Few cars in modern times have caused as much of a stir as the turbocharged Subaru Impreza. It came from nowhere at the start of the 1990s to claim three successive World Rally Championships for its makers in the middle of that decade, and went on to become an enthusiasts' car thanks to its affordability, high performance - and, of course, the glorious exhaust note of its unusual flat-four 'boxer' engine. This book examines the three generations of Subaru Impreza WRX and WRX STI from 1992 - 2012, including how the roadgoing cars were developed from the

successful rally models, production history and specification details. Topics covered include: History of the Impreza, and early days in competition with the Leone and the Legacy models. Construction and derivatives of the distinctive flat-four engine. Innovations in the Impreza's four-wheel-drive system. Design and specifications for special editions. Includes material from Prodrive on their limited edition models. Examines both rally and roadgoing cars.

Dramatic Testimonies of Near-death Experiences and Visions Voices from the Edge of Eternity is a compilation of the words and experiences of people both famous and obscure just before their deaths. Young and old, great and small, saint and sinner—these testimonies confirm the biblical doctrines of life after death, judgment for the nonbeliever, and eternal life for those who have accepted Christ as Savior. Included are the experiences of a formidable array of witnesses, such as Martin Luther, Voltaire, John Wesley, Joan of Arc, Thomas Paine, Charles Darwin, Queen Elizabeth I, John Calvin, Napoleon Bonaparte, Peter the Great, and many more. The agreement among the accounts is remarkable in this fascinating collection of thoughts and experiences that shed light on the life that awaits us after death.
