Management Psychology Press
Fundamentals of Management, 4/e, an abridged version of Management, 8/e, provides up-to-date coverage to key functional areas (planning, organizing, leading, and controlling) plus new research and examples, all in a brief format. From respected author Ricky Griffin, this skills-based text gives instructors the flexibility to integrate their own cases, exercises, and projects while continuing to provide them with a strong theoretical framework. New! Each chapter also contains either a Technology Toolkit, Business of Ethics, or Today's Management Issues boxed

feature. These are intended to briefly depart from the flow of the chapter to highlight or extend especially interesting or emerging points and issues relating to new technology and its role in management or ethical issues and questions facing managers today. New! Test Preppers, located at the end of every chapter, prompt students with true/false and multiple-choice quizzes to gauge their retention and comprehension of chapter material. The answers are found at the end of the text. New! HM e-Study Student CD-ROM is carefully tailored to supplement and enhance the content of the text, including ACE self-tests, selected videos, chapter outlines, company web links, a glossary, flashcards, learning objectives, ready notes, self-assessment exercises, and chapter summaries. The CD-ROM is free with the text. Knowledgebank Icon in the text refers students to the new Knowledgebank feature on the HM e-Study CD. Here they can find additional information about particular topics in the text. It can also be used to find further management knowledge or for a research project, and it can be found only on HM e-Study CD ROM. Building Management Skills exercises appear throughout the text and are organized around the set of basic management skills introduced in Chapter 1. The Skills Self-Assessment Instrument helps readers learn something about their own approach to management. Finally, an Experiential Exercise provides additional action-oriented learning opportunities, usually for group settings. Pedagogical features that support learning are features throughout the text. In addition to the

end-of-the-chapter exercises, every chapter includes important learning objectives, a chapter outline, an opening incident, boldface key terms, a summary of key points, questions for review, questions for analysis, and an end-of-the-chapter case with questions. Eduspace, a flexible, powerful, and customizable e-learning platform, provides instructors with text-specific online courses and content for Management, 4/e, Eduspace permits the instructor to create part or all of their course online using the widely recognized tools of Blackboard and quality text-specific content of Houghton Mifflin (HMcO). In this provocative book, leadership experts and authors of the best-selling *The Leadership Challenge*, Jim Kouzes and Barry Posner take on a unique challenge and explore the question of leadership and legacy. Kouzes and Posner examine in twenty-two chapters the critical questions all leaders must ask themselves in order to leave a lasting impact. These powerful essays are grouped into four categories: Significance, Relationships, Aspirations, and Courage. In each essay the authors consider a thorny and often ambiguous issue with which today's leaders must grapple issues—such as how leaders serve and sacrifice, why leaders need loving critics, why leaders should want to be liked, why leaders can't take trust for granted, why it's not just the leader's vision, why failure is always an option, why it takes courage to "make a life," how to liberate the leader in everyone, and ultimately, how the legacy you leave is the life you lead.
