Some of the best designs never hit our screens. The following chapter from The Best Interface is No Interface is called "Screen-based thinking: Let's make an app!" In it, Krishna lays out probably his worst-case scenario for app- and screen-based thinking, showing exactly how some companies are getting it wrong. The best interface is no interface: why we don't always ... The best interface is no interface. There was a time in which our lives were filled with paper, and we dreamed of a utopian paperless world. Now, instead, our lives are filled with screens. And I think it's

time to dream of a screenless world. THE BEST INTERFACE IS NO INTERFACE BY GOLDEN KRISHNA When does the human interface with machines need an app? What justifies that moment, when your audience needs to perform multiple steps just to cast their vote? Those are the questions we are asking these days. Everyone and their siblings 'have to have an app for voting' these days. But why? What is the benefit? Audience...
