[Integrated Reference Corpora for Spoken Romance Languages](#) Routledge

Does gender condition politicians' discourse strategies in parliament? This is the question we try to answer in *A Gender-based Approach to Parliamentary Discourse: The Andalusian Parliament*. This book, written by experts in the field of discourse analysis, covers key aspects of political discourse such as gender, identity and verbal and nonverbal strategies: intensification, enumerative series, non-literal quotations, pseudo-desemantisation, lexical colloquialisation, emotion, eye contact and time management. It provides a large number of examples from a balanced gender parliament, the Andalusian Parliament, and it focuses mainly on argumentation, since parliamentary discourse is above all argumentative. This book will prove invaluable to students and teachers in the field of discourse analysis, and more specifically of political discourse, and will also be very useful to politicians and anyone interested in communication strategies. As of January 2019, this e-book is freely available, thanks to the support of libraries working with Knowledge Unlatched.

Digital Discourse Routledge

Offering an interdisciplinary approach, *The Handbook of Classroom Discourse and Interaction* presents a series of contributions written by educators and applied linguists that explores the latest research methodologies and theories related to classroom language. • Organized to facilitate a critical understanding of how and why various research traditions differ and how they overlap theoretically and methodologically • Discusses key issues in the future development of research in critical areas of education and applied linguistics • Provides empirically-based analysis of classroom talk to illustrate theoretical claims and methodologies • Includes multimodal transcripts, an emerging trend in education and applied linguistics, particularly in conversation analysis and sociocultural theory

Cyberpragmatics Walter de Gruyter GmbH & Co KG

A state-of-the-art collection of works on institutional discourse across the Spanish-speaking world. This volume focuses on how language is used in the media, politics and the workplace; what discursive identities are constructed; and how interpersonal relations are negotiated.

Exito Commercial Cambridge Scholars Publishing

Mobile phones have become an integral part of society, as their convenience has helped democratize and revolutionize communication and the marketplace of ideas. Because of their ubiquity in higher education, undergraduate classrooms have begun to utilize smartphones and tablets as tools for learning. *The Handbook of Research on Mobile Devices and Applications in Higher Education Settings* explores and fosters new perspectives on the use of mobile applications in a classroom context. This timely publication will demonstrate the challenges that universities face when introducing new technologies to students and instructors, as well as the rewards of doing so in a thoughtful manner. This book is meant to present the latest research and become a source of inspiration for educators, administrators, researchers, app developers, and students of education and technology.

Pragmática del español Oxford University Press

The Manual presents the state of the art of the research about discourse and communication within the Romance languages. It offers introductory articles which explain in a simple and clear way the current research topics of a broad variety of disciplines like Linguistics, Pragmatics, Discourse Analysis, Communication Theory, Text Linguistics and Philology. The authors of the Manual collectively explain complex theoretical problems concerning communication and discourse, and texts as its products. The contrastive descriptions contain examples in different Romance languages which show the outreach of the theoretical approaches and address a public with interests in a variety of disciplines and languages. Furthermore, it shows possibilities of application and transfer of the research about communication in different professional contexts.

C-ORAL-ROM Walter de Gruyter GmbH & Co KG

This book addresses contemporary discourses on a wide variety of topics related to the ideological and epistemological changes of the 19th, 20th and 21st centuries, and the ways in which they have shaped the Spanish language and cultural manifestations in both Spain and Hispanic America. The majority of the chapters are concerned with 'otherness' in its various dimensions; the alien Other - foreign, immigrant, ethnically different, disempowered, female or minor - as well as the Other of different sexual orientation and/or ideology. Following Octavio Paz, otherness is expressed as the attempt to find the lost object of desire, the frustrating endeavour of the androgynous Plato wishing to embrace the other half of Zeus, who in his wrath, tore off from him. Otherness compels human beings to search for the complement from which they were severed. Thus a male joins a female, his other half, the only half that not only fills him but which allows him to return to the unity and reconciliation which is restored in its own perfection, formerly altered by divine will. As a result of this transformation, one can annul the distance that keeps us away from that which, not being our own, turns into a source of anguish. The clashing diversity of all things requires the human predisposition to accept that which is different. Such a predisposition is an expression of epistemological, ethical and political aperture. The disposition to co-exist with the different is imagined in the de-anthropocentricization of the bonds with all living realms. And otherness is, in some way, the reflection of sameness (mismidad). The other is closely related to the self, because the vision of the other implies a reflection about the self; it implies, consciously or not, a relationship with the self. These topics are addressed in this book from an interdisciplinary perspective, encompassing arts, humanities and social sciences.

A corpus study of spoken French, Italian and Spanish John Benjamins Publishing

Volume 2 of *A Comparative History of Literatures in the Iberian Peninsula* brings to an end this collective work that aims at surveying the network of interliterary relations in the Iberian Peninsula. No attempt at such a comparative history of literatures in the Iberian Peninsula has been made until now. In this volume, the focus is placed on images (Section 1), genres (Section 2), forms of mediation (Section 3), and cultural studies and literary repertoires (Section 4). To these four sections an epilogue is added, in which specialists in literatures in the Iberian Peninsula, as well as in the (sub)disciplines of comparative history and comparative literary history, search for links between Volumes 1 and 2 from the point of view of general contributions to the field of Iberian comparative studies, and assess the entire project that now reaches completion with contributions from almost one hundred scholars.

Walter de Gruyter GmbH & Co KG

This text brings together the work of 15 elementary education experts who support an integrative approach to educating second language children. The paperback edition is a collection of articles from fourteen elementary education experts who espouse an integrative approach to second language education - one that goes beyond language teaching methodology - to cover a wide range of issues affecting the academic and social success of language minority children. The volume deals not only with second language development, but with the development of the whole child. Rather than focusing on language instruction, it addresses the entire curriculum, and instead of restricting itself to classroom learning, it examines the role of the school, family, and community.

Language in an Online and Mobile World Routledge

Text-based interaction among humans connected via computer networks, such as takes place via email and in synchronous modes such as chat, MUDs and MOOs, has attracted considerable popular and scholarly attention. This collection of 14 articles on text-based computer-mediated communication (CMC), is the first to bring empirical evidence from a variety of disciplinary perspectives to bear on questions raised by the new medium. The first section, linguistic perspectives, addresses the question of how CMC compares with speaking and writing, and describes its unique structural characteristics. Section two, on social and ethical perspectives, explores conflicts between the interests of groups and those of individual users, including issues of

online sex and sexism. In the third section, cross-cultural perspectives, the advantages and risks of using CMC to communicate across cultures are examined in three studies involving users in East Asia, Mexico, and students of ethnically diverse backgrounds in remedial writing classes in the United States. The final section deals with the effects of CMC on group interaction: in a women's studies mailing list, a hierarchically-organized workplace, and a public protest on the Internet against corporate interests.

[Always On](#) Bloomsbury Publishing

Pragmática del español introduces the central topics in pragmatics and discourse from a sociolinguistic perspective. Pragmatic variation is addressed within each topic, with examples from different varieties of Spanish spoken in Latin America, Spain and the United States. A companion website provides additional exercises and a corpus of Spanish data for student research projects. A sample syllabus and suggestions for further reading help instructors tailor the material to a one-semester course or as a supplement to general introduction to Hispanic linguistics courses. This is an ideal resource for advanced undergraduate and postgraduate students, at level B2 - C2 of the Common European Framework for Languages, and Intermediate High - Advanced High on the ACTFL proficiency scales.

Manual of Standardization in the Romance Languages Palgrave Macmillan

Language standardization is an ongoing process based on the notions of linguistic correctness and models. This manual contains thirty-six chapters that deal with the theories of linguistic norms and give a comprehensive up-to-date description and analysis of the standardization processes in the Romance languages. The first section presents the essential approaches to the concept of linguistic norm ranging from antiquity to the present, and includes individual chapters on the notion of linguistic norms and correctness in classical grammar and rhetoric, in the Prague School, in the linguistic theory of Eugenio Coseriu, in sociolinguistics as well as in pragmatics, cognitive and discourse linguistics. The second section focuses on the application of these notions with respect to the Romance languages. It examines in detail the normative grammar and the normative dictionary as the reference tools for language codification and modernization of those languages that have a long and well-established written tradition, i.e. Romanian, Italian, French, Catalan, Spanish, and Portuguese. Furthermore, the volume offers a discussion of the key issues regarding the standardization of the 'minor' Romance languages as well as Creoles.

[A Comparative History of Literatures in the Iberian Peninsula](#) Cambridge University Press

The *Enciclopedia de Lingüística Hispánica* provides comprehensive coverage of the major and subsidiary fields of Spanish linguistics. Entries are extensively cross-referenced and arranged alphabetically within three main sections: Part 1 covers linguistic disciplines, approaches and methodologies. Part 2 brings together the grammar of Spanish, including subsections on phonology, morphology, syntax and semantics. Part 3 brings together the historical, social and geographical factors in the evolution of Spanish. Drawing on the expertise of a wide range of contributors from across the Spanish-speaking world the *Enciclopedia de Lingüística Hispánica* is an indispensable reference for undergraduate and postgraduate students of Spanish, and for anyone with an academic or professional interest in the Spanish language/Spanish linguistics.

[Language and Situation](#) Servidores de la Palabra

Cyberpragmatics is an analysis of Internet-mediated communication from the perspective of cognitive pragmatics. It addresses a whole range of interactions that can be found on the Net: the web page, chat rooms, instant messaging, social networking sites, 3D virtual worlds, blogs, videoconference, e-mail, Twitter, etc. Of special interest is the role of intentions and the quality of interpretations when these Internet-mediated interactions take place, which is often affected by the textual properties of the medium. The book also analyses the pragmatic implications of transferring offline discourses (e.g. printed paper, advertisements) to the screen-framed space of the Net. And although the main framework is cognitive pragmatics, the book also draws from other theories and models in order to build up a better picture of what really happens when people communicate on the Net. This book will interest analysts doing research on computer-mediated communication, university students and researchers undergoing post-graduate courses or writing a PhD thesis. Now Open Access as part of the Knowledge Unlatched 2017 Backlist Collection.

Educating Second Language Children Cambridge University Press

Linguists routinely emphasise the primacy of speech over writing. Yet, most linguists have analysed spoken language, as well as language in general, applying theories and methods that are best suited for written language. Accordingly, there is an extensive 'written language bias' in traditional and present day linguistics and other language sciences. In this book, this point is argued with rich and convincing evidence from virtually all fields of linguistics.

Manual of Deixis in Romance Languages John Benjamins Publishing Company

Written in readable, vivid, non-technical prose, this book, first published in 2007, presents the highly respected scholarly research that forms the foundation for Deborah Tannen's best-selling books about the role of language in human relationships. It provides a clear framework for understanding how ordinary conversation works to create meaning and establish relationships. A significant theoretical and methodological contribution to both linguistic and literary analysis, it uses transcripts of tape-recorded conversation to demonstrate that everyday conversation is made of features that are associated with literary discourse: repetition, dialogue, and details that create imagery. This second edition features a new introduction in which the author shows the relationship between this groundbreaking work and the research that has appeared since its original publication in 1989. In particular, she shows its relevance to the contemporary topic 'intertextuality', and provides a useful

summary of research on that topic.

John Wiley & Sons

This Is A New Release Of The Original 1644 Edition.

Handbook of Research on Mobile Devices and Applications in Higher Education Settings IGI Global

One of the main contributions of this important book is that it offers a thorough survey of the theoretical and empirical developments that have occurred in the area of (im)politeness in the different regions of the Spanish-speaking world, gathering together overviews by distinguished scholars. Additionally, the book advances the field with new empirical research on linguistic (im)politeness, and silence and (im)politeness, in a range of (non)institutional contexts, as well as new perspectives for the study of (im)politeness. A closing chapter by the editors provides an assessment of salient trends in the area and directions for future research. Research on Politeness in the Spanish-Speaking World is essential reading for students in Spanish pragmatics and Spanish linguistics, sociolinguistics, and discourse analysis. The volume is also very useful to English-speaking scholars in the general field of pragmatics who are not proficient in Spanish but require access to these empirical studies.

Manual de lingüística del hablar John Benjamins Publishing

This volume assembles eleven articles addressing current concerns in discourse studies from an empirical perspective. Engaging with highly topical issues, they indicate the potential of an approach to the construction of discourse via corpus-based analysis, experimentation, or combined methodologies. The subject matters of the contributions, delivered by renowned scholars and dealing with either one or several languages, range from mechanisms through which information structure, connection and discourse organization are realized, to prosody as a determinant of hierarchy and specific functions of discourse markers, as well as innovative tools for visualizing discourse structure. The resulting volume addresses scholars working in a variety of topics, who either wish to incorporate empirical methods to their research or whose work is already empirically oriented and wish to gain insight into empirical evidence on state-of-the-art discursive phenomena.

The bigger the mistake, the bigger the temptation... When Nadia Kinsella meets Jay Tiernan, she's tempted. Of course she is. Stranded together while a snowstorm rages outside ... who would ever know? But Nadia's already been together with Laurie for years-they're practically childhood sweethearts. Okay, so maybe she doesn't get to see much of him these days , but she can't betray him. When Laurie dumps her to move to America to pursue his modeling career, Nadia runs into Jay again and the sparks from their first encounter are still there. But just as their budding relationship is about to take off, Laurie returns and he wants Nadia back. Stuck between a rock and a hard place (or two gorgeous guys), let's just hope that Nadia really does know best... British chick lit and a great romantic book, Nadia Knows Best has a wonderful cast of supporting characters and plenty of fun. Fans of Meg Cabot, Sophie Kinsella and Love Actually will be rooting for Nadia to find her happily ever after. What readers are saying about Nadia Knows Best: "fun, fast, lovely" "family shenanigans, tough issues, difficult exes and A LOVELY ROMANCE" "an awesome author and a true romantic!" "Loved all the characters and the interweaving story lines." "If I had to use one word to describe Nadia Knows Best it would be DELIGHTFUL." "I have read this book countless times and never tire of the story or humour." "English wit and humour!" "humorous, slightly sarcastic, and very entertaining to read." "I really admire the British women depicted in Mansell's books, they are strong and independent." "Grab this book and RUN to the beach! It will keep you entertained for hours." What reviewers are saying about Nadia Knows Best: "Mansell's trademark wit and quirkiness is showcased in this fun chick-lit tale."—Booklist "... outstanding. 4.5/5 stars, Reviewer Top Pick!"—Night Owl Reviews "I heart Jill Mansell her books are filled with warm and funny characters whose journey to love pulls you along in its stream of warm-fuzzies and giggles."—Drey's Library "Delightfully quirky and memorable..."—Bellas Novella "Light and breezy... written with a playful sense of humor." —Nights and Weekends "Fun, flirty and entertaining."—Under the Boardwalk What everyone is saying about the queen of British chick lit, Jill Mansell: "Fans of chick lit - if you haven't read Mansell yet - what are you waiting for!?"—A Bookworm's World "Pick this up at your peril: you won't get a thing done till it's finished." — Heat magazine "A romantic romp full of larger-than-life characters."—Express "Fast, furious and fabulous fun. To read it is to devour it."—Company "Expect to run the gamut of emotions, as this book is both laugh-out-loud funny and tear-jerkingly sad. Basically, you won't put it down." —New Woman

Enciclopedia de Lingüística Hispánica Walter de Gruyter

"Current Trends in the Pragmatics of Spanish" provides the reader with a representative spectrum of current research in the most dynamic areas of the pragmatics of Spanish. It brings together a collection of academic essays written by well-established as well as emerging voices in Hispanic pragmatics. The essays include applications of pragmatic concepts to sub-fields of (Spanish) linguistics (i.e., pragmatics and grammar; pragmatics and applied linguistics; pragmatics and cross-and inter-cultural communication), studies of traditional topics in pragmatics (i.e., discourse markers, politeness, metaphor, humour) as well as a proposal to amalgamate the dominant pragmatic approaches, namely socio-pragmatics and cognitive pragmatics, into one comprehensive model. The essays in this collection represent both new theoretical and empirical research and as such they constitute a valuable contribution to the field of pragmatics in general and an essential reference to those researching the pragmatics of Spanish.
