STEIN SHYANN

Organizational Behavior Pearson Education
 Robbins: Leading the way in OB Written as an alternative to Robbins' larger Organisational Behaviour text, OB: The Essentials is an applied and focused text that will help your students to quickly grasp the essential elements of OB. In an engaging 13 chapter format, this book retains the fluid writing style, academic rigour and extensive use of examples that are trademark features of the Robbins texts. While there are less chapters, the book continues to provide cutting-edge content that is often missing in other OB books - this is not merely a subset of material from Robbin's Organisational Behaviour text; it was written from the ground up to present all the essential content in a shorter format. This new text will have broad appeal; particularly to visual learners who will appreciate the lively design and extensive use of examples and photographs to aid comprehension and retention of concepts. New co-author Dr Michael Jones of the University of Wollongong brings his avid enthusiasm for student

education as well as a solid research background in motivation, commitment and business operations to the new text. Reviewers and users of the Robbins texts regularly report that they are 'conversational', 'interesting', 'student-friendly' and 'very clear and understandable'. Packed full of pedagogical features that will engage and stimulate your students, OB: The Essentials will ensure that they are getting a sound understanding of OB. Features such as the 'Applying Knowledge' and 'Student Challenge' boxes prompt students to apply and think strategically about what they have just learnt.

Essentials of Organizational Behavior Vibrant Publishers
 Clear, concise, and written by experts currently lecturing in the field, Organizational Behaviour focuses exclusively on what you need to know for success in your business course and today's global economy. The text brings together a vast range of ideas, models, and concepts on organizational behaviour from an array of fields, such as psychology, sociology, history, economics, and politics. This information is presented in bite-sized, digestible pieces to create an accessible and engaging style that makes it the perfect text for introductory courses covering organizations. Key features include: a clear and thought-provoking introduction

to organizational behaviour relevant, cutting-edge case studies with global focus hot topics such as eOrganizations, ethics, and diversity, keeping you up-to-date with current business thinking further reading, summaries, activities, key theme boxes, and review questions to help reinforce your understanding This textbook will be a valuable resource for students of business and management studies, organization studies, psychology, and sociology.

Fourteenth Edition Elsevier

This books gives insights into your personality, motivation, emotional intelligence, leadership and team skills etc.

Organizational Behavior Prentice Hall

Taking a managerial approach and demonstrating the application of behavioural science within the workplace, this text focuses on the essential topics of organisational behaviour. The Essentials text is a new concise version of the long established market leader Management & Organisational Behaviour which has set standards in pedagogy and authorship that few texts have matched. The accessibility of writing style and clarity of presentation makes unfamiliar theory relevant, easily understood and logically applied to the world of work. In 12 chapters, the Essentials version focuses on the core topics of the discipline in a recognisable sequence, starting from the level of individual, though to the group, and finally the organisation.

□□□□□□ M.E. Sharpe

Organizational Behavior: Essential Theories of Motivation and Leadership analyzes the work of leading theorists. Each chapter includes the background of the theorist represented, the context in which the theory arose, the initial and subsequent theoretical statements, research on the theory by the theory's author and others (including meta-analysis and reviews), and practical applications. Special features including boxed summaries of each theory at the beginning of each chapter, two introductory chapters on the scientific method and the development of knowledge, and detailed and comprehensive references, help make this text especially useful for graduate courses in Organizational Behavior and Industrial/Organizational Psychology.

Essentials of Organizational Behavior John Wiley & Sons

This book offers a fresh and comprehensive approach to the essentials that constitute the discipline of organizational behaviour with a strong emphasis on the application of organizational behaviour and performance management in practice. It concentrates on the development of effective patterns of behaviour, values and attitudes, and relates these issues to effective organization performance in times of organizational and environmental change and turbulence. The book is divided into four parts, providing a clear structure for the study of the subject: Part One: The context of organizational behaviour Part Two: The disciplines of organizational behaviour Part Three: Organizational behaviour in practice Part Four: Organizational behaviour – expertise and application Organizational Behaviour is packed with references to current topics, practical examples and case studies from large corporations from around the world, including Ryanair, The Body Shop and RBS. This book covers examples of both good and bad practice, making it an interesting and unique introduction to the study of organizational behaviour.

MyLab Management is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

[Studyguide for Essentials of Organizational Behavior by Robbins, Stephen P., ISBN 9780132968508 Cram101](#)

Master organizational behavior concepts with this self-study book and become a leader of better management practices. After reading this book, you will be able to answer the following questions: What is organizational behavior? What are best practices for managing topics such as office politics, diversity, learning and development, and stress in the workforce? How do organizations develop and retain talent? How can an organization develop high performance work systems that maximize outcomes at all levels? What are the skills of an effective leader who creates a high-performance work culture? Like people, organizations have different personalities that are impacted by more than just the brand identity. Organizational Behavior Essentials You Always Wanted To Know covers dimensions of the relationships between an organization at the individual, group and overall organizational levels and their impact on one another. If you have ever questioned how organizations adapt to the changing demands of the twenty-first century, then Organizational Behavior Essentials You Always Wanted To Know is the resource you need. Theories in organizational behavior can help leadership determine how their organization should respond to the many conditions impacting the twenty-first century workforce, including new technologies, market conditions, natural disasters, labor shortages, among others. The book's structure moves seamlessly through every level of an organization as it explores the best practices for developing and retaining talent. Starting with the individual worker, the book explores the group dynamics of the workplace, how best to utilize human resources departments, and ultimately, how to be an effective leader in a high-performance workplace. This easy-to-read guide will help you put theory into practice. With chapter quizzes to reinforce concepts and a glossary of key terms, Organizational Behavior Essentials You Always Wanted To Know is a must have introductory guide for newcomers and a resource for seasoned professionals. About the Series The Self-Learning Management series is designed to help students, new managers, career switchers and entrepreneurs learn essential management lessons. This series is designed to address every aspect of business from HR to Finance to Marketing to Operations, be it any industry. Each book includes basic fundamentals, important concepts, standard and well-known principles as well as practical ways of application of the

subject matter. The distinctiveness of the series lies in that all the relevant information is bundled in a compact form that is very easy to interpret.

Essentials of Organizational Behavior Pearson Education India

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

Essentials of Organizational Behavior Pearson

Performance Management in Practice Pearson

This brief alternative for the organizational behaviour course covers all the key concepts needed to understand, predict, and respond to the behaviour of people in real world organizations, including cutting-edge topics and streamlined pedagogy to allow maximum flexibility in designing and shaping your course. *Essentials of Organizational Behaviour, Global Edition* Pearson Higher Ed

Organizational Behavior is a multidimensional product to allow for student development in knowledge, analysis, synthesis and personal development with pedagogical features designed to bring *Organizational Behavior* to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior. Traditional OB topics are introduced as part of an integrated framework for answering practically-relevant questions about why people behave as they do and how to effectively self manage and influence others.

OB: The Essentials Cengage Learning

Concise, practical, and based on the best available research, *Essentials of Organizational Behavior: An Evidence-Based Approach, Second Edition* equips students with the necessary skills to become effective leaders and managers. Author Terri A. Scandura uses an evidence-based approach to introduce students to new models proven to enhance the well-being, motivation, and productivity of people in the work place. Experiential exercises, self-assessments, and a variety of real-world cases and examples provide students with ample opportunity to apply OB concepts and hone their critical thinking abilities. New to this Edition A new Emotions and Moods chapter delves into important topics like emotional intelligence, emotional contagion, and affective neuroscience. A new Power and Politics chapter unpacks the most effective influence strategies and helps students develop their political skills. A streamlined table of contents now combines perception and decision making in a single chapter and change and stress in a single chapter. New case studies, including some from SAGE Business Cases for the Interactive eBook, on topics such as virtual teams, equal pay and the gender wage gap, and the use of apps at work introduce timely and relevant discussions to help foster student engagement. The new edition has been rigorously updated with the latest research throughout and includes expanded coverage of Machiavellian leadership, ethical decision making, and organizational design through change. New Best Practices and Research in Action boxes as well as new Toolkit Activities and Self-Assessments have been added to make the text even more hands-on and practical.
