 In a brutal world, charismatic rebel miner Mack McAsh - a slave by birth - is a man with the courage to stand up for what is right, and the strength to stick by his beliefs. Independent, rebellious Lizzie Hallim, meanwhile, is engaged to Jay Jamisson, the ruthless landlord's son and heir to an exploitative business empire. Born into

separate worlds, Mack and Lizzie are thrown together when Mack becomes an enemy of the state and is forced to flee his homeland. Lizzie aids his escape, and it is not long before passions rage in the old world as well as the new . . .  This account of the rise and fall of Ethiopian emperor Haile Selassie is "an unforgettable, fiercely comic, and finally compassionate book" (Salman Rushdie, Man Booker Prize-winning author). After Haile Selassie was deposed in 1974, Ryszard Kapuściński—Poland's top foreign correspondent—went to Ethiopia to piece together a firsthand account of how the emperor governed his country, and why he finally fell from power. At great risk to himself, Kapuściński interviewed members of the imperial circle who had gone into hiding. The result is this remarkable book, in which Selassie's servants and closest associates share accounts—humorous, frightening, sad,

grotesque—of a man living amidst nearly unimaginable pomp and luxury while his people teetered between hunger and starvation. It is a

classic portrait of authoritarianism, and a fascinating story of a forty-four-year reign that ended with a coup d'état

in 1974.
