It takes a graveyard to raise a child. Nobody Owens, known as Bod, is a normal boy. He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sler. But if Bod leaves the graveyard, he will be in danger from the man Jack—who has already killed Bod's family.

The legendary Norwegian pop artist Pushwagner's scathing comics masterpiece—lost for decades, and never before published in the U.S.—is an epic vision of a single day in a world gone wrong: a brightly smiling, disturbingly familiar dystopia of towering skyscrapers, omnipresent surveillance, and endless distant war. "CLEAN BOMB THE HAPPY-HAPPY WAY," blares the morning paper. "Heil Hilton!" barks an overlord on the news. Welcome to Soft City. Now don't be late for work. This NYRC edition is a giant-sized hardcover extra-thick paper and spot-color throughout.

Christopher Anthony John "Chris" Martin is an English musician, singer, songwriter, record producer and philanthropist. He is best known as the co-founder and lead singer of the British rock band Coldplay. Born in Whitestone, near Exeter in Devon, Martin went to University College London where he formed a rock band with fellow musician Jonny Buckland in 1996 called Starfish, which was eventually renamed Coldplay in 1998. Martin, along with the other Coldplay members, achieved worldwide fame with the release of the band's single "Yellow" in 2000, a song that also earned the band their first Grammy Award nomination in the Best Rock Song category. The band also garnered critical acclaim and several accolades for their subsequent albums including A Rush of Blood to the Head and Viva la Vida, winning a Grammy Award for both and a Brit Award for the former. Coldplay have sold more than 80 million records worldwide, making them one of the world's best-selling music artists. One of the highest profile musicians in British popular culture, Martin appeared on Debrett's 2017 list of the most influential people in the UK

*The Inside Story of Grey's Anatomy* Random House Books for Young Readers

A sustained address to the poet's daughter, *The Real Horse* takes its cues from the child's unapologetic disregard for things as they are, calling forth the adult world as accountable for its flaws and as an occasion for imagining otherwise. Offering a handbook on the possibilities of the verse line, this collection is precise in its figuring, searching in its intellect, and alert in its music. Here lyric energy levitates into constellations that hold their analytic composure, inviting readers into a shared practice of thinking and feeling that interrogates the confounding intersections of gender, race, class, and national status not as abstract concepts but as foundational intimacies. Matuk's interrogations of form cut a path through the tangle of a daughter's position as a natural-

born female citizen of the "First World" and of the poet's position as a once-undocumented immigrant of mixed ethnicity whose paternity is unavoidably implicated in patriarchy. Rejecting nostalgia for homelands, notions of embodied value (self-made or otherwise), and specious ideas of freedom, these luminously multifaceted poem sequences cast their lot with the lyric voice, trusting it to hold a space where we might follow the child's ongoing revolution against the patrimony of selfhood and citizenship.

From former SNL "Weekend Update" host and legendary stand-up Colin Quinn comes a controversial and laugh-out-loud investigation into cultural and ethnic stereotypes. Colin Quinn has noticed a trend during his decades on the road-that Americans' increasing political correctness and sensitivity have forced us to tiptoe around the subjects of race and ethnicity altogether. Colin wants to know: What are we all so afraid of? Every ethnic group has differences, everyone brings something different to the table, and this diversity should be celebrated, not denied. So why has acknowledging

these cultural differences become so taboo? In *THE COLORING BOOK*, Colin, a native New Yorker, tackles this issue head-on while taking us on a trip through the insane melting pot of 1970s Brooklyn, the many, many dive bars of 1980s Manhattan, the comedy scene of the 1990s, and post-9/11 America. He mixes his incredibly candid and hilarious personal experiences with no-holds-barred observations to definitively decide, at least in his own mind, which stereotypes are funny, which stereotypes are based on truths, which have become totally distorted over time, and which are actually offensive to each group, and why. As it pokes holes in the tapestry of fear that has overtaken discussions about race, *THE COLORING BOOK* serves as an antidote to our paralysis when it comes to laughing at ourselves . . . and others.

*Why We Sleep* BenBella Books

Drawing on inspiration from Buddhism to Amy Winehouse, Chris Martin creates bold abstract works that explore the unknowable psychological tendencies of art. His canvases are characterized by flat-yet-textured planes of saturated color, and will often incorporate found materials and highly personal paper ephemera. Works such as *Untitled* (2013) demonstrate the influence of Pablo Picasso's collages, and his canvases' strong geometries also elaborate a self-proclaimed attachment to Piet Mondrian. Martin's practice came of age in 1980s New York, which saw the explosion of the East Village art scene, led by Keith Haring. This monograph collects texts by Glenn O'Brien, Nancy Princenthal, Trinie Dalton and Dan Nadel: in detail essays are focused on Chris Martin as a young man in the 1970s (Glenn O'Brien); on Brooklyn in the 1990s and Martin's influence in the 2000s (Dan Nadel); on Chris Martin and the history of New York abstraction (Nancy Princenthal) and on the culture that has informed Chris Martin (Trinie Dalton).
