Questa raccolta di poesie e di racconti popolari anonimi in dialetto molisano tracciano il percorso di due storie che, pur diversificate, si compenetrano e si completano a vicenda: la storia individuale dell' autore e la storia collettiva della società di un paese del Sud. Le immagini di un mondo apparentemente immobile e arcaico si alternano alle vicende di una realtà storica complessa e tormentata, nel cui magma vecchio e nuovo si scontrano e si fondono. This collection of poems and anonymous folktales in the Molisan dialect traces the unfolding of two stories which, although distinct, interweave and complete each other: the author's individual story and the story of a town in the South of Italy. The images of an apparently immobile and archaic world alternate with the events of a complex and tormented historical reality, in whose magma the new and the old clash and fuse.

Shows how the networking-averse can succeed by working with the very traits that make them hate traditional networking Written by a proud introvert who is also an enthusiastic networker Includes field-tested tips and techniques for virtually any situation Are you the kind of person who would rather get a root canal than face a group of strangers? Does the phrase “working a room” make you want to retreat to yours? Does traditional networking advice seem like it’s in a foreign language? Devora Zack, an avowed introvert and a successful consultant who speaks to thousands of people every year, feels your pain. She found that most networking advice books assume that to succeed you have to become an outgoing, extraverted person. Or at least learn how to fake it. Not at all. There is another way. This book shatters stereotypes about people who dislike networking. They’re not shy or misanthropic. Rather, they tend to be reflective—they think before they talk. They focus intensely on a few things rather than broadly on a lot of things. And they need time alone to recharge. Because they’ve been told networking is all about small talk, big numbers and constant contact, they assume it’s not for them. But it is! Zack politely examines and then

smashes to tiny fragments the “dusty old rules” of standard networking advice. She shows how the very traits that ordinarily make people networking-averse can be harnessed to forge an approach that is just as effective as more traditional approaches, if not better. And she applies it to all kinds of situations, not just formal networking events. After all, as she says, life is just one big networking opportunity—a notion readers can now embrace. Networking enables you to accomplish the things that are important to you. But you can’t adopt a style that goes against who you are—and you don’t have to. “I have never met a person who did not benefit tremendously from learning how to network—on his or her own terms”, Zack writes. “You do not succeed by denying your natural temperament; you succeed by working with your strengths.”

A BILINGUAL EDITION. In 1925, Jean Cocteau, a leading artist of the French avant-garde, was standing in an elevator when an angel spoke to him and divulged his name: it was the same as that of elevator manufacturer, Heurtebise. In a haze that lasted seven days, Cocteau wrote this long poem about the Angel Heurtebise, who was not only a guardian angel and muse, but also the

reincarnation of Cocteau's dead lover Raymond Radiguet, and a kind of demon. This character appeared throughout Cocteau's works.

In this pathbreaking and provocative new treatment of some of the oldest dilemmas of psychology and relationship, Gordon Wheeler challenges the most basic tenet of the West cultural tradition: the individualist self. Characteristics of this self-model are our embedded yet pervasive ideas that the individual self precedes and transcends relationship and social field conditions and that interpersonal experience is somehow secondary and even opposed to the needs of the inner self. Assumptions like these, Wheeler argues, which are taken to be inherent to human nature and development, amount to a controlling cultural paradigm that does considerable violence to both our evolutionary self-nature and our intuitive self-experience. He asserts that we are actually far more relational and intersubjective than our cultural generally allows and that these relational capacities are deeply built into our inherent evolutionary nature. His argument progresses from the origins and lineage of the Western individualist self-model, into the basis for a new model of the self, relationship, and experience out of the insights and implications of Gestalt psychology and its philosophical derivatives, deconstructivism and social constructionism. From there, in a linked series of experiential chapters, each of them a groundbreaking essay in its own right, he takes up the essential dynamic themes of self-experience and relational life: interpersonal orientation, meaning-making and adaptation, support, shame, intimacy, and finally narrative and gender, culminating in considerations of health, ethics, politics, and spirit. The result is a picture and an experience of self that is grounded in the active dynamics of attention, problem solving, imagination, interpretation, evaluation, emotion, meaning-making, narration, and, above all, relationship. By the final section, the reader comes away with a new sense of what it means to be human and a new and more usable definition of health.

Opportunities and optimism in Aging. Issues in Aging, 3rd edition takes an optimistic view of aging and human potential in later life. This book presents the most up-to-date facts on aging today, the issues raised by these facts, and the societal and individual responses that will create a successful old age for us all. Mark Novak presents the full picture of aging--exhibiting both the problems and the opportunities that accompany older age. The text illustrates how generations are dependent

on one another and how social conditions affect both the individual and social institutions. Learning Goals -Upon completing this book, readers will be able to: -Understand how large-scale social issues--social attitudes, the study of aging, and demographic issues--affect individuals and social institutions -Identify the political responses to aging and how individuals can create a better old age for themselves and the people they know -Separate the myths from the realities of aging -Recognize the human side of aging -Trace the transformation of pension plans, health, and opportunities for personal expression and social engagement to the new ecology of aging today

Adam & Steve Distributed Art Publishers (DAP)

#1 NEW YORK TIMES BESTSELLER • The thrilling history of the Targaryens comes to life in this masterly work, the inspiration for HBO's Game of Thrones prequel series House of the Dragon "The thrill of Fire & Blood is the thrill of all Martin's fantasy work: familiar myths debunked, the whole trope table flipped."—Entertainment Weekly Centuries before the events of A Game of Thrones, House Targaryen—the only family of dragonlords to survive the Doom of Valyria—took up residence on Dragonstone. Fire & Blood begins their tale with the legendary Aegon the Conqueror, creator of the Iron Throne, and goes on to recount the generations of Targaryens who fought to hold that iconic seat, all the way up to the civil war that nearly tore their dynasty apart. What really happened during the Dance of the Dragons? Why was it so deadly to visit Valyria after the Doom? What were Maegor the Cruel's worst crimes? What was it like in Westeros when dragons ruled the skies? These are but a few of the questions answered in this essential chronicle, as related by a learned maester of the Citadel and featuring more than eighty-five black-and-white illustrations by artist Doug Wheatley—including five illustrations exclusive to the trade paperback edition. Readers have glimpsed small parts of this narrative in such volumes as The World of Ice & Fire, but now, for the first time, the full tapestry of Targaryen history is revealed. With all the scope and grandeur of Gibbon's The History of the Decline and Fall of the Roman Empire, Fire & Blood is the first volume of the definitive two-part history of the Targaryens, giving readers a whole new appreciation for the dynamic, often bloody, and always fascinating history of Westeros. Praise for Fire & Blood "A masterpiece of popular historical fiction."—The Sunday Times "The saga is a rich and dark one, full of both the title's promised elements. . . . It's hard not to thrill to the descriptions of dragons engaging in airborne combat, or the dilemma of whether defeated rulers should 'bend the knee,' 'take the black' and join the Night's Watch, or simply meet an inventive and horrible end."—The Guardian

Dante's Inferno (Illustrated by Dore) Wiley-Blackwell

Taking a literary journey through hell certainly sounds intriguing enough--and it is! If you can understand it! If you don't understand it, then you are not alone. If you have struggled in the past reading the ancient classic, then BookCaps can help you out. This book is a modern translation with a fresh spin. The original text is also presented in the book, along with a comparable version of the modern text. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month.

An interpretation of Botticelli's painting which relates it closely to works of poetry by Lorenzo, Politian and Pulci. The author suggests how the idea of love as portrayed by Botticelli incorporates the actual cultural renovation imagined and sponsored by

Lu Pavone Andesite Press

Veronica Franco (whose life is featured in the motion picture Dangerous Beauty) was a sixteenth-century Venetian beauty, poet, and protofeminist. This collection captures the frank eroticism and impressive eloquence that set her apart from the chaste, silent woman prescribed by Renaissance gender ideology. As an "honored courtesan", Franco made her living by arranging to have sexual relations, for a high fee, with the elite of Venice and the many travelers—merchants, ambassadors, even kings—who passed through the city. Courtesans needed to be beautiful, sophisticated in their dress and manners, and elegant, cultivated conversationalists. Exempt from many of the social and educational restrictions placed on women of the Venetian patrician class, Franco used her position to recast "virtue" as "intellectual integrity," offering wit and refinement in return for patronage and a place in public life. Franco became a writer by allying herself with distinguished men at the center of her city's culture, particularly in the informal meetings of a literary salon at the home of Domenico Venier, the oldest member of a noble family and a former Venetian senator. Through Venier's protection and her own determination, Franco published work in which she defended her fellow courtesans, speaking out against their mistreatment by men and criticizing

the subordination of women in general. Venier also provided literary counsel when she responded to insulting attacks written by the male Venetian poet Maffio Venier. Franco's insight into the power conflicts between men and women and her awareness of the threat she posed to her male contemporaries make her life and work pertinent today.

How to Train Your Dragon: The Serpent's Heir Hay House, Inc

"Klezmer" is a Yiddish word for professional folk instrumentalist-the flutist, fiddler, and bass player that made brides weep and guests dance at weddings throughout Jewish eastern Europe before the culture was destroyed in the Holocaust, silenced under Stalin, and lost out to assimilation in America. Klezmer music is now experiencing a tremendous new spurt of interest worldwide with both Jews and non-Jews recreating this restless volatile, and vibrant musical culture. Firmly centered in the United States, klezmer has paradoxically moved back across the Atlantic as a distinctly "American" music, played throughout central and eastern Europe, as well as in many other parts of the world. Fiddler on the Move places klezmer music squarely within American music studies, cultural studies, and ethnomusicology. Neither a chronology nor a comprehensive survey, the book describes a variety of approaches and perspectives for coming to terms with the highly diverse array of activities found under the klezmer umbrella. Bringing to his subject the insights of an accomplished ethnomusicologist, Slobin addresses such questions as: How does klezmer overlap with, and differ from, the many other contemporary "heritage" musics based on an assumed connection with a group identity and links to a tradition? How do economics, artistic expression, and the evocation of the past interact in motivating klezmer performers and audiences? In what kinds of environment does klezmer flourish? How do stylistic features such as genre, form, and ornamentation help to define the technique, affect, and aesthetic of klezmer? Featuring a music CD with many of the archival and contemporary recordings discussed in the text, this fascinating study will interest scholars, students, musicians, and music lovers

Fire & Blood Peter Lang Incorporated, International Academic Publishers

Take one part Mexi-Monster cinema, one part Teenage Mutant Ninja Turtles, throw in a little Zoro, the WWF and the knit-costume-wearing performance art collective Forcefield, and you come up with the raw, vivid, and psychologically unhinged world of "Lucha Libre" the sports-entertainment phenomenon that first swept Mexico and now the world. Photographer Lourdes Grobet's penetrating study of Mexican professional wrestling culture features more than 500 photographs of "luchadores" like Blue Demon, Santo, The Witch, Adorable Rub', El Solitario and Hurricane Ramirez, as well as pictures of their families, friends and fans--onstage, backstage and even at home. "Lucha Libre" also includes photographs of stickers, flyers, postcards, stills from "Mexi-lucha-cinema," interviews with the wrestlers, essays and much, much more! In this comprehensive 20-year study, Grobet has put together "the" definitive look at Mexico's masked superstars.

A General History and Collection of Voyages and Travels Duke University Press

A search for the Beast, a Yeti-like creature within the heart of the Amazon, becomes a quest for self-discovery in this young adult coming-of-age story filled with international adventure, rich mythology, and magical realism from globally celebrated novelist Isabel Allende. Fifteen-year-old Alexander Cold has the chance to take the trip of a lifetime. Parting from his family and ill mother, Alexander joins his fearless grandmother, a magazine reporter for International Geographic, on an expedition to the dangerous, remote world of the Amazon. Their mission, along with the others on their team—including a celebrated anthropologist, a local guide and his young daughter Nadia, and a doctor—is to document the legendary Yeti of the Amazon known as the Beast. Under the dense canopy of the jungle, Alexander is amazed to discover much more than he could have imagined about the hidden worlds of the rain forest. Drawing on the strength of the jaguar, the totemic animal Alexander finds within himself, and the eagle, Nadia's spirit guide, both young people are led by the invisible People of the Mist on a thrilling and unforgettable journey to the ultimate discovery.

Dante's Divine Comedy in Plain and Simple English (Translated) Oxford University Press

The World of Lucha Libre is an insider's account of lucha libre, the popular Mexican form of professional wrestling. Heather Levi spent more than a year immersed in the world of wrestling in Mexico City. Not only did she observe live events and interview wrestlers, referees, officials, promoters, and reporters; she also apprenticed with a retired luchador (wrestler). Drawing on her insider's perspective, she explores lucha libre as a cultural performance, an occupational subculture, and a set of symbols that circulate through Mexican culture and politics. Levi argues that the broad appeal of lucha libre lies in its capacity to stage contradictions at the heart of Mexican national identity: between the rural and the urban, tradition and modernity, ritual and

parody, machismo and feminism, politics and spectacle. Levi considers lucha libre in light of scholarship about sport, modernization, and the formation of the Mexican nation-state, and in connection to professional wrestling in the United States. She examines the role of secrecy in wrestling, the relationship between wrestlers and the characters they embody, and the meanings of the masks worn by luchadors. She discusses male wrestlers who perform masculine roles, those who cross-dress and perform feminine roles, and female wrestlers who wrestle each other. Investigating the relationship between lucha libre and the mass media, she highlights the history of the sport's engagement with television: it was televised briefly in the early 1950s, but not again until 1991. Finally, Levi traces the circulation of lucha libre symbols in avant-garde artistic movements and its appropriation in left-wing political discourse. The World of Lucha Libre shows

how a sport imported from the United States in the 1930s came to be an iconic symbol of Mexican cultural authenticity.
