Connor, chieftain of the MacDonalds of Sleat, holds the fate of his people in his hands. Seeking guidance, Connor turns to Ilysa, a young lass with the gift of foresight, who reveals an approaching danger-and a passion that burns only for him. But the warrior must make a powerful marriage alliance, and Ilysa's bloodline is far too humble. With her powers to heal and see evil where others cannot, beautiful Ilysa dresses plainly, speaks softly, and loves her chieftain from afar. Yet when Connor finally stokes the embers of desire that have so long burned within her, Ilysa feels bliss unlike any she's ever

London Socialite and friend of King George IV, the Duke of Strathnarn enjoys his London life is reluctant and resentful when he inherits from his hated father the title - and onerous responsibilities - of Chieftain of the Clan McNarn. Arriving bitterly angry in the highland fiefdom he fled as a youth, he's faced with a terrible dilemma. To free his young nephew and heir from the clutches of his Clan's mortal enemies, the Kilcraigs, he must marry Clola, the daughter of their fearsome Chieftain. Appalled, he complies with bad grace, but refuses even to look his young bride in the face, so certain is he that she will be coarse, uneducated and unattractive, so unlike the sophisticated beauties with whom he is wont to dally in London Society. Soon, however, a terrifying plot against the King involving a sinister poisoner and her deranged and vengeful son unfolds - and it is Clola, aided by a ghostly Grey Lady, who comes to the rescue. Only now, after so terribly misjudging and ill-treating her, does the Duke see his bride for what she is - a raven-haired, musically talented and courageous beauty. But is it too late for their marriage of convenience to be transformed by the blessing of true love?

Frances Housden returns with her best-selling, award-winning Chieftain series in this short novel about a young woman with a strong will and a sharp mind, and the man who has nothing to offer but his heart. Maggie McArthur never thought she would

meet her fate in a clash of swords. She may wield a sword more skilfully than a needle, but it was more luck than proficiency that led to her piercing Dhugal Robertson through the shoulder. Frightened she has killed her opponent, Maggie stays to give him aid and ensure he returns to Sgian House safely. She may be the Chieftain's daughter, but she is perfectly capable of playing the healer for a few days until she is sure Dhugal will survive. The tender feelings he seems to inspire is nothing more than concern. After all, no suitor has ever raised her interest, so why should a penniless warrior with no clan to call his own? Dhugal's pride should be as wounded as his shoulder from being bested by a woman at sword play, but the sight of beautiful black hair spilling from under his opponent's bonnet has not only distracted him from his injury, but intrigued him, body and soul. But his attraction is doomed from the beginning. Though he could fall heart-deep for Maggie, she is the daughter of one of Scotland's most powerful Chieftains, and Dhugal is head of a penniless, homeless clan, a clan stripped of both pride and material possessions. What father would accept the troth of such a suitor? What woman could accept the hand of a man who has nothing to offer but love?

*The Chieftain of the Vale Asterix*

It has been nearly a thousand years since the Afótama have had a chieftain, and the old Viking gods have decided it's time to return some power to the tribe's men. Harvey Lang and Oliver Gilsson have barely settled into their roles as queen's consorts when new powers awaken along with undeniable hungers. Queen Contessa now has two chieftains and twice as many problems. She's not only in the midst of using her powerful psychic abilities to track

long-missing clanspeople, but now has to contend with mercenaries targeting the Afótama's New Mexican desert home and a megalomaniac fairy queen wants to take Ollie's sons. Further, her two men seem to have forged an incendiary connection that has left her feeling cold. If Harvey, Ollie, and Tess are to be the leaders who finally return magic to their people, they must first come to terms with having power of their own. And to balance their strengths, they may have to become a true ménage instead of a sometime threesome.
