Robert Louis Stevenson originally wrote "Dr. Jekyll And Mr Hyde" as a "chilling shocker." He then burned the draft and, upon his wife's advice, rewrote it as the darkly complex tale it is today. Stark, skillfully woven, this fascinating novel explores the curious turnings of human character through the strange case of Dr. Jekyll, a kindly scientist who by night takes on his stunted evil self, Mr. Hyde. Anticipating modern psychology, "Jekyll And Hyde" is a brilliantly original study of man's dual nature -- as well as an immortal tale of suspense and terror. Published in 1866, "Jekyll And Hyde" was an instant success and brought Stevenson his first taste of fame. Though sometimes dismissed as a mere mystery story, the book has evoked much literary admirations. Vladimir Nabokov likened it

to "Madame Bovary" and "Dead Souls" as "a fable that lies nearer to poetry than to ordinary prose fiction." "From the Paperback edition."

Strange Case of Dr. Jekyll and Mr. Hyde - Robert Annotated Rockport Publishers

In this disturbing tale, Stevenson weaves a story of a dual personality: the generous physician, Dr. Jekyll, and the demonic Mr. Hyde. This great psychological novel prefigures the modern detective story and probes the darkest side of human nature. Written before Freudian theory gained popularity, it is perceptive in its description of a personality's inner war.

The novella's impact is such that it has become a part of the language, with the very phrase "Jekyll and Hyde" coming to mean a person who is vastly different in moral character from one situation to the next. John Utterson, a prosecutor, is on his weekly walk with his relative, who proceeds to tell him of an encounter with a man he had seen some months ago while coming home late at night from Cavendish Place. The tale describes a sinister figure named Edward Hyde who tramples a young girl, disappears into a door on the street, and re-emerges to pay off her relatives with 10 pounds in

gold and a cheque signed by respectable gentleman Dr. Henry Jekyll (a client and friend of Utterson's) for 90 pounds. Jekyll had recently and suddenly changed his will to make Hyde the sole beneficiary. This development concerns and disturbs Utterson, who makes an effort to seek out Hyde. Utterson fears that Hyde is blackmailing Jekyll for his money. Upon finally managing to encounter Hyde, Hyde's ugliness, as if deformed, amazes Utterson. Although Utterson cannot say exactly how or why, Hyde provokes an instinctive feeling of revulsion in him. Much to Utterson's surprise, Hyde willingly offers Utterson his address. After one of Jekyll's dinner parties, Utterson stays behind to discuss the matter of Hyde with Jekyll. Utterson notices Jekyll turning pale, yet he

assures Utterson that everything involving Hyde is in order and that he is to be left alone. A year passes uneventfully. One night, a servant girl witnesses Hyde beat a man to death with a heavy cane. The victim was MP Sir Danvers Carew, who was also Utterson's client. The police, who suspect Hyde, contact Utterson. He leads the officers to Hyde's apartment, feeling a sense of foreboding amid the eerie weather (the morning is dark and wreathed in fog). When they arrive at the apartment, the murderer has vanished, but they find half of the cane (described as being made of a strong wood but broken due to the beating) left behind a door. It is revealed to have been given to Jekyll by Utterson. Shortly thereafter, Utterson again visits Jekyll, who now claims to

have ended all relations with Hyde. Jekyll shows Utterson a note, allegedly written to Jekyll by Hyde, apologizing for the trouble that he has caused him and saying goodbye. That night, however, Utterson's clerk points out that Hyde's handwriting bears a remarkable similarity to Jekyll's own. For a few months, Jekyll reverts to his former friendly and sociable manner, as if a weight has been lifted from his shoulders. Later, Jekyll suddenly starts refusing visitors, and Dr. Hastie Lanyon, a mutual acquaintance of Jekyll and Utterson, dies suddenly of shock after receiving information relating to Jekyll. Before his death, Lanyon gives Utterson a letter, with instructions that he should only open it after Jekyll's death or his disappearance.
