EMILIO HINTON

Origin and Development of Hindi/Urdu Literature Routledge

Essays on North Indian Folk Traditions Orient Blackswan

Annual Report Oxford University Press, USA

Examining the complex linkages between gender and education in the Indian context forms part of a wider matrix of inquiry related to understanding gender and its intersections with class, caste, religion and region. The sixteen essays in this Reader by eminent scholars offer critical feminist perspectives covering many issues related to these linkages, examining ideologies, structural contexts, knowledge, pedagogy and experiences through a socio-historical lens. They point to the range of sources and methods that can be used to uncover the linkages between gender and education such as quantitative data, literature, autobiographies, oral histories and ethnography. Please note: Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.

The Alamo in Blood and Memory GENERAL PRESS

Bhagat Singh spent the last two years of his life in jail, awaiting execution. During this time, he and his comrades fought one of the most celebrated court battles in the annals of national liberation struggles, and used the court as a vehicle for the propagation of their revolutionary message. They also struggled against the inhuman conditions in the colonial jail, and faced torture and pain. Their heroism made them icons and figures of inspiration for generations to come. All this is well-known. What is not so well-known is that Bhagat Singh wrote four books in jail. Although they were smuggled out, they were destroyed and are lost forever. What survived was a Notebook that the young martyr kept in jail, full of notes and jottings from what he was reading. In the year of his birth centenary, LeftWord is proud to present his Notebook in an elegant edition. This edition has been checked against the copy preserved in the National Archives of India. The Notebook is richly annotated by Bhupender Hooja; and the annotations have been revised and updated for this edition. Also included are the most important texts that Bhagat Singh wrote in jail, Chaman Lal's lucid introduction, the New York Daily Worker's reports and Periyar's editorial on the hanging.

The Praise of Folly Sahitya Akademi

In late February and early March of 1836, the Mexican Army under the command of General Antonio López de Santa Anna besieged a small force of Anglo and Tejano rebels at a mission known as the Alamo. The defenders of the Alamo were in an impossible situation. They knew very little of the events taking place outside the mission walls. They did not have much of an understanding of Santa Anna or of his government in Mexico City. They sent out contradictory messages, they received contradictory communications, they moved blindly and planned in the dark. And in the dark early morning of March 6, they died. In that brief, confusing, and deadly encounter, one of America's most potent symbols was born. The story of the last stand at the Alamo grew from a Texas rallying cry, to a national slogan, to a phenomenon of popular culture and presidential politics. Yet it has been a hotly contested symbol from the first. Questions remain about what really happened: Did William Travis really draw a line in the sand? Did Davy Crockett die fighting, surrounded by the bodies of two dozen of the enemy? And what of the participants' motives and purposes? Were the Texans justified in their rebellion? Were they sincere patriots making a last stand for freedom and liberty, or were they a ragtag collection of greedy men-on-the-make, washed-up politicians, and backwoods bullies, Americans bent on extending American slavery into a foreign land? The full story of the Alamo -- from the weeks and months that led up to the fateful encounter to the movies and speeches that continue to remember it today -- is a quintessential story of America's past and a fascinating window into our collective memory. In *A Line in the Sand*, acclaimed historians Randy Roberts and James Olson use a wealth of archival sources, including the diary of José Enrique de la Peña, along with

important and little-used Mexican documents, to retell the story of the Alamo for a new generation of Americans. They explain what happened from the perspective of all parties, not just Anglo and Mexican soldiers, but also Tejano allies and bystanders. They delve anew into the mysteries of Crockett's final hours and Travis's famous rhetoric. Finally, they show how preservationists, television and movie producers, historians, and politicians have become the Alamo's major interpreters. Walt Disney, John Wayne, and scores of journalists and cultural critics have used the Alamo to contest the very meaning of America, and thereby helped us all to "remember the Alamo."

Journal of Vaiṣṇava Studies Orient Blackswan

Cinema in India has always been a play of middle-class sensibilities and fantasy life. And, this middle class now seems to have come into its own. From the time of Indira Gandhi, the political agendas of political parties and leaders have been increasingly shaped by middle-class consciousness and popular cinema has become for this class both an ideological phalanx and a major vehicle of self-expression. The media-exposed public in turn has become more accessible through the mythic structures and larger-than-life figures of popular cinema. The medium has become a new, more powerful language of public discourse. This book, like its companion volume *The Secret Politics of our Desires* (1998), is a product of this awareness. It uses Indian popular cinema to reexamine the relationships among society, politics, and culture. The six essays in it, mostly by contributors from outside the world of film studies and film criticism, span topics such as showmanship and stylization of images; the human characterization of abstract concepts such as good and evil; the open-ended, episodic and fragmented nature of the narrative, cemented together through devices such as family "history" and "filial love"; and the re-emergence of "Hindustani" as a secular language of film. The essays also cover popular cinema's fear of using comedy when dealing with the legitimacy and authority of the state; the "ideal" femininity conjured by Lata Mangeshkar's voice; and the debts to Hollywood and the carnivalesque that shape Guru Dutt's comedies.

Periodical Literature in Colonial North India Guilford Press

Through analysis of an impressive array of 'low' and 'high' Hindu literatures, particularly pamphlets, tracts, newspapers, and archival data, Gupta explores the emerging discourse of gender and sexuality, which was essential to the development of notions of Hindu communality and nationalism in the colonial period. The book offers an exceptionally nuanced account of Hindi gender politics.

Sexuality, Obscenity and Community Publications Division (India), New Delhi

This is the second of a three-volume comprehensive reference work on "Gender across Languages", which provides systematic descriptions of various categories of gender (grammatical, lexical, referential, social) in 30 languages of diverse genetic, typological and socio-cultural backgrounds. Among the issues discussed for each language are the following: What are the structural properties of the language that have an impact on the relations between language and gender? What are the consequences for areas such as agreement, pronominalisation and word-formation? How is specification of and abstraction from (referential) gender achieved in a language? Is empirical evidence available for the assumption that masculine/male expressions are interpreted as generics? Can tendencies of variation and change be observed, and have alternatives been proposed for a more equal linguistic treatment of women and men? This volume (and the previous two volumes) will provide the much-needed basis for explicitly comparative analyses of gender across languages. All chapters are original contributions and follow a common general outline developed by the editors. The book contains rich bibliographical and indexical material. Languages of Volume 2: Chinese, Dutch, Finnish, Hindi, Icelandic, Italian, Norwegian, Spanish, Vietnamese, Welsh.

The Indian Journal of Political Studies HarperCollins UK

'Godan' is an epic in Hindi prose. It is the most famous work of Munshi Premchand. 'Godan' gives a vivid picture of the condition of Indian farmers during the author's lifetime. The novel is relevant today because the rural folks' problems still exist. Farmers have generally been exploited by money-

lenders, government officials and superstitious community members. Hori, a well-off cultivator, suffers for his dependence on these exploiters. He works very hard, grows various crops, yet starves with his family because almost all his crops are given away to clear the creditor's dues. He efforts to protect his family dignity but fails because he was continuously exploited.

The 1970s and its Legacies in India's Cinemas Routledge

"Akashvani" (English) is a programme journal of ALL INDIA RADIO, it was formerly known as The Indian Listener. It used to serve the listener as a bradshaw of broadcasting ,and give listener the useful information in an interesting manner about programmes, who writes them, take part in them and produce them along with photographs of performing artists. It also contains the information of major changes in the policy and service of the organisation. The Indian Listener (fortnightly programme journal of AIR in English) published by The Indian State Broadcasting Service, Bombay, started on 22 December, 1935 and was the successor to the Indian Radio Times in English, which was published beginning in July 16 of 1927. From 22 August ,1937 onwards, it used to published by All India Radio, New Delhi. From 1950,it was turned into a weekly journal. Later, The Indian listener became "Akashvani" (English) w.e.f. January 5, 1958. It was made fortnightly journal again w.e.f July 1,1983. Godan New Delhi, Concept

This book entitled "Teachers' English Language and Teaching" being furnished with the linguistic etiquettes of Standard English is fully free from all the linguistic blunders and misgivings. All its grammatical contents supply a zero to top study with related questions. It's vocab-related contents ie antonyms, synonyms, one word, phrasal verbs, idioms and phrases, word-formation etc. bear a definite focus on word-power. The contents such as Basic Phonetics, Literary Terms etc. contribute a certain wholeness to the language. Because of all this it is beneficial both at academic and competitive levels. The pedagogical contents harmoniously combined with the linguistic contents ensure its applicability at the teacher-training programmes and for a good preparation of the teacher-related competitive exams ie REET, TET, CTET etc. All its practice-exercises are in the pattern of modern competitive exams

The linguistic representation of women and men LeftWord Books

The emergence of periodicals in Hindi for women and girls in early-twentieth-century India helped shape the nationalist-feminist thought in the country. Analysing the format and structure of periodical literature, Shobna Nijhawan shows how it became a medium for elite and middle-class women to think in new idioms and express themselves collectively at a time of social transition and political emancipation. With case studies of Hindi women's periodicals including *Stri Darpan*, *Grihalakshmi*, and *Arya Mahila*, and explorations of Hindi girls' periodicals like *Kumari Darpan* and *Kanya Manoranjan*, the study brings to light the nationalist demand for home rule for women. Discussing domesticity, political emancipation, and language politics, Shobna argues that women's periodicals instigated change and were not mere witnesses. With a perceptive Introduction setting the context, the work showcases rare archival material: advice texts, advertisements and book reviews, and multiple narratives specifically meant for women and girls of early twentieth-century north India.

Chocolate and Other Writings on Male Homoeroticism Shashwat Publication

The 1970s was a pivotal decade in the Indian social, cultural, political and economic landscape: the global oil crisis, wars with China and Pakistan in the previous decade, the Bangladesh war of 1971, labour and food shortages, widespread political corruption, and the declaration of the state of Emergency. Amidst this backdrop Indian cinema in both its popular and art/parallel film forms flourished. This exciting new collection brings together original research from across the arts and humanities disciplines that examine the legacies of the 1970s in India's cinemas, offering an invaluable insight into this important period. The authors argue that the historical processes underway in the 1970s are important even today, and can be deciphered in the aural and visual medium of Indian cinema. The book explores two central themes: first, the popular cinema's role in helping to construct the decade's public culture; and second, the powerful and under-studied archive of the decade as present in India's popular cinemas. This book is based on a special issue of *South Asian Popular Culture*.

The Life of Hinduism brings together a series of essays—many recognized as classics in the field—that present Hinduism as a vibrant, truly "lived" religion. Celebrating the diversity for which Hinduism is known, this volume begins its journey in the "new India" of Bangalore, India's Silicon Valley, where global connections and local traditions rub shoulders daily. Readers are then offered a glimpse into the multifaceted world of Hindu worship, life-cycle rites, festivals, performances, gurus, and castes. The book's final sections deal with the Hinduism that is emerging in diasporic North America and with issues of identity that face Hindus in India and around the world: militancy versus tolerance and the struggle between owning one's own religion and sharing it with others.

Bhagavad Geeta Diamond Pocket Books Pvt Ltd

Together in one place, this is a collection of most important works of Bhagat Singh, the Indian communist revolutionary who was executed by the British colonizers in 1931 at the age of 23. Bhagat Singh wrote this diary in the last two years of his young life while he was awaiting execution by the British rulers of India. His jail diary was handed over, along with other belongings to his father, Sardar Kishan Singh after his execution.

The Life of Hinduism Univ of California Press

Intended for anyone interested in democracy and public policy, social justice and empowerment, political economy and business or the social consequences of technology and architecture.

The Oxford Encyclopedic English Dictionary University of Chicago Press

The 1977 blockbuster *Amar Akbar Anthony* about the heroics of three Bombay brothers separated in childhood became a classic of Hindi cinema and a touchstone of Indian popular culture. Beyond its comedy and camp is a potent vision of social harmony, but one that invites critique, as the authors show.

The Hidden Life of Trees: The International Bestseller - What They Feel, How They Communicate Oxford University Press, USA

Sunday Times Bestseller 'A paradigm-smashing chronicle of joyous entanglement' Charles Foster Waterstones Non-Fiction Book of the Month (September) Are trees social beings? How do trees live? Do they feel pain or have awareness of their surroundings?

Essays on North Indian Folk Traditions Penguin Books India

This book investigates the nature of identity formation among economically backward adolescent Muslim girls in northern India by focusing on the interstitial spaces of the 'home' and 'school'. It examines issues of religion, patriarchy and education, to interrogate the relationship between pedagogy and religion in South Asia. Using a multi-disciplinary approach and multiple research methods, the volume makes significant contribution to the study of socialisation and modern education among minorities and other marginalised groups in India. It will be of interest to scholars of education, culture and gender studies, sociology, psychology, Islamic studies, and to policy-makers and non-government organisations involved in education.
