Otis Redding and Steve Cropper's timeless ode to never-ending days is given fresh new life in this heartwarming picture book. Sittin' in the mornin' sun I'll be sittin' when the evening comes Watching the ships roll in Then I'll watch 'em roll away again, yeah (Sittin' on) The Dock of the Bay is a charming picture book set to one of the King of Soul's™ greatest hits. The song was one of the last Redding recorded, and ranked number four on Billboard's year-end Hot 100 chart, going on to win two GRAMMYs and be certified triple-platinum. With lyrics by Otis Redding and Steve Cropper and illustrations by Kaitlyn Shea O'Connor, this picture book imagines a lonesome cat fishing off a dock and hoping the fish will bite soon. (Sittin' on) The Dock of the Bay is the perfect picture book for parents wanting to share a classic song with their children, allowing both to find joy in it along the way. "What [Otis Redding's] voice conveyed to listeners was an immediate, almost unparalleled connection; he could wring inconceivable intensity and complexity out of a minimal phrase and returned, most often, to the basic, raw power of love." --New York Times The Otis Redding Foundation: Redding was dedicated to improving the quality of life for his community through the education and empowerment of its youth. He provided scholarships and summer music programs which continued until his untimely death on December 10, 1967. Today, the mission of the Otis Redding Foundation, established in 2007 by Mrs. Zelma Redding, is to empower, enrich, and motivate all young people through programs involving music, writing, and instrumentation. A floating coffin draws Brooklyn homicide detective Jack Leightner into a murder investigation in hidden parts of New York Harbor and the old Brooklyn Navy Yard in this second novel in Edgar Award finalist Gabriel Cohen's acclaimed crime series. At a bed and breakfast in upstate New York, Brooklyn homicide detective Jack Leightner is doing his best to propose to his girlfriend. When the hotel staff loses the engagement ring, romance is put on hold and Leightner returns to Brooklyn to tangle once more with death. A boy has been found floating by the Red Hook pier in a handmade coffin that suggests a burial at sea. But when a second victim turns up, Leightner senses a vile pattern. The last time he worked Red Hook, the old waterfront was a ghost town. Now, gentrification is reshaping the quiet cobblestoned streets, with big-box stores and condos being built where longshoremen once lived, worked, loved, and died. But even in this shiny new Brooklyn, Leightner

knows, there are corners where darkness reigns. The Graving Dock is the 2nd book in the Jack Leightner Crime Novels, but you may enjoy reading the series in any order.

A haunting story of guilt and blame in the wake of a drowning, the first novel by the author of Spectacle Susan Steinberg's first novel, Machine, is a dazzling and innovative leap forward for a writer whose most recent book, Spectacle, gained her a rapturous following. Machine revolves around a group of teenagers—both locals and wealthy out-of-towners—during a single summer at the shore. Steinberg captures the pressures and demands of this world in a voice that effortlessly slides from collective to singular, as one girl recounts a night on which another girl drowned. Hoping to assuage her guilt and evade a similar fate, she pieces together the details of this tragedy, as well as the breakdown of her own family, and learns that no one, not even she, is blameless. A daring stylist, Steinberg contrasts semicolon-studded sentences with short lines that race down the page. This restless approach gains focus and power through a sharply drawn narrative that ferociously interrogates gender, class, privilege, and the disintegration of identity in the shadow of trauma. Machine is the kind of novel—relentless and bold—that only Susan Steinberg could have written.

Of course there was a baby in the case--a baby and mongrel dog, and a little boy and girl. They baby was small, and not particularly fair, but it had round limbs and a dimple or two, and a soft, half-pathetic, half-doggy look in its blue eyes, and the usual knack, which most helpless little babies have, of twining itself round the hearts of those who took care of it.

Who knew a big fat murder mystery would come bobbing in on my fishing hook? But it did. Well,

sorta. And you'd think the long blond strands of hair might've given someone a clue. But they didn't. Not to everyone, that is. Oh sure, people talked. Some folks even said they knew who was at the bottom of the river. Others even said they knew how she got there too. But they didn't. Not really. It was just talk, and I knew it too. Mom said not to listen to what she called idle gossip. What's idle gossip? I asked. She never answered me. She never does. It doesn't matter though. And it didn't stop the rumors from flying around town either. Old Lady Hatch said it was the River spirits. She said they were awake again and they'd keep on taking people under the water until they'd taken everybody they wanted. But who'd believe a crazy old lady who lives with ninety-nine cats anyway? All I know is things haven't been the same since I reeled in that mess on the Riverwalk dock.

Stanley Weithorn has lived one of the most remarkable personal and professional sagas of our time. Survivor of an abusive childhood, he became a political activist, legal pioneer, and a crusading philanthropist. Weithorn worked his way through law school, became a partner in a prestigious firm,

and then almost single-handedly created a new field of practice—charitable tax law. He wrote the first book on the subject, a seven-volume treatise more than 5,000 pages long that he updated for twenty-five years. More important, he applied his expertise to social and political causes, waging legal battles on behalf of the poor, the environment, freedom of speech, women's rights, gay rights, and the anti-war movement. Weithorn's efforts won him more than his share of adversaries. He was targeted by the IRS and right-wing interest groups; he was named on Richard M. Nixon's notorious "enemies list." But if not for the legal brilliance and the moral commitment of Stanley Weithorn, groups ranging from The Nature Conservancy and the National Resources Defense Council to People for the American Way and the National Gay & Lesbian Task Force might have been crippled in their efforts—if they existed at all. In *Love, Death, and Taxes*, Stanley Weithorn tells the story of his event-filled life, including his personal struggles against illness and family tragedy as well as the political and professional battles he fought on behalf of society's least-fortunate. Feisty, frank, candid, and opinionated, *Love, Death, and Taxes* is one of the most unusual memoirs you will ever read.
