

Nonfiction titles for the year BookRiot's "50 Must-Read Poetry Collections" Most Anticipated Books of the Year--The Rumpus, Nylon A revelatory work in the tradition of Claudia Rankine's Citizen, DaMaris Hill's searing and powerful narrative-in-verse bears witness to American women of color burdened by incarceration. "It is costly to stay free and appear / sane." From Harriet Tubman to Assata Shakur, Ida B. Wells to Sandra Bland and Black Lives Matter, black women freedom fighters have braved violence, scorn, despair, and isolation in order to lodge their protests. In *A Bound Woman Is a Dangerous Thing*, DaMaris Hill honors their experiences with at times harrowing, at times hopeful responses to her heroes, illustrated with black-and-white

photographs throughout. For black American women, the experience of being bound has taken many forms: from the bondage of slavery to the Reconstruction-era criminalization of women; from the brutal constraints of Jim Crow to our own era's prison industrial complex, where between 1980 and 2014, the number of incarcerated women increased by 700%.* For those women who lived and died resisting the dehumanization of confinement--physical, social, intellectual--the threat of being bound was real, constant, and lethal. In *A Bound Woman Is a Dangerous Thing*, Hill presents bitter, unflinching history that artfully captures the personas of these captivating, bound yet unbridled African-American women. Hill's passionate odes to Zora Neale

Hurston, Lucille Clifton, Fannie Lou Hamer, Grace Jones, Eartha Kitt, and others also celebrate the modern-day inheritors of their load and light, binding history, author, and reader in an essential legacy of struggle. *The Sentencing Project

The nation's premier communications expert shares his wisdom on how the words we choose can change the course of business, of politics, and of life in this country In *Words That Work*, Luntz offers a behind-the-scenes look at how the tactical use of words and phrases affects what we buy, who we vote for, and even what we believe in. With chapters like "The Ten Rules of Successful Communication" and "The 21 Words and

Phrases for the 21st Century," he examines how choosing the right words is essential. Nobody is in a better position to explain than Frank Luntz: He has used his knowledge of words to help more than two dozen Fortune 500 companies grow. Hell tell us why Rupert Murdoch's six-billion-dollar decision to buy DirectTV was smart because satellite was more cutting edge than "digital cable," and why pharmaceutical companies transitioned their message from "treatment" to "prevention" and "wellness." If you ever wanted to learn how to talk your way out of a traffic ticket or talk your way into a raise, this book's for you.

Moral Politics St. Martin's Griffin

A Tor.com Reviewers' Choice Best Book of the Year Sparks fly in this enchanting fantasy novel from the author of *Unnatural Magic* when a down-and-out

fire witch and a young gentlewoman join forces against a deadly conspiracy. Dellaria Wells, petty con artist, occasional thief, and partly educated fire witch, is behind on her rent in the city of Leiscourt—again. Then she sees the "wanted" sign, seeking Female Persons, of Martial or Magical ability, to guard a Lady of some Importance, prior to the celebration of her Marriage. Delly fast-talks her way into the job and joins a team of highly peculiar women tasked with protecting their wealthy charge from unknown assassins. Delly quickly sets her sights on one of her companions, the confident and well-bred Winn Cynallum. The job looks like nothing but romance and easy money until things take a deadly (and undead) turn. With the help of a bird-loving

necromancer, a shapeshifting schoolgirl, and an ill-tempered reanimated mouse named Buttons, Delly and Winn are determined to get the best of an adversary who wields a twisted magic and has friends in the highest of places. *The Radium Girls* Simon and Schuster THE NEW YORK TIMES BESTSELLER “A mesmerizing new historical novel” (O, The Oprah Magazine) from Lisa See, the bestselling author of *The Tea Girl of Hummingbird Lane*, about female friendship and devastating family secrets on a small Korean island. Mi-ja and Young-sook, two girls living on the Korean island of Jeju, are best friends who come from very different backgrounds. When they are old enough, they begin working in the sea with their village’s all-female diving collective, led

by Young-sook’s mother. As the girls take up their positions as baby divers, they know they are beginning a life of excitement and responsibility—but also danger. Despite their love for each other, Mi-ja and Young-sook find it impossible to ignore their differences. *The Island of Sea Women* takes place over many decades, beginning during a period of Japanese colonialism in the 1930s and 1940s, followed by World War II, the Korean War, through the era of cell phones and wet suits for the women divers. Throughout this time, the residents of Jeju find themselves caught between warring empires. Mi-ja is the daughter of a Japanese collaborator. Young-sook was born into a long line of haenyeo and will inherit her mother’s position leading the divers in their

village. Little do the two friends know that forces outside their control will push their friendship to the breaking point. "This vivid...thoughtful and empathetic" novel (The New York Times Book Review) illuminates a world turned upside down, one where the women are in charge and the men take care of the children. "A wonderful ode to a truly singular group of women" (Publishers Weekly), The Island of Sea Women is a "beautiful story...about the endurance of friendship when it's pushed to its limits, and you...will love it" (Cosmopolitan).

In preparing a book of etiquette for ladies, I would lay down as the first rule, "Do unto others as you would others

should do to you." You can never be rude if you bear the rule always in mind, for what lady likes to be treated rudely? True Christian politeness will always be the result of an unselfish regard for the feelings of others, and though you may err in the ceremonious points of etiquette, you will never be impolite. Politeness, founded upon such a rule, becomes the expression, in graceful manner, of social virtues. The spirit of politeness consists in a certain attention to forms and ceremonies, which are meant both to please others and ourselves, and to make others pleased with us; a still clearer definition may be given by saying that politeness is goodness of heart put into daily practice; there can be no true politeness without kindness, purity, singleness of

heart, and sensibility.

Girls of Paper and Fire Little, Brown Books for Young Readers

The landmark, prize-winning, international bestselling examination of how a gender gap in data perpetuates bias and disadvantages women. #1 International Bestseller * Winner of the Financial Times and McKinsey Business Book of the Year Award * Winner of the Royal Society Science Book Prize Data is fundamental to the modern world. From economic development to health care to education and public policy, we rely on numbers to allocate resources and make crucial decisions. But because so much data fails to take into account gender, because it treats men as the default and women as atypical, bias and discrimination are baked into our

systems. And women pay tremendous costs for this insidious bias: in time, in money, and often with their lives. Celebrated feminist advocate Caroline Criado Perez investigates this shocking root cause of gender inequality in *Invisible Women*. Examining the home, the workplace, the public square, the doctor's office, and more, Criado Perez unearths a dangerous pattern in data and its consequences on women's lives. Product designers use a "one-size-fits-all" approach to everything from pianos to cell phones to voice recognition software, when in fact this approach is designed to fit men. Cities prioritize men's needs when designing public transportation, roads, and even snow removal, neglecting to consider women's safety or unique responsibilities and

travel patterns. And in medical research, women have largely been excluded from studies and textbooks, leaving them chronically misunderstood, mistreated, and misdiagnosed. Built on hundreds of studies in the United States, in the United Kingdom, and around the world, and written with energy, wit, and sparkling intelligence, this is a groundbreaking, highly readable exposé that will change the way you look at the world.

Cognitive Linguistics argues that language is governed by general cognitive principles, rather than by a special-purpose language module. This introductory textbook surveys the field of cognitive linguistics as a distinct area

of study, presenting its theoretical foundations and the arguments supporting it. Clearly organised and accessibly written, it provides a useful introduction to the relationship between language and cognitive processing in the human brain. It covers the main topics likely to be encountered in a course or seminar, and provides a synthesis of study and research in this fast-growing field of linguistics. The authors begin by explaining the conceptual structures and cognitive processes governing linguistic representation and behaviour, and go on to explore cognitive approaches to lexical semantics, as well as syntactic representation and analysis, focusing on the closely related frameworks of cognitive grammar and construction grammar. This much-needed

introduction will be welcomed by students in linguistics and cognitive science.

A rich, nuanced exploration of women's anger from a diverse group of writers. Women are furious, and we're not keeping it to ourselves any longer. We're expected to be composed and compliant, but in a world that would strip us of our rights, disparage our contributions, and deny us a seat at the table of authority, we're no longer willing to quietly seethe behind tight smiles. We're ready to burn it all down. In this ferocious collection of essays, twenty-two writers explore how anger has shaped their lives: author of the New York Times bestseller *The Empathy Exams* Leslie Jamison confesses that she

used to insist she wasn't angry -- until she learned that she was; Melissa Febos, author of the Lambda Literary Award-winning memoir *Abandon Me*, writes about how she discovered that anger can be an instrument of power; editor-in-chief of *Bitch Media* Evette Dionne dismantles the "angry Black woman" stereotype; and more. Broad-ranging and cathartic, *Burn It Down* is essential reading for any woman who has scorched with rage -- and is ready to claim her right to express it.

The List of Unspeakable Fears Penguin Named one of 2021's Most Anticipated Historical Novels by Oprah Magazine • *Cosmopolitan* • and more! Nearly two hundred condemned women board a transport ship bound for Australia. One of them is a murderer. From debut

author Hope Adams comes a thrilling novel based on the 1841 voyage of the convict ship *Rajah*, about confinement, hope, and the terrible things we do to survive. London, 1841. One hundred eighty Englishwomen file aboard the *Rajah*, embarking on a three-month voyage to the other side of the world. They're daughters, sisters, mothers—and convicts. Transported for petty crimes. Except one of them has a deadly secret, and will do anything to flee justice. As the *Rajah* sails farther from land, the women forge a tenuous kinship. Until, in the middle of the cold and unforgiving sea, a young mother is mortally wounded, and the hunt is on for the assailant before he or she strikes again. Each woman called in for question has something to fear: Will she be attacked

next? Will she be believed? Because far from land, there is nowhere to flee, and how can you prove innocence when you've already been found guilty?

Cognitive Linguistics: Basic Readings
Ember

The War That Saved My Life meets Coraline in this “deliciously creepy” (Publishers Weekly, starred review) middle grade historical novel following an anxious young girl learning to face her fears—and her ghosts—against the backdrop of the typhoid epidemic. Essie O'Neill is afraid of everything. She's afraid of cats and electric lights. She's afraid of the silver sick bell, a family heirloom that brings up frightening memories. Most of all, she's afraid of the red door in her nightmares. But soon Essie discovers so much more to fear.

Her mother has remarried, and they must move from their dilapidated tenement in the Bronx to North Brother Island, a dreary place in the East River. That's where Essie's new stepfather runs a quarantine hospital for the incurable sick, including the infamous Typhoid Mary. Essie knows the island is plagued with tragedy. Years ago, she watched in horror as the ship General Slocum caught fire and sank near its shores, plummeting one thousand women and children to their deaths. Now, something on the island is haunting Essie. And the red door from her dreams has become a reality, just down the hall from her bedroom in her terrifying new house. Convinced her stepfather is up to no good, Essie investigates. Yet to uncover the truth, she will have to face her own

painful history—and what lies behind the red door.

The Book of Women Walter de Gruyter
 “One of the best novelists around, period.” —Washington Post “Lippman has enriched literature as a whole.
 —Chicago Sun-Times One of the most acclaimed novelists in America today, Laura Lippman has greatly expanded the boundaries of mystery fiction and psychological suspense with her Tess Monaghan p.i. series and her New York Times bestselling standalone novels (What the Dead Know, Life Sentences, I'd Know You Anywhere, etc.). With *The Most Dangerous Thing*, the multiple award winning author—recipient of the Anthony, Edgar®, Shamus, and Agatha Awards, to name but a few—once again demonstrates how storytelling is done to

perfection. Set once again in the well-wrought environs of Lippman's beloved Baltimore, it is the shadowy tale of a group of onetime friends forced to confront a dark past they've each tried to bury following the death of one of their number. Rich in the compassion and insight into flawed human nature that has become a Lippman trademark while telling an absolutely gripping story, *The Most Dangerous Thing* will not be confined by genre restrictions, reaching out instead to captive a wide, diverse audience, from Harlan Coben and Kate Atkinson fans to readers of Jodi Picoult and Kathryn Stockett.

Sexual Solipsism Abrams

For many young women, the 1920s felt like a promise of liberty. It was a period when they dared to shorten their skirts

and shingle their hair, to smoke, drink, take drugs and to claim sexual freedoms. In an era of soaring stock markets, consumer expansion, urbanization and fast travel, women were reimagining both the small detail and the large ambitions of their lives. In *Flappers*, acclaimed biographer Judith Mackrell follows a group of six women - Diana Cooper, Nancy Cunard, Tallulah Bankhead, Zelda Fitzgerald, Josephine Baker and Tamara de Lempicka - who, between them, exemplified the range and daring of that generation's spirit. For them, the pursuit of experience was not just about dancing the Charleston and wearing fashionable clothes. They made themselves prominent among the artists, icons, and heroines of their age, pursuing experience in ways that their

mothers could never have imagined, seeking to define what it was to be young and a woman in an age where the smashing of old certainties had thrown the world wide open. Talented, reckless and wilful, with personalities that transcended their class and background, they re-wrote their destinies in remarkable, entertaining and sometimes tragic ways. And between them they blazed the trail of the New Woman around the world.

Fact: More people are killed annually by teddy bears than by grizzly bears. Fact: Each year, thousands of couch potatoes are admitted to emergency rooms for television-related injuries. Fact: There are more germs on your desk than there

are on your toilet. Forget about lions, tigers, and sharks--in a world where vacuum cleaners are more dangerous than venomous spiders, and household cleaner is more deadly than anthrax, it pays to know the risks of daily living--and how to avoid them. In this witty and wonderfully practical guide, Laura Lee reveals the "100 Most Dangerous Things in Everyday Life and What You Can Do About Them. From rubber bands and paper clips to wading pools and holy water, readers will learn: - The probability of encountering each threat - How to determine the magnitude of danger - Expert advice on how best to minimize the hazard - Statistics on how many people have met their demise as a result of these risks Equipped with this" worst-case scenario guide to armchair

misadventures, alarmists, hypochondriacs, paranoids, and skeptics alike will be prepared for anything that comes their way--at home, at work, or at play.

Rae Langton here draws together her ground-breaking and contentious work on pornography and objectification. She shows how women come to be objectified and she argues for the controversial feminist conclusions that pornography subordinates and silences women, and women have rights against pornography.

The ALL NEW Don't Think of an Elephant!
MIT Press

An updated third edition of the modern classic that applies cognitive science to

the world of politics—to explain how our unconscious views shape our votes. When *Moral Politics* was first published, it redefined how Americans think and talk about politics through the lens of cognitive political psychology. Today, George Lakoff's classic text has become all the more relevant, as liberals and conservatives have come to hold even more vigorously opposed views of the world, with the underlying assumptions of their respective worldviews at the level of basic morality. Even more so than when Lakoff wrote, liberals and conservatives simply have very different, deeply held beliefs about what is right and wrong. Lakoff reveals radically different but remarkably consistent conceptions of morality on both the left and right. Moral worldviews, like most

deep ways of understanding the world, are unconscious—part of our hard-wired brain circuitry. When confronted with facts that don't fit our moral worldview, our brains work automatically and unconsciously to ignore or reject these facts, and it takes extraordinary openness and awareness of this phenomenon to pay critical attention to the countless facts we're presented with each day. For this edition, Lakoff has added a new preface and afterword, extending his observations to various ideological conflicts since the book's original publication, from the Affordable Care Act to the Iraq and Afghanistan wars, the 2008 financial crisis, and the effects of global warming. One might have hoped such massive changes and

challenges would bring people together, but the reverse has actually happened; the divide between liberals and conservatives has become stronger and more virulent. To have any hope of bringing mutual respect to the current social and political divide, we need to clearly understand the problem and make it part of our contemporary public discourse. *Moral Politics* offers a much-needed wake-up call to both the left and the right. "An intelligent take on the way politics is conducted in America."
—Publishers Weekly "That conservatives and liberals see the world differently comes as no news to most, but Lakoff's look into just why that should be so makes for interesting reading." —Kirkus Reviews
