In our Christian walk in this world, we are always presented with choices and subtle offers that can appear appealing. However, we often ignore the small print, either deliberately, or through ignorance. Interestingly, the Israelites, faced similar offers, as they 'negotiated' with Pharaoh for their freedom from slavery. Freedom Bargains explores five subtle offers usually presented to us as alternatives to God's ideal of real and total freedom. It provides lessons from the wisdom of Moses and his attention to detail, in avoiding these subtle traps (schemes), intended to keep believers in perpetual bondage and also provides vital biblical keys for walking in complete freedom. The book details the need to be alert to our life's purpose as spelt out by God, in being

able to navigate past all the traps that are intended to trip us into living life below the level God intends for us. It encourages and challenges believers to re-examine God's original intention for setting us free. It encourages us to be alert to and remain steadfast in the liberty with which we have been set free and to let this be manifest in all areas of our lives. The book is written in a contemporary, conversational style with real life (personal, family, social and political) examples which speaks to current popular and social culture and makes it easily accessible to those new to engaging with the Bible as well as more mature believers. This notwithstanding, the book's message is strongly biblical and culturally informed. The chapters include contemporary real-life stories and quotations from a wide spectrum of well-known Christian and political leaders, which will make it easy for most readers to identify with. It is my desire for you to believe again that you can walk in complete freedom in all aspects of your life and to go ahead and live it. Above all, I desire that all believers will rise up and be outward looking to impart their freedom found in Christ, to other people in their various fields of endeavor.

Heading West & Moving on Gateway to Freedom: The Hidden History of the Underground Railroad "Whites Minds are in Chains." Self-imposed. Amelioration for misplaced guilt based on a false belief that Whites enslaved Blacks; based on gross misperceptions of civil rights, discrimination, diversity, equal rights, fairness, racial hate, minorities, multiracial community, the concept of nation, privilege, racism. Ending White Slavery explains, exposes, and removes these shackles of White Slavery by invalidating the basic assumption of that enslavement: that Blacks are entitled to special consideration from Whites whose ancestors kidnapped them out of Africa, and transported them worlds away from their roots into slavery; revealing the slave trade as instigated and perpetuated by tribes of Africa against each other for their benefit and purpose; revealing that slave traders and owners were a miniscule percent of White population even in its time; revealing that mostly, the ancestors of today's Whites had nothing to do with slavery and their ancestors were disadvantaged by slavery in lost employment and opportunity. Ending White Slavery demonstrates that atonement for slavery by today's Whites is misguided, and detrimental to them

and to Blacks as well. As for racial discrimination, is it not palpable in affirmative action, BET, the NAACP, the Miss Black America Pageant exclusivity to Blacks? Not so, the United Negro College Fund because its "member colleges and universities admit students without reference to race or ethnicity. UNCF's largest scholarship program, the Gates Millennium Scholars Program, supports Hispanic American, Asian/Pacific American and Native American students as well as African Americans," but not Whites? Is there any affirmative action for Whites, a WET, a NAAWP, an exclusively Miss White America Pageant, a United Caucasian College Fund, any White college, a White History Month? Ending White Slavery exhorts all races to adhere to their culture, to be loyal to their race by eschewing integration and its consequent, inevitable mongrelization. For Whites this means preserving their recessive fair skin, blue or green eyes and blond, brown or red hair against being subsumed by genetically dominant black skin, brown eyes and black hair; revering and advancing their cultural heritage exemplified by Beethoven, Mozart, Michelangelo, Rembrandt, Shakespeare and their progeny instead of bongo drums, parodies of poetry punctuated by profanity, crotch grabbing, and thumping cacophony. That is the goal, but after recognition and exhortation, what? The Racial State, exemplified by China, Japan other Asian States for Yellows, African States for Blacks, but no longer the United States for Whites. Israel is template for current creation of the Racial State, and its need, to preserve and secure White culture, White genes, and White lives in a world in which Whites are the minority, a world which has not a single State that Whites may call their own, where their best interests are represented exclusively. Ending White Slavery does not merely describe a Utopia and leave it there. It describes potentials for accomplishing the Racial State over time. A must read for everyone, not just Whites, who would look beyond the perverse immediacy of a mongrelizing false diversity of integration to a true diversity of racial separateness to preserve all races in all their natural genetic and cultural diversity.

For Faith. For Friendship. For Freedom. In the time of Louis XIII and Cardinal Richelieu, when being a Protestant could mean death, The Huguenot Sword roamed the streets of Paris by night, defending those faithful to the young heretical religion. The nobility scorned them as ruffians, to the oppressed Protestants they were saviors, but to the Cardinal Guards they were a pestilence needing to be terminated. The situation becomes desperate when those in power launch a bold plan to destroy the group. One wrong move can be fatal. But the ordeal of Paris pales in comparison to the possible annihilation of their faith and people at the battle of La Rochelle.

"I am his muse. But not for long..." When Mammon, the Prince of Greed, 'acquires' a half-blood slave known as 'Muse' for three nights, and bespells her with tales of a world where people live like kings and queens among towers of steel and glass, the seed of hope takes root in Muse's soul. But hope, for a half-human half-demon creature like her, is a dangerous thing. Especially when that tentative hope springs from the honeyed words of a Prince of Hell. What is Mammon's price for freedom? Meanwhile Da'mean, her ruthless owner, would rather see her dead, than free. She belongs to him. She is his muse. And no beast will take her from him. The netherworld is harsh and violent. Muse's demon kin are merciless, blood-hungry beasts, but little do they know, Muse has something far more dangerous coiled inside her, desperate for a taste of freedom. Her humanity. Reader Note: This prequel is a short story (approx 90 mins read time). With ancestral surnames that date to the first millennium A.D. in England and the Colonial era in the U.S.A., these Eads and Tipton families have been emigrating from the earliest times. Their tales of travel include a heroic knight in a Welsh forest, a kidnapped boy sold into servitude who became a plantation owner in Jamaica, farmers who emigrated from Maryland and North Carolina

west to Ohio and Tennessee, and homesteaders in Illinois and Missouri with land grants from the government. Other interesting stories include a link to the Jesse James Gang and a U.S. President, and war veterans from the Civil War to WWII. Biographies of fifteen turn-of-the-century babies (born around 1900) and four Tipton siblings (born in the early 20th century just before the Great Depression) complete this saga of American life as it unfolded over the centuries. Photographs, maps, documents, and a Proper Name Index will aid the genealogical researcher in finding their own roots. Also included are Ancestors and Descendants charts with numerous surnames, including: Allen, Atnip, Barker, Barrett, Bennett, Bishop, Campbell, Canning, Chiles, Coffel, Collins, Cronney, Dees, Eads, Gentry, Hache, Harden, Heath, Johnson, Jones, Leach, London, Long, Machen, Masters, Meador, Miller, Montgomery, Neece, Rainwater, Smith, Sutton, Tipton, Vannoy, Ward, White, Wright, and many others.

In Force and Freedom, Kellie Carter Jackson provides the first historical analysis exclusively focused on the tactical use of violence among antebellum black activists. Through tactical violence, argues Carter Jackson, abolitionist leaders created the conditions that necessitated the Civil War.

A Novel Litres

Having survived the worst effects of the Civil War, the city of Memphis, battered but unbowed, finds itself facing a far more dangerous foe. It is invisible, lethal, and unstoppable: a plague of yellow fever. It is the story of JP Mahoney, 14-year-old farm boy who dreams of escape from tedious chores and farm life routine. It is the story of a courageous young woman, Ginnie Moon, onetime Confederate spy, who now operates a boarding house for men who have survived the war. And it is the story of Kevin O'Boyle, an embittered riverfront laborer, who blames the world for his troubles, and finds the crippled city his perfect prey. Several characters in the novel are actual historical figures, most notably Ginnie Moon, Judge "Pappy" Hadden, and Cap'n Jim Lee. Their actions, and those of the other characters, are entirely fictional. The plague, one of several to hit the city in the years following the war, was all too real.

First published in 1898, this comprehensive history was the first documented survey of a system that helped fugitive slaves escape from areas in the antebellum South to regions as far north as Canada. Comprising fifty years of research, the text includes interviews and excerpts from diaries, letters, biographies, memoirs, speeches, and a large number of other firsthand accounts. Together, they shed much light on the origins of a system that provided aid to runaway slaves, including the degree of formal organization within the movement, methods of procedure, geographical range, leadership roles, the effectiveness of Canadian settlements, and the attitudes of courts and communities toward former slaves.

Best-selling LDS author Joni Hilton brings us another heart-warming novel, this time about Jana and Ethan Waterson, their family, and the spookiest house in town. Ethan is actually more terrified of his calling as bishop than of the "Witch House." He impulsively takes on the elderly residents and their dark mansion as a ward project. Jana holds guilt in her heart for an earlier decision, and they both have their hands full with three challenging children. There's life-and-death drama, spiritual anguish, arcs of growth, and plenty of humor as well, in an inspiring story unlike any you've read before.

When Joseph and Phebe Fessenden came to the peaceful village of South Bridgton, Maine to serve the newly founded Congregational church in 1829, they soon found themselves embroiled in controversy over the abolition of slavery and the evils of "demon rum." Tempers ran high and Parson Joe often found himself running counter to public opinion. Mobs threatened him with tar and feathers, cannonballs, and kidnapping. Still, he stood tall and fought tirelessly for the rights of all those who lived in chains beneath freedom's wing.

Few things have defined America as much as slavery. In the wake of emancipation the story of the Underground Railroad has become a seemingly irresistible part of American historical consciousness. This stirring drama is one Americans have needed to tell and retell and pass on to their children. But just how much of the Underground Railroad is real, how much legend and mythology, how much invention? Passages to Freedom sets out to answer this question and place it within the context of slavery, emancipation, and its aftermath. Published on the occasion of the opening of the National Underground Railroad Freedom Center in Cincinnati, Ohio, Passages to Freedom brings home the reality of slavery's destructiveness. This distinguished yet accessible volume offers a galvanizing look at how the brave journey out of slavery both haunts and inspires us today.

BLACK HISTORY EXTRAVAGANZA honoring Dr. Ben-Jochannan is a labor of love for someone intimately associated with the master teacher for some 40 years as student, traveling companion, mentee and friend. In repayment, this effort to help acknowledge and sustain his name, life's work and historical and philosophic outlook is necessary so the younger generation know of the enormous intellectual light this extraordinary scholar represented in those extremely challenging social and intellectual times of the last half century. As the systematic onslaught against the African (Black) personality continued, one particular scholar, lecturer, historian, publisher, archaeologist and tour guide to Egypt stood unmoved and unrelenting in defense of an entire people's history, culture and spiritual well-being. In this, Dr. Ben took on all disparaging comers as he educated and nurtured intellectual "cubs" becoming equipped to challenge historical distortion and omission manifested from the false mantle of global white supremacy. To accomplish the enormous task, Dr. Ben wrote, innovated self-publishing, lectured, and took students to museums and to Egypt pointing out contradictions between the Existential Data and the symbolic

Representation of ancient Egypt. Table of Contents, viz., Introduction; The Awesome Egyptian Temple; Who were the Ancient Egyptians? The Archaeology of Egypt; The Art of Ancient Egypt; Architecture of Ancient Egypt; The Religion of Ancient Egypt; and the History of Egypt, Dr. Ben made a substantial impact while educating students as to the utility and benefits of studying the illustrious African past, emphasizing they accentuate the positive and reject negative aspects of that memorable experience. Like the many intellectual lights, "warrior scholars," of his age, viz., Dr. John Henrik Clarke, Ivan Van Sertima, Leonard James, Carter G. Woodson, Benjamin Carruthers, J.A. Rogers, Jitu Weusi, Leonard Jeffries, among others, Dr. Ben subscribed to one unmistakable academic admonition pursuing excellence, "Publish or Perish." This continuum of praise (Celebrating Dr. Yosef Ben-Jochannan), Black History Extravaganza seeks a starting point for readers, young and old to delve deep and drink from the remarkable fountain represented in fields of study which engaged the great scholar for more than half-a-century.

An outcast even among her fellow Africans, she is on the cusp of womanhood--where greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering, like Gulliver, strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly re-creates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day. The Underground Railroad is both the gripping tale of one woman's will to escape the horrors of bondage--and a powerful meditation on the history we all share.
