“A sustained shot of brilliance” (Boston Globe)—ten globetrotting stories exploring the

complex relationships between men and women. A Best Book/Short Story Collection of the Year: O, The Oprah Magazine, Financial Times, Esquire, Lit Hub, Bustle, Electric Literature,

Library Journal New York Times Editors’ Choice Nicole Krauss plunges fearlessly into the struggle to understand men and women and the tensions that have existed in all relationships from the beginning of

time. Set in our contemporary moment and moving across the globe from Switzerland, Japan, and New York City to Tel Aviv, Los Angeles, and an unnamed country in South America, the stories in *To Be a Man* feature men as fathers, lovers, friends, children, seducers, and even a lost husband who may never have been a husband at all. The way these stories mirror one another and resonate

is beautiful, with a balance so finely tuned that the book almost feels like a novel. Echoes ring through stages of life: aging parents and newborn babies; young women's coming-of-age and the newfound, somewhat bewildering sexual power that accompanies it; generational gaps and unexpected deliveries of strange new leases on life; mystery and wonder at a life lived or a future waiting

to unfold. With a fierce, unwavering light *To Be a Man* illuminates the forces driving human existence: sex, power, violence, passion, self-discovery, aging. Profound, poignant, and brilliant, Krauss's stories, at once startling and deeply moving, are always revealing of all-too-human weakness and strength. "Superb. . . . Krauss's depictions of the nuances of sex and love,

intimacy and dependence, call to mind the work of Natalia Ginzburg. . . . Krauss's stories capture characters at moments in their lives when they're hungry for experience and open to possibilities, and that openness extends to the stories themselves: narratives too urgent and alive for neat plotlines, simplistic resolutions or easy answers." —Molly Antopol, *New*

York Times Book Review "From a contemporary master, an astounding collection of ten globetrotting stories, each one a powerful dissection of the thorny connections between men and women. . . . Each story is masterfully crafted and deeply contemplative, barreling toward a shimmering, inevitable conclusion, proving once again that Krauss is one of our most formidable

talents in fiction." —*Esquire* *Low Country* HarperCollins From antiquity to the present day, this book offers a fascinating insight into the histories, movements and conflicts which have come to shape our world, viewed through the stories of the destruction of 21 statues. Confederate soldiers hacked to pieces. A British slave trader dumped in the river. An Aboriginal warrior twice

beheaded. A Chinese philosopher consumed by fire. A Greek goddess left to rot in the desert... Statues stand as markers of collective memory connecting us to a shared sense of belonging. When societies fracture into warring tribes, we convince ourselves that the past is irredeemably evil. So, we tear down our statues. But what begins with the destruction of statues, ends with the killing

of people. This remarkable book is a compelling history of love and hate spanning every continent, religion and era, told through the destruction of 21 statues. Peter Hughes' original approach, blending philosophy, psychology and history, explores how these symbols of our identity give us more than an understanding of our past. In the wars that rage around them, they may also hold

the key to our future. The 21 statues are Hatshepsut (Ancient Egypt), Nero (Suffolk, UK), Athena (Syria), Buddhas of Bamiyan (Afghanistan), Hecate (Constantinople), Our Lady of Caversham (near Reading, UK), Huitzilopochtli (Mexico), Confucius (China), Louis XV (France), Mendelssohn (Germany), The Confederate Monument (US), Sir John A. Macdonald (Canada), Christopher

Columbus (Venezuela), Edward Colston (Bristol, UK), Cecil Rhodes (South Africa), George Washington (US), Stalin (Hungary), Yagan (Australia), Saddam Hussein (Iraq), B. R. Ambedkar (India) and Frederick Douglass (US). A History of Love and Hate in 21 Statues is a profound and necessary meditation on identity which resonates powerfully today as statues tumble around	the world. <u>Sunset</u> <u>Boulevard</u> Forever An enchanted, magical novel set in a mysterious toyshop - perfect for fans of Erin Morgenstern's The Night Circus, Stephanie Garber's Caraval and Jessie Burton's The Miniaturist. The History of Love: A Novel Aurum Shortlisted for the Orange Prize for Fiction 2006 and winner of the 2006 Prix du Meilleur Livre Étranger, *The History of Love* by bestselling author Nicole Krauss explores the lasting power of the written

word and the lasting power of love. 'When I was born my mother named me after every girl in a book my father gave her called The History of Love. . . ' Fourteen-year-old Alma Singer is trying to find a cure for her mother's loneliness. Believing she might discover it in an old book her mother is lovingly translating, she sets out in search of its author. Across New York an old man called Leo Gursky is

trying to survive a little bit longer. He spends his days dreaming of the love lost that sixty years ago in Poland inspired him to write a book. And although he doesn't know it yet, that book also survived: crossing oceans and generations, and changing lives. . . 'Wonderfully affecting...brilliant, touching and remarkably poised' Sunday Telegraph 'A tender tribute

to human valiance. Who could be unmoved by a cast of characters whose daily battles are etched on our mind in such diamond-cut prose?' Independent on Sunday 'Devastating... one of the most passionate vindications of the written word in recent fiction. It takes one's breath away' Spectator Nicole Krauss is an American bestselling author who has received international critical

acclaim for her first three novels: Great House (shortlisted for the Orange Prize for Fiction 2011), The History of Love and Man Walks into a Room (shortlisted for the LA Times Book Award), all of which are available in Penguin paperback.

The Founding Fathers tried to protect us from the threat they knew, the tyranny that overcame ancient democracy. Today, our political order faces new threats, not unlike the totalitarianism of the twentieth

century. We are no wiser than the Europeans who saw democracy yield to fascism, Nazism, or communism. Our one advantage is that we might learn from their experience. On Tyranny is a call to arms and a guide to resistance, with invaluable ideas for how we can preserve our freedoms in the uncertain years to come.

The Invisible Life of Addie LaRue Tor

Books
Jonathan Safran Foer emerged as one of the most original writers of his generation with his best-selling debut novel, *Everything Is Illuminated*. Now, with humor, tenderness, and awe, he confronts the traumas of our recent history. What he discovers is solace in that most human quality, imagination. Meet Oskar Schell, an inventor, Francophile, tambourine player,

Shakespearean actor, jeweler, pacifist, correspondent with Stephen Hawking and Ringo Starr. He is nine years old. And he is on an urgent, secret search through the five boroughs of New York. His mission is to find the lock that fits a mysterious key belonging to his father, who died in the World Trade Center on 9/11. An inspired innocent, Oskar is alternately endearing, exasperating,

and hilarious as he careens from Central Park to Coney Island to Harlem on his search. Along the way he is always dreaming up inventions to keep those he loves safe from harm. What about a birdseed shirt to let you fly away? What if you could actually hear everyone's heartbeat? His goal is hopeful, but the past speaks a loud warning in stories of those who've lost loved ones before. As Oskar

rooms New York, he encounters a motley assortment of humanity who are all survivors in their own way. He befriends a 103-year-old war reporter, a tour guide who never leaves the Empire State Building, and lovers enraptured or scorned. Ultimately, Oskar ends his journey where it began, at his father's grave. But now he is accompanied by the silent stranger who has been renting the

spare room of his grandmother's apartment. They are there to dig up his father's empty coffin. *A Season to Love* Crown NATIONAL BESTSELLER • A powerful work of visual nonfiction about three generations of an Apache family struggling to protect sacred land from a multinational mining corporation, by MacArthur "Genius" and National Book Award finalist Lauren Redniss, the acclaimed

the federal government and two of the world's largest mining conglomerates. The book follows the fortunes of two families with profound connections to the contested site: the Nosies, an Apache family whose teenage daughter is an activist and leader in the Oak Flat fight, and the Gorhams, a mining family whose patriarch was a sheriff in the lawless early days of Arizona statehood.

The still-unresolved Oak Flat conflict is ripped from today's headlines, but its story resonates with foundational American themes: the saga of westward expansion, the resistance and resilience of Native peoples, and the efforts of profiteers to control the land and unearth treasure beneath it while the lives of individuals hang in the balance.

Village of the Lost

Girls Harper Collins
 "Inspired by the true story behind Jackie Kennedy's iconic outfit, Kelby has stitched a compelling tale of politics, fashion and history." -- People
 On November 22, 1963, Jacqueline Kennedy accompanied her husband to Dallas dressed in a pink Chanel-style suit. Much of her wardrobe, including the pink suit, came from the New York boutique Chez Ninon where a

young Irish immigrant named Kate worked behind the scenes to meticulously craft the memorable outfits. Kate is torn between the glamorous world of Chez Ninon and her traditional Manhattan neighborhood. Finding balance is not easy in a time when women are still expected to follow the rules. And when you're in love, it's impossible. Kelby's luxurious narrative gives fascinating

insight into the real story behind the iconic pink suit, introducing the reader to the wildly unforgettable characters that made Jackie Kennedy into the fashion icon of the century. *A River Could Be a Tree* Fig Tree Books LLC Set in the beautiful mountains of the Pacific Northwest, this is tale of the power of love and the promise of second chances. Great House:

A Novel Deep Vellum Publishing New York Times Bestseller • Finalist for the National Book Award • Winner of the Anisfield-Wolf Book Award • A Best Book of the Year as chosen by the New York Times (Notable), Seattle Times, San Francisco Chronicle, The Atlantic, St. Louis Post Dispatch, The Oregonian, and Book Page. "Masterful...Evocative and moving." —NPR For twenty-five

years, a reclusive American novelist has been writing at the desk she inherited from a young Chilean poet who disappeared at the hands of Pinochet's secret police; one day a girl claiming to be the poet's daughter arrives to take it away, sending the writer's life reeling. Across the ocean, in the leafy suburbs of London, a man caring for his dying wife discovers, among her papers, a lock

of hair that unravels a terrible secret. In Jerusalem, an antiques dealer slowly reassembles his father's study, plundered by the Nazis in Budapest in 1944. Connecting these stories is a desk of many drawers that exerts a power over those who possess it or have given it away. As the narrators of Great House make their confessions, the desk takes on more and more meaning, and comes finally

to stand for all that has been taken from them, and all that binds them to what has disappeared. Great House is a story haunted by questions: What do we pass on to our children and how do they absorb our dreams and losses? How do we respond to disappearance, destruction, and change? Nicole Krauss has written a soaring, powerful novel about memory struggling to create a meaningful

permanence in the face of inevitable loss. "This is a novel about the long journey of a magnificent desk as it travels through the twentieth century from one owner to the next. It is also a novel about love, exile, the defilements of war, and the restorative power of language." —National Book Award citation [The Pink Suit](#) John Wiley & Sons National Bestseller • A New York Times Notable Book Named Best Book of the Year by Esquire, Times Literary Supplement, Elle Magazine, LitHub, Publishers Weekly, Financial Times, Guardian, Refinery29, PopSugar, and Globe and Mail "A brilliant novel. I am full of admiration." —Philip Roth "One of America's most important novelists" (New York Times), the award-winning, New York Times bestselling author of The History of Love, conjures an achingly beautiful and breathtakingly original novel about personal transformation that interweaves the stories of two disparate individuals—a n older lawyer and a young novelist—who se transcendent search leads them to the same Israeli desert. Jules Epstein, a man whose drive, avidity, and outsized personality have, for sixty-eight

years, been a force to be reckoned with, is undergoing a metamorphosis. In the wake of his parents' deaths, his divorce from his wife of more than thirty years, and his retirement from the New York legal firm where he was a partner, he's felt an irresistible need to give away his possessions, alarming his children and perplexing the executor of his estate. With the last of his wealth, he travels to

Israel, with a nebulous plan to do something to honor his parents. In Tel Aviv, he is sidetracked by a charismatic American rabbi planning a reunion for the descendants of King David who insists that Epstein is part of that storied dynastic line. He also meets the rabbi's beautiful daughter who convinces Epstein to become involved in her own project—a film about the life of David being

shot in the desert—with life-changing consequences. But Epstein isn't the only seeker embarking on a metaphysical journey that dissolves his sense of self, place, and history. Leaving her family in Brooklyn, a young, well-known novelist arrives at the Tel Aviv Hilton where she has stayed every year since birth. Troubled by writer's block and a failing marriage, she hopes that the

hotel can unlock a dimension of reality—and her own perception of life—that has been closed off to her. But when she meets a retired literature professor who proposes a project she can't turn down, she's drawn into a mystery that alters her life in ways she could never have imagined. Bursting with life and humor, *Forest Dark* is a profound, mesmerizing novel of

metamorphosis and self-realization—of looking beyond all that is visible towards the infinite. *Firebreak* Macmillan + ORM "New Liberty City, 2134. Mal's sudden burst in online fame rivals her deepening fear of what she is uncovering about BestLife's developer, and puts her in the kind of danger she's only experienced

through her avatar."-- Publisher's description On Tyranny Tranquebar "In this widely acclaimed and highly controversial book, Paul Kurtz examines the reasons why people accept supernatural and paranormal belief systems in spite of substantial evidence to the contrary. According to the author, it is because there is within the human species a deeply rooted tendency toward

magical thinking - the "transcendent al temptation" - which undermines critical judgement and paves the way for willful beliefs. He explores in detail the three major monotheistic religions - Judaism, Christianity, and Islam - finding striking psychological and sociological parallels between these religions, the spiritualism of the 19th century, and the paranormal

belief systems of today. There are sections on mysticism, belief in the afterlife, the existence of God, reincarnation, astrology, and ufology. Kurtz also explains the nature of skepticism as an antidote to belief in the transcendent. I."
