SMALL GWENDOLYN

A Reference Grammar of Spanish Cambridge University Press

This reference grammar provides, for the first time, a description of the grammar of Mandarin Chinese, the official spoken language of China and Taiwan, in functional terms, focusing on the role and meanings of word-level and sentence-level structures in actual conversations.

Practising Spanish

Grammar University of Oklahoma Press

(abridged and revised)

This reference grammar offers intermediate and advanced students a reason ably comprehensive guide to the morphology and syntax of educated speech and plain prose in Spain and Latin America at the end of the twentieth century.

Spanish is the main, usually the sole official language of twenty-one countries,} and it is set fair to overtake English by the year 2000 in numbers 2 of native speakers. This vast geographical and

political diversity ensures that Spanish is a good deal less unified than French, German or even English, the latter more or less internationally standardized according to either American or British norms. Until the 1960s, the criteria of internationally correct Spanish were dictated by the Real Academia Espanola, but the prestige of this institution has now sunk so low that its most solemn decrees are hardly taken seriously - witness the fate of the spelling reforms listed in the *Nuevas normas de prosodia y ortograjia*, which were supposed to come into force in all Spanish-speaking countries in 1959 and, nearly forty years later, are still selectively ignored by publishers and literate persons everywhere. The fact is that in Spanish 'correctness' is nowadays decided, as it is in all living languages, by the consensus of native speakers; but consensus about linguistic usage is obviously difficult to achieve between more than twenty independent, widely scattered and sometimes mutually hostile countries.

Peninsular Spanish is itself in flux.

Allen and Greenough's New Latin Grammar for Schools and Colleges

Oxford University Press, USA

This descriptive reference grammar of Nishnaabemwin (Odawa and Eastern Ojibwe) includes extensive descriptive treatment of phonology, orthography, inflectional morphology, derivational morphology, and major structural and functional syntactic categories.

A New Reference

Grammar of Modern

Spanish is a

comprehensive, cohesive

and clear guide to the

forms and structures of

Spanish as it is written

and spoken today in Spain

and Latin-America. It

includes clear descriptions

of all the main

grammatical phenomena

of Spanish, and their use,

illustrated by numerous

examples of

contemporary Spanish,

both Peninsular and Latin-

American, formal and

informal. Fully revised and

updated, the sixth edition

is even more relevant to

students and teachers of

Spanish. The sixth edition includes: • new chapters, providing more detail and examples of key areas of Spanish grammar; • an increased number of Mexican examples to reflect the growing interest in this country's variety of Spanish; • new information for readers studying Spanish and French together; • a glossary of grammatical terms including English translations of Spanish terms. The combination of reference grammar and manual of current usage is invaluable for learners at level B2–C2 of the Common European Framework for Languages, and Intermediate High–Advanced High on the ACTFL proficiency scales.

New Reference Grammar of Modern Spanish (Us Edn. 0658008730)
Cambridge University Press

A Grammar of Dolakha Newar is the first fully comprehensive reference grammar of a Newar variety. Dolakha Newar is of particular interest as it is member of the mutually unintelligible eastern branch of the family, so allows for an important comparative perspective on this significant Tibeto-Burman language. In

addition to a chapter on phonetics and phonology, the book contains a separate chapter on prosody. There are also distinct chapters on each word class, with full discussion of the morphological and syntactic properties of each class. The book provides an extensive study of syntax, including complete chapters on constructions, clause structure, constituent order, grammatical relations, nominalization, complementation, the participial construction, and the complex sentence, as well as a detailed chapter on tense and aspect. Brimming with examples from natural discourse, the book couples rigorous description of the language's structures with full discussion of how the structures are used in connected speech. Each analysis is presented with full argumentation and competing analyses are contrasted and discussed. The result is a rich, readable, and beautifully argued portrait of a language and how it works.

For many years A NEW REFERENCE GRAMMAR OF

MODERN SPANISH has been trusted by students and teachers as the standard English-language reference grammar of Spanish. Now updated to include the latest findings of the Royal Spanish Academy's official grammar book, 'La Nueva gramática de la lengua española', making A NEW REFERENCE GRAMMAR OF MODERN SPANISH FIFTH EDITION even more relevant to students and teachers of Spanish. Key features of this fifth edition include: a 'Guide to the Book', enabling you to make the most of this new edition new vocabulary such as topical and technological terms, bringing you up-to-date with contemporary spoken Spanish more Latin-American Spanish, ensuring world-wide coverage a clearer guidance to recommended usage - advice on the Academy's latest spelling rules. Whether a student or a teacher of Spanish, you can be sure that this fifth edition of A NEW REFERENCE GRAMMAR OF MODERN SPANISH will provide you with a comprehensive, cohesive and clear guide to the forms and structures of Spanish as it is written and spoken today in Spain

and Latin America.

A New Reference Grammar of Modern Spanish Cambridge University Press

This book describes and systematizes all aspects of the grammar of Russian: the patterns of orthography, sounds, inflection, syntax, tense-aspect-mood, word order, and intonation. It is especially concerned with the meaning of combinations of words (constructions). The core concept is that of the predicate history: a record of the states of entities through time and across possibilities. Using predicate histories, the book presents an integrated account of the semantics of verbs, nouns, case, and aspect. More attention is paid to syntax than in any other grammars of Russian written in English or in other languages of Western Europe. Alan Timberlake refers to the literature on variation and trends in development, and makes use of contemporary data from the internet. This book will appeal to students, scholars and language professionals interested in Russian.

Palauan Reference Grammar University of Hawaii Press

Volumes in the Trends in Linguistics.

Documentation series focus on the presentation of linguistic data. The series addresses the sustained interest in linguistic descriptions, dictionaries, grammars and editions of under-described and hitherto undocumented languages. All world-regions and time periods are represented.

Spanish Grammar Univ of California Press

A Reference Grammar of Modern Hebrew provides a clearly structured and accessible guide to all aspects of contemporary Hebrew grammar. Systematically organised, it presents the basic structures of the language, looking at grammatical categories, phrases, expressions, and the construction of clauses and sentences. Specialised linguistic terminology is kept to a minimum, and verb and noun tables are provided as well as a comprehensive index of terms, making this both a useful teaching resource and an easy-to-use reference tool for those wishing to look up specific details of the language.

Chamorro Reference Grammar Routledge Practising Spanish

Grammar can be used independently or as the ideal companion to the sixth edition of the widely acclaimed A New Reference Grammar of Modern Spanish (Butt, Benjamin and Moreira Rodríguez). Thoroughly updated, this fourth edition of the workbook features an improved organization which closely mirrors that of A New Reference Grammar of Modern Spanish, sixth edition. The selection of exercises has been fully revised and expanded with new exercises on a variety of topics including possessives, conditional, future and past tenses, and polite requests. Designed to stimulate and engage even the most grammar-shy students, this is an ideal resource for Spanish learners at CEFR Level B2-C1, ACFTL Intermediate-High to Advanced.

A Reference Grammar of Contemporary Italian for English Speakers University of Hawaii Press
A Reference Grammar of Modern Standard Arabic is a comprehensive handbook on the structure of Arabic. Keeping technical terminology to a minimum, it provides a detailed yet accessible overview of Modern Standard Arabic in which

the essential aspects of its phonology, morphology and syntax can be readily looked up and understood. Accompanied by extensive carefully-chosen examples, it will prove invaluable as a practical guide for supporting students' textbooks, classroom work or self-study, and will also be a useful resource for scholars and professionals wishing to develop an understanding of the key features of the language. Grammar notes are numbered for ease of reference, and a section is included on how to use an Arabic dictionary, as well as helpful glossaries of Arabic and English linguistic terms and a useful bibliography. Clearly structured and systematically organised, this book is set to become the standard guide to the grammar of contemporary Arabic.

Tagalog Reference

Grammar Hackett Publishing

This is the first full-scale reference grammar of Classical Greek in English in a century. The first work of its kind to reflect significant advances in linguistics made in recent decades, it provides students, teachers and academics with a

comprehensive yet user-friendly treatment. The chapters on phonology and morphology make full use of insights from comparative and historical linguistics to elucidate complex systems of roots, stems and endings. The syntax offers linguistically up-to-date descriptions of such topics as case usage, tense and aspect, voice, subordinate clauses, infinitives and participles. An innovative section on textual coherence treats particles and word order and discusses several sample passages in detail, demonstrating new ways of approaching Greek texts. Throughout the book numerous original examples are provided, all with translations and often with clarifying notes. Clearly laid-out tables, helpful cross-references and full indexes make this essential resource accessible to users of all levels.

Ponapean Reference Grammar University of Hawaii Press

This new edition of the Modern Italian Grammar is an innovative reference guide to Italian, combining traditional and function-based grammar in a single volume. With a strong emphasis on

contemporary usage, all grammar points and functions are richly illustrated with examples. Implementing feedback from users of the first edition, this text includes clearer explanations, as well as a greater emphasis on areas of particular difficulty for learners of Italian. Divided into two sections, the book covers: traditional grammatical categories such as word order, nouns, verbs and adjectives language functions and notions such as giving and seeking information, describing processes and results, and expressing likes, dislikes and preferences. This is the ideal reference grammar for learners of Italian at all levels, from beginner to advanced. No prior knowledge of grammatical terminology is needed and a glossary of grammatical terms is provided. This Grammar is complemented by the Modern Italian Grammar Workbook Second Edition which features related exercises and activities.

New Reference Grammar of Modern Spanish Blackwell Publishing

Bislama is the national language of Vanuatu, the world's most linguistically

diverse nation with at least 80 actively spoken Oceanic languages used by about 200,000 people. Bislama began as a plantation pidgin based on English in the nineteenth century, but it has since developed into a unique language with a grammar and vocabulary very different from English. It is one of very few national languages for which there is no readily available reference grammar. This book aims to fill this gap by providing an extensive account of the grammar of Bislama as it is used by ordinary Ni-Vanuatu. It does not, therefore, aim to describe any kind of artificial written norm but sets out to capture a range of different kinds of ways that Ni-Vanuatu will say things in various contexts, both written and spoken, formal and informal. The thrust of this volume is to show that Bislama has a grammar—an unfamiliar concept for those educated in Vanuatu. It also shows that Bislama is a language of considerable complexity, which will come as a surprise to many of its users, who have been taught to view their language as somehow "simple" and even

"deficient."
Cherokee Reference Grammar Routledge
 This third edition of PRACTISING SPANISH GRAMMAR offers you a wide variety of exercises that put Spanish grammar into practice so you can understand better how the language is used today. Thoroughly updated, PRACTISING SPANISH GRAMMAR THIRD EDITION includes: a glossary that explains grammatical terms clearly, providing you with a useful reference guide to the tools of the language level indicators with all exercises to help you progress at your own pace translations for key words within the exercises so you can work without having to stop and refer to a dictionary answers to all the exercises so you can use this book in class or at home a range of exercise types that cater for different learning strategies to help build your confidence in Spanish. With its broad variety of brand-new and revised exercises designed to stimulate and engage even the most grammar-shy students, this third edition can be used independently or as the ideal companion to the new fifth edition of the widely acclaimed A NEW

REFERENCE GRAMMAR OF MODERN SPANISH FIFTH EDITION by John Butt and Carmen Benjamin.

A Reference Grammar of Japanese Walter de Gruyter

Chamorro Reference Grammar is a detailed description of the grammatical structure of the indigenous language of the Mariana Islands. It is designed primarily as a reference work which will serve to give native speakers some insight into the complexities of their language and to encourage its use at a time when other languages are more prestigious. The book contains an introduction to Chamorro, and its developmental history and dialectal variations, and, with a minimum of technical linguistic terms, it treats phonology, morphology, and syntax. Notes to linguists and a glossary of linguistic terms are included.

A Reference Grammar of Russian Univ of California Press

A Reference Grammar of Spanish is a comprehensive handbook on the structure of the Spanish language. Keeping technical terminology to a minimum, it provides a detailed yet clear point of

reference on all the intricacies of Spanish grammar, covering word order, parts of speech, verb use, syntax, gender, number, alphabet, and pronunciation.

Accompanied by a wealth of carefully chosen examples, it looks at Spanish in Iberia, the USA, Mexico, and Argentina, and demonstrates the differences between these varieties. It is designed specifically with English-speaking learners in mind, and contains useful tools such as a glossary of terms, an index, and a detailed examination of different registers of the language. Clearly structured and systematically organised, this volume is set to become the standard guide to the grammar of contemporary Spanish, and will be an invaluable resource for teachers and students, as well as a practical supplement to textbooks and classroom study.

Wappo is an indigenous

language, generally regarded as a language isolate, which was once spoken in the Russian River Valley, just north of San Francisco, California. This reference grammar is based on the speech of Laura Fish Somersal, its last fluent speaker, who died in 1990, and represents the most extensive data and grammatical research ever done on this language. The grammar focuses on morphosyntax, particularly nominal, verbal, and clausal structures and clause combining patterns, from a functional/typological perspective.

Here is the most comprehensive description to date of the indigenous language of the island of Ponape. Designed as a reference volume for Ponapean educators, particularly those working in bilingual education programs, this work will also be of value to English-speaking students of Ponapean and to scholars of other Pacific languages and cultures. The grammar begins with useful background information on Ponape and Ponapean and then systematically explores the phonology, morphology, and syntax of this language. Separate treatment is given to Ponapean honorific speech styles. Also included are an appendix of current Ponapean spelling conventions and a bibliography of selected books and articles useful in the study of this language. This new work is a companion volume to the Ponapean-English Dictionary by the same authors.
