How Shakespeare Changed Everything Edizioni Gribaudo

Did you know the name Jessica was first used in *The Merchant of Venice*? Or that Freud's idea of a healthy sex life came from Shakespeare? Nearly four hundred years after his death, Shakespeare permeates our everyday lives: from the words we speak to the teenage heartthrobs we worship to the political rhetoric spewed by the twenty-four-hour news cycle. In the pages of this wickedly clever little book, Esquire columnist Stephen Marche uncovers the hidden influence of Shakespeare in our culture, including these fascinating tidbits: Shakespeare coined over 1,700 words, including hobnob, glow, lackluster, and dawn. Paul Robeson's 1943 performance as Othello on Broadway was a seminal moment in black history. Tolstoy wrote an entire book about Shakespeare's failures as a writer. In 1936, the Nazi Party tried to claim Shakespeare as a Germanic writer. Without Shakespeare, the book titles *Infinite Jest*, *The Sound and the Fury*, and *Brave New World* wouldn't exist. Stephen Marche has cherry-picked the sweetest and most savory historical footnotes from Shakespeare's work and life to create this unique celebration of the greatest writer of all time.

A classic in the Bukowski poetry canon, *Love Is a Dog from Hell* is a raw, lyrical, exploration of the exigencies, heartbreaks, and limits of love. A book that captures the Dirty Old Man of American letters at his fiercest and most vulnerable, on a subject that hits home with all of us. Charles Bukowski was a man of intense emotions, someone an editor once called a "passionate madman." Alternating between tough and gentle, sensitive and gritty, Bukowski lays bare the myriad facets of love—its selfishness and its narcissism, its randomness, its mystery and its misery, and, ultimately, its true joyfulness, endurance, and redemptive power. "there is a loneliness in this world so great that you can see it in the slow movement of the hands of a clock." *The Forty Rules of Love* Penguin

In the third mesmerizing tale in Melissa Marr's #1 *New York Times* bestselling *Wicked Lovely* series, old friends become new enemies—and one wrong move could plunge the Earth into chaos. Seth never expected he would want to settle down with anyone, but that was before Aislinn. She is everything he'd ever dreamed of, and he wants to be with her forever. Forever takes on new meaning, though, when your girlfriend is an immortal faery queen. Aislinn never expected to rule the very creatures who'd always terrified her, but that was before Keenan. He stole her mortality to make her a monarch, and now she faces challenges and enticements beyond any she'd ever imagined. Seth and Aislinn struggle to stay true to themselves and each other—all while navigating the shadowy rules and shifting allegiances of the

Faery Courts.

More than three decades after its first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position

of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, *Orientalism* remains one of the most important books written about our divided world.

"Known not only for his brilliant novels but also for short stories chronicling the Jazz Age, such as 'Bernice bobs her hair' and 'The diamond as big as the Ritz,' F. Scott Fitzgerald continued to write stories his entire life, some of which were never published--until now. Many of the stories in *I'd die for you* were submitted to major magazines and accepted for publication during Fitzgerald's lifetime but were never printed. A few were written as movie scenarios and sent to studios or producers, but not filmed. Others are stories that could not be sold because their subject matter or style departed from what editors expected of Fitzgerald in the 1930s. They come from various sources, from library archive to private collections, including those of Fitzgerald's family"--Jacket flap.

Four novellas from Stephen King bound together by the changing of seasons, each taking on the theme of a journey with strikingly different tones and characters. This gripping collection begins with "Rita Hayworth and the Shawshank Redemption," in which an unjustly imprisoned convict seeks a strange and startling revenge--the basis for the Best Picture Academy Award-nominee *The Shawshank Redemption*. Next is "Apt Pupil," the inspiration for the film of the same name about top high school student Todd Bowden and his obsession with the dark and deadly past of an older man in town. In "The Body," four rambunctious young boys plunge through the facade of a small town and come face-to-face with life, death, and intimations of their own mortality. This novella became the movie *Stand By Me*. Finally, a disgraced

woman is determined to triumph over death in "The Breathing Method."--Provided by publisher.

Doctrines and Discipline Harper Collins

From the #1 New York Times bestselling author of *The Party Crasher* and *Love Your Life* comes "a hilarious tale . . . hijinks worthy of classic *I Love Lucy* episodes . . . too good to pass up." (USA Today) "Sophie Kinsella keeps her finger on the cultural pulse, while leaving me giddy with laughter."—Jojo Moyes, author of *The Giver of Stars* and *The Last Letter from Your Lover* *Becky Bloomwood* has a fabulous flat in London's trendiest neighborhood, a troupe of glamorous socialite friends, and a closet brimming with the season's must-haves. The only trouble is, she can't actually afford it—not any of it. Her job writing at *Successful Saving* magazine not only bores her to tears, it doesn't pay much at all. And lately Becky's been chased by dismal letters from the bank—letters with large red sums she can't bear to read. She tries cutting back. But none of her efforts succeeds. Her only consolation is to buy herself something . . . just a little something. Finally a story arises that Becky actually cares about, and her front-page article catalyzes a chain of events that will transform her life—and the lives of those around her—forever. Praise for Sophie Kinsella and *Confessions of a Shopaholic* "Kinsella's *Bloomwood* is plucky and funny. . . . You won't have to shop around to find a more winning protagonist."—People "If a crème brûlée could be transmogrified into a book, it would be *Confessions of a Shopaholic*."—The Star-Ledger "A have-your-cake-and-eat-it romp, done with brio and not a syllable of moralizing. . . . Kinsella has a light touch and puckish humor."—Kirkus Reviews

Love is a Dog From Hell Nicholas Brealey

In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and

unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

'A day without laughter is a day wasted.' It is Christmas Day when Charlie Chaplin receives a visit from Death. The great actor is 82 years old, but not yet ready to face the final curtain. Desperate to see his teenage son grow up, the actor strikes a deal: if he manages to make Death laugh, he will win an extra year of life. As he awaits his final, fatal encounter, Chaplin composes an impassioned letter to his son, in which he attempts to tell him about his past, from his impoverished childhood in England (with an alcoholic father and a mother who went mad) to the heights of success on the silver screen in America, via stunts in the circus and vaudeville, and odd jobs as a newspaper hawker, printer, boxer and embalmer. As well as being the story of the evolution of a comic genius, this is the story of the evolution of cinema and how a beam of light on a white screen fired the imagination of an entire nation. As in his silent films, Charlie's adventures are simultaneously tragic and comic. The narrative flickers at a frenetic clip from false starts and early failures to eventual

triumph in the magical moment when - before the eyes of a stupefied film crew - Charlie became the Tramp: with a little moustache, a shuffling slantwise walk, a cane and a dusty bowler hat, one of the most iconic figures of the golden age of cinema was born.
