Themba Limba is a family man who is caught between his flourishing career as a teacher and municipal councillor in the township of Sekunjalo, and his overriding sexual interests. Despite his attempts to maintain his status in the community, his actions eventually lead to his downfall. What follows is an account - sometimes tragic, occasionally humorous, and always compelling - of Thernba's efforts to regain his dignity and pride in the eyes of his family and community. When a Man Cries is a novel about the challenges of manhood in contemporary South African society. It interrogates the dynamics of township life and the human and socioeconomic realities of the most impoverished communities in post-apartheid South Africa.

Three hungry goats roam the South African landscape where, just across the bridge, there is a koppie—a small hill in the midst of the land—that is covered in sweet, green grass and would be delicious to eat. They're too afraid of the fierce monster that lives beneath the bridge to cross,

until one day they are hungry enough to try. Each goat must test their bravery and attempt outsmarting the monster, or else be gobbled up. A retelling of a beloved children's fable, this story reflects African contexts while maintaining the universal qualities of the original.

*An African Elegy* A&C Black

A Xhosa prince reluctantly leaves the University College of Fort Hare and goes back to the land of his ancestors to take his place as king of the Mpondomise. The clash of his modern ideas and the traditional beliefs of his people mirrors the dash of the western way of life with African custom and tradition -- church-people versus traditionalists, school people versus 'red-ochre people', boarding school activities versus the inkundla or assembly at the royal place. The conclusion, that disaster can be averted only by the willingness of opposing forces to work together for mutual comprehension of the legitimate claims of tradition and modernity, gives a foretaste of the spirit that governed modern South Africa's political transformation. Ingqumbo Yeminyanya -- The Wrath of the Ancestors -- is a classic of Xhosa literature. A C Jordan has a keen eye for detail, a delightful sense of humour and a dramatic style. Literal translations of Xhosa images, idioms and proverbs transport readers to the Tsolo district and conjure up the memorable speeches of the Mpondomise counsellors.

Samuel Edward Krune Mqhayi (1875-1945) was the most prominent South African imbongi of his day, a Xhosa oral poet who declaimed his impromptu poetry on occasions of significance to his people. The author of numerous works of poetry, fiction and non-fiction, biography, autobiography, and translation, Mqhayi's contributions to Xhosa-language newspapers remains unparalleled in scope and volume. This book reclaims and assembles a chronological sequence of Mqhayi's occasional poems, for the most part now unknown. Sixty poems celebrate significant events in the calendar, on occasions of national or international importance. They constitute Iziganeko zesizwe, a chronicle of the nation, between 1900 and 1943: poetic responses to events from the perspective of the greatest figure in Xhosa literature. Wars feature prominently in these occasional poems--the Boer War, the First World War, the invasion of Abyssinia, and the Second World War--as do political deputations to England, visits from British princes and the death of British kings, the appearance of Halley's Comet, and meetings with Ministers of State. Running through the collection is Mqhayi's proud and fierce determination to maintain an identity rooted in custom and history in the face of territorial dispossession, the loss of title deeds and the vote, and the steady erosion of human rights. Throughout these years, Mqhayi remained constant in offering praise and encouragement to his people, in celebrating their achievements, and in expressing Christian consolation and an unflinching faith in the future liberation of South Africa's black population from foreign control. Jabulani Means Rejoice is a dictionary comprised of hundreds of African names in local South African languages, meticulously assembled and expounded upon for the curious reader. Names are listed in alphabetical order with gender indications, as well as information regarding their ethnographic origins and meanings. Yet, Jabulani Means Rejoice is so much more than simply a list of names and their meanings. The author skilfully interweaves cultural context and history, including issues surrounding naming rituals, domestic disputes and the curse of the evil eye. As a reference work, the book stands as an invaluable contribution to the growing interest in African cultural history. With its names ranging from the traditional to the unconventional, it will appeal to linguists, family historians and anyone with an interest in names.

Nine years later government officials working on a census find a white child living with a Coloured family in the mountains beyond the forest. They take him away from the stricken Fiela, who has brought him up as her son, and give him back to his 'original' family. Stunned and helpless, Benjamin waits for Fiela to reclaim him. But, powerless against authority, Fiela never comes. Benjamin has to grow up before he can go in search of the truth ...
