Margaret Maron is a celebration of something remarkable." -- New York Times Book Review "Maron writes with wit and sophistication." -- USA Today "There's nobody better." -- Chicago Tribune NYPD Detective Sigrid Harald is still reeling from the untimely death of her lover, acclaimed painter Oscar Nauman, when she is called to investigate the poisoning of two homeless men in the West Village. As she examines the mysterious deaths, Sigrid uncovers a grim neighborhood scandal surrounding two influential women: one a haughty mafia widow, the other a retired opera prima donna, both with dark secrets they've kept under wraps for decades. Was the poison really meant for the homeless men, or were they merely unintended victims as the decades-long feud between the two women comes to a head? And still, Sigrid can't stop wondering what brought her late lover so urgently across the country to the winding mountain road that took his life--until she meets a man who may hold the answers she seeks . . . "Opening a new Margaret Maron is like unwrapping a Christmas gift." -- Cleveland Plain Dealer "Of today's series writers none has been more successful at weaving the bond between star and audience than Margaret Maron." -- San Diego Union-Tribune

The Epic Story of Yellowstone PHI Learning Pvt. Ltd.

"George Black rediscovers the history and lore of one of the planet's most magnificent landscapes. Read Empire of Shadows, and you'll never think of our first—in many ways our greatest—national park in the same way again." —Hampton Sides, author of Blood and Thunder Empire of Shadows is the epic story of the conquest of Yellowstone, a landscape uninhabited, inaccessible and shrouded in myth in the aftermath of the Civil War. In a radical reinterpretation of the nineteenth century West, George Black casts Yellowstone's creation as the culmination of three interwoven strands of history - the passion for exploration, the violence of the Indian Wars and the "civilizing" of the frontier - and charts its course through the lives of those who sought to lay bare its mysteries: Lt. Gustavus Cheyney Doane, a gifted but tormented cavalryman known as "the man who invented Wonderland"; the ambitious former vigilante leader Nathaniel Langford; scientist Ferdinand Hayden, who brought photographer William Henry Jackson and painter Thomas Moran to Yellowstone; and Gen. Phil Sheridan, Civil War hero and architect of the Indian Wars, who finally succeeded in having the new National Park placed under the protection of the US Cavalry. George Black's Empire of Shadows is a groundbreaking historical account of the origins of America's majestic national landmark.
