Bestselling author Pastor Rob Morgan provides ten Bible-based laws for productive people by answering the question: How do I gain control over my life right now? A lifelong student of the Bible, Rob Morgan has spent forty years reading thousands of pages about maximizing each day and becoming purposeful and productive. Now he has found a simple plan that works—featuring ten biblical principles that transcend human wisdom. These life patterns can be implemented today whether you're a student or a senior adult, a novice or an executive. They can help anyone, anytime, anywhere develop a perpetually effective life. 1. Listen to a twelve-year-old: Jesus' first statement was: Be about your Father's business. 2. Redeem the time: Wasted hours can never be regained. 3. Clear the decks: God isn't disorganized; why should we be? 4. Maximize the morning: Schedule a standing appointment with God. 5. Pull off at rest stops: Routinely replenish your inner resources. 6. Operate on yourself: Diagnose and treat yourself spiritually. 7. Live "As If": Act by faith even when your emotions aren't cooperating. 8. Bathe in the Dead Sea: Experience the buoyancy of biblical joy. 9. Practice the power of plodding: Effectively complete major tasks by persistently working in small increments. 10. Remember there are two of you: It's Christ in you Who's achieving significance. Based on actual Scriptures, this simple, hope-filled plan for mastering life before it's too late will put you on the path toward a lifetime of success.

An Antidote to Chaos WH Freeman

Right now, 70% of Americans aren't passionate about their work and are desperately longing for meaning and purpose. They're sick of "average" and know there's something better out there, but they just don't know how to reach it. One basic principle—The Proximity Principle—can change everything you thought you knew about pursuing a career you love. In his latest book, *The Proximity Principle*, national radio host and career expert Ken Coleman provides a simple plan of how positioning yourself near the right people and places can help you land the job you love. Forget the traditional career advice you've heard! Networking, handing out business cards, and updating your online profile do nothing to set you apart from other candidates. Ken will show you how to be intentional and genuine about the connections you make with a fresh, unexpected take on resumes and the job interview process. You'll discover the five people you should look for and the four best places to grow, learn, practice, and perform so you can step into the role you were created to fill. After reading *The Proximity Principle*, you'll know how to connect with the right people and put yourself in the right places, so opportunities will come—and you'll be prepared to take them.
