In Chasing Shadows, Toronto writers Adi Dasgupta, Kishan Baskaran, and Jamil Shamji invite you to explore dark places through verse and rhyme. This poetry anthology attempts to break down walls and find safe spaces in forgotten communities to be vulnerable, to be accountable, and perhaps, to heal. Compiled within this collection are narratives of violence, community, poverty, relationships, loss, sickness, and men's mental health. Inspired by lived experience on the fringes, and professional backgrounds supporting marginalized populations in Toronto, the writers endeavor to

shed light on uncomfortable truths. Generous and defiant, these contemporary poems encourage honest and critical self-reflection. Reconciling with the mess. Finding rhythm to the chaos. Letting go with words. Chasing shadows.

A hundred hundred seasons have turned since the Goddess banished the Small Gods to the sky, leaving the land to mankind alone. For Prince Teryk, life behind the castle walls is boring and uneventful until he stumbles upon an arcane scroll in a long-forgotten chamber. The parchment speaks of Small Gods, the fall of man, and the kingdom's savior-the firstborn child of the rightful king. It's his opportunity to prove himself to his father, the king, and assure his place in history. All he needs to do is find the man from across the sea-a man who can't possibly exist-and save mankind. But ancient magic has been put in motion by a mysterious cult determined to see the Small Gods reborn. Powerful forces clash, uncaring for the lives of mortals in their struggle to prevent the return of the banished ones, or aid in their rebirth. Named in a prophecy or not, what

chance does a cocky prince who barely understands the task laid before him stand in a battle with the gods?

Seldom, if ever, has a writer been given access to a former major drug dealer in the Mafia underworld and three generations of family members that followed. After nearly two years of interviews and subsequent research, it has been discovered that a close relative of the family was one of the most powerful figures in the Mafia from the 1940s to the mid 1990s, yet his identity until now has never been revealed. He was the consigliere for all of the American Mafia. The book tells in detail the life and times of a family who escaped the threat of Fascism in Sicily at the turn

of the century and the rise of one of the children to a major figure in the Mob. Another sibling returned from a tragic life in an orphanage only to become an adept criminal. He ultimately spent twenty years off and on in prison with the Who's Who of the Mafia, men who became friends and had secret stories to tell. After prison, he became one of the pioneers of Off Off Broadway in NYC and later was responsible for the regeneration of Little Italy in the Lower East Side of NYC. The book details the influence and protection afforded later generations of the family to this day. It offers a unique insight into the real life of people during this 100 year period. Myths about the Mob are disclosed and inaccuracies in the history of the Mafia are corrected. It is a very compelling epic true story. It is a book you will not be able to put down. "A perfect pick for kids who love Rick Riordan." —Booklist (starred review) "A winner for all kids, but it will be especially loved by Latinx and Hispanic families." —Kirkus Reviews (starred review) The Lightning Thief meets the Story Thieves series in this middle grade fantasy inspired by Hispanic folklore, legends, and myths from the Iberian Peninsula and Central and South America. Charlie Hernández has always been proud of his Latin American heritage. He loves the culture, the art, and especially the myths. Thanks to his abuela's stories, Charlie possesses an almost encyclopedic knowledge of the monsters and ghouls who have spent the last five hundred years haunting the imaginations of children all across the Iberian Peninsula, as well as Central and South America. And even though his grandmother sometimes hinted that the tales might be more than mere myth, Charlie's always been a pragmatist. Even barely out of diapers, he knew the stories were just make-believe—nothing more than intricately woven fables meant to keep little kids from misbehaving. But when Charlie begins to experience freaky bodily manifestations—ones all too similar to those described by his grandma in his favorite legend—he is suddenly swept up in a world where the mythical beings he's spent his entire life hearing about seem to be walking straight out of the pages of Hispanic folklore and into his life. And even stranger, they seem to know more about him than he knows about himself. Soon, Charlie finds himself in the middle of an ancient battle between La Liga, a secret society of legendary mythological beings sworn to protect the Land of the Living, and La Mano Peluda (a.k.a. the Hairy Hand), a cabal of evil spirits determined to rule mankind. With only the help of his lifelong crush, Violet Rey, and his grandmother's stories to guide him, Charlie must navigate a world where monsters and brujas rule and things he couldn't possibly imagine go bump in the night. That is, if he has any hope of discovering what's happening to him and saving his missing parents (oh, and maybe even the world). No pressure, muchacho.

A moving tale of the triumph of the human spirit amidst heartbreaking tragedy, told through the eyes of a charming, impish, and wickedly observant Afghan boy The Taliban have withdrawn from Kabul's streets, but the long shadows of their regime remain. In his short life, eleven-year-old Fawad has known more grief than most: his father and brother have been killed, his sister has been abducted, and Fawad and his mother, Mariya, must rely on the charity of parsimonious relatives to eke out a hand-to-mouth existence. Ever the optimist, Fawad hopes for a better life, and his dream is realized when Mariya finds a position as a housekeeper for a charismatic Western woman, Georgie, and her two foreign friends. The world of aid workers and journalists is a new one for Fawad, and living with the trio offers endless curiosities—including Georgie's destructive relationship with the powerful Afghan warlord Haji Khan, whose exploits are legendary. Welcome to the world of noir musical films, where tormented antiheroes and hard-boiled musicians battle obsession and struggle with their music and ill-fated love triangles. Sultry divas dance and sing the blues in shrouded nightclubs. Romantic intrigue clashes with backstage careers. This book explores musical films that use film noir style and bluesy strains of jazz to inhabit a disturbing underworld and reveal the dark side of fame and the American Dream. While noir musical films like A Star Is Born include musical performances, their bleak tone and expressionistic aesthetic more closely resemble the visual style of film noir. Their narratives unfold behind a stark noir lens: distorted, erratic angles and imbalanced hand-held shots allow the audience to experience a tortured, disillusioned perspective. While many musicals glamorize the quest for the spotlight in Hollywood's star factory, brooding noir musical films such as Blues in the Night, Gilda, The Red Shoes, West Side Story, and Round Midnight stretch the boundaries of film noir and the musical as film genres collide. Deep shadows, dim lighting and visual composition evoke moodiness, cynicism, pessimism, and subjective psychological points of view.

The First Book of the Small Gods Twayne Publishers

In a land where monsters are a thing of bedtime stories meant to scare young children into behaving, humans live each day struggling to get by. Burnt Shadows Oliver-Heber books

Hiroko steps out onto the veranda. Her body from neck down a silk column, white with three black cranes swooping across her back. She looks out towards the mountains, and everything is more beautiful to her than it was early this morning. Nagasaki is more beautiful to her than ever before. She turns her head and sees the spires of Urakami Cathedral, which Konrad is looking up at when

he notices a gap open between the clouds. Sunlight streams through, pushing the clouds apart even further. Hiroko. And then the world goes white. —From *Burnt Shadows* by Kamila Shamsie -- The morning of August 9, 1945 breaks dreary and unspectacular in the city of Nagasaki. Nonetheless, twenty-one year-old Hiroko Tanaka is elated: she is in love. Her emerging romance with the displaced German Konrad Weiss offers release from the greyness of wartime deprivation. In this time of heightened xenophobia, their affair must be kept secret, particularly as Hiroko's father has recently been outcast for questioning the patriotism of sending children on kamikaze missions. As Hiroko and Konrad furtively plan for a future after the war, there is no way they can comprehend the unspeakable devastation bearing down upon them. Two years later, Hiroko arrives in Delhi at the home of Konrad's sister Ilse and his brother-in-law James Burton. Upon Hiroko's back are crane-shaped scars, seared into her skin when her kimono was incinerated by the bomb. She is on the run from unbearable memories, as well as from the stigma of being branded a hibakusha, a survivor of the bomb. Ilse, in an uncharacteristically impulsive move, welcomes Hiroko into her home, seeing in the brave young woman a possibility of release from her own conscripted existence. Hiroko quickly destabilizes the frigid hierarchy of the household, much to the relief of Sajjad Ashraf, James's bored servant. Tensions are running high in the Mohalla with the looming partition of India and Pakistan. Will Sajjad remain in his beloved Dilli/Delhi, or depart with so many others for the promise of Pakistan? Sajjad's family has secured for him a wife, and he yearns for a legal career, still half-clinging to the hope that James will assist him. But James's only use for him is as a chess opponent, an idle distraction as the Raj winds to a close. The Burtons are preparing to decamp for England, having already dispatched their son Harry to boarding school. But what James does not know is that Ilse is making other plans. A romance blooms between Hiroko and Sajjad, much to the incredulity of the Burtons, whose own emotional lives have become

entwined in the futures of their charismatic young charges. Despite outbursts of jealousies and a terrible act of betrayal, the Burtons nevertheless assist Hiroko and Sajjad in their flight to married life in Istanbul. Later the Ashrafs will move to Karachi to raise their son, Raza. The lives of the Ashrafs and the Burtons will remain entwined for decades, though in ways they cannot anticipate. Across continents and through geopolitical flux, each family will continue to act as a catalytic force upon the other, sometimes in life-saving ways, and sometimes causing great peril. Why is it that some bonds flourish in times of crisis, and why do some fail? What defines the character that survives the cruelest of circumstances? And how is it that entire populations can support unspeakable acts en masse, while relating as individuals with compassion? Longlisted for the prestigious Orange Prize for Fiction, Kamila Shamsie's *Burnt Shadows* is an enthralling meta-cultural epic, the panoramic tale of two families tangled together in some of the most devastating conflicts of modern history.
