focussed child protection, for community prevention, and for work with survivor-offenders. Shouting at the Rain Policy Press Sixteen year old Regan Stone has her life all mapped out. Every choice, from her dual credit classes to the out-of-state university she's selected is deliberate. She even has a no-romance stipulation to avoid dangerous distractions. What Regan didn't anticipate was the sudden

change in her best friend, Lane, leaving only glimpses of the boy she grew up with. The bombshell Lane drops on her weeks before he leaves for college compels Reagan to come to terms with her own feelings. This summer may change everything. A - Sort of - True Story Createspace Independent Publishing Platform Far in the distant reaches of the universe is a world called Azmantium. A

planet with lilac skies, jade green seas and fiery red suns. A planet where everything, from the tides of the sea to life itself, is rooted in magic. Children are assessed at an early age and trained according to their unique magical talents. Lara, an orphan who has no memory of her true origins, is unaware that she has a vital role to play in the ancient prophecies that are about to begin coming true.

Older than most who are just beginning their magical training, Lara will soon find out that destiny waits for no one, especially when the fate of the world rests on their shoulders. With the help of her new friends, Lara will learn that in order to save the future, she must journey into the past - to a time when Dragons ruled the world! This is the first book in the upcoming Dragon Born series!

Henry in a Hurry
Gallaudet University Press
"Nobody knew the truth. For all those years while people judged me, I protected those closest to me. Now it's time for the real story to be told. It's time for healing and forgiveness."
Tressa Middleton made UK history when she became Britain's youngest mom in 2006 aged just 12 years and 8 months. Her case provoked shock and

outrage--but the truth behind the headlines was far sadder than anyone could ever have imagined. Born into a life of poverty and neglect, Tressa was forced to grow up fast when she was taken into care at just four years old. She was returned to her mother's chaotic world but by the age of seven, she was being abused by her own brother and at 11 years old she fell pregnant with his child. For years she

kept his dark secret in an attempt to hold her family together until the truth threatened to destroy her completely. In the years since the birth, Tressa has gone through more pain and turmoil than most adults experience in a lifetime--yet today she survives a brave, strong, and compassionate young woman. Now, for the first time, Tressa Middleton tells her own harrowing yet

poignant story--a story of hope, forgiveness, and above all, love. Psion Beta CreateSpace Growing up Hippie is a personal memoir of a young girl named Anastasia who was born and raised during the early hippie era. Packed full of fascinating and unusual childhood events, her story very candidly portrays the unconventional and controversial lifestyle of the early hippie

culture. Anastasia gives a voice to a generation who are the offspring from the first wave of hippies. A tell-all story of what life was like being a hippie kid. From living in communes to experiencing the spiritual New Age, her story will captivate you. Aside from personal experiences, this book sheds light on the hippie culture itself. Based on her own interpretation, Anastasia weaves a

colorful
narration of
her take on
hippie life and
the foundation
of the hippie
culture.

The Tyler
family had the
perfect life -

until sixteen-year-old Leah decided she didn't want to be perfect anymore. While Leah's parents fight to save their daughter from destroying her brilliant future, Leah's younger sister, Justine, must cope with the damage her out-of-control sibling leaves in her wake. Will this family survive? What happens when love just isn't enough? Jodi Picoult fans will love *In Leah's Wake* - a heartbreaking, ultimately

redemptive story about family, connection and our responsibility to those we love.

I Am Luca

John Blake
With an uncanny relevance to today's world and inspired by the life of its author, *Karl's Story*, is a WW II child refugee's tale of resilience, hope and courage as told through the narrative of her beloved teddy bear, Karl. A story perfect for all ages: read to children by parents,

grandparents and teachers alike. It has been read many times to middle elementary grades. A book to be handed down from parent to child to child for generations to come. Karl, "a very old teddy bear," has a magic gift- he can tell stories to children who are still young enough to understand toy talk. *Karl's Story* begins in Europe. It's about Karl, the young girl Karin, and Mimi the mind reading cat, ...

how the three friends experience and survive WW II and then escape from communism to a new and hope-filled life with his beloved friend Karin .Their journey, their story, enchants children but in the sense of The Little Prince speaks timelessly to adults as well . Karl's Story tells of European refugees and is as relevant today as then. The chaos of the time turned the world of the

three friends upside down, slowly at first, from no more whipped cream at birthday parties to ever more frequent air raids, crashing bombs, and a harrowing train ride, with Karl and Mimi stuffed in Karin's old wicker trunk. In the journey Karin loses all she ever knew or loved, but goes on to rebuild her world in America. The book is categorized as Children's Fiction because of its charming

cover and talking stuffed animals but is inspirational to young and old alike, and a perfect antidote in these still troubled times; this is indeed a book for all.

his little brother but does so anyway? Certainly parents want answers, and no one is surprised when a parent falls back on interrogating a child or teen with repeated "Why?" or "What were you thinking?" questions. Unfortunately, searching for the reasons children behave as they do by asking the ubiquitous "Why?" is ultimately unsuccessful and, frankly, irrelevant. "I don't know,"

"Because," or "I wasn't thinking," is the usual child response, resulting in frustrated parents and youngsters who feel embarrassed, stupid or annoyed. Drs. Charles C. Larson and John B. Dockstader, each with more than thirty years of experience working with parents and youngsters, advise parents to step back from situations such as those described and offer, instead, techniques for

evaluating and solving family problems without needing to know "Why?". The authors counsel parents how to determine if a problem exists, who owns the problem and who is best equipped to solve it. Numerous real-life examples are presented to illustrate the problem-solving process and solutions. In *Parenting Without Guilt*, parents learn not only to solve family

problems, but also why the challenges parents and youngsters face today are more demanding than ever before. In addition, parents are guided through each stage of child development, from birth to young adulthood, with attention to typical problems any parent may anticipate. Resources that parents can use to help them resolve family discords are discussed, to include

working with educators, clergy, pediatricians, private practitioners and others. With compassion, humor and wisdom gained through practical experience, Drs. Larson and Dockstader offer information and advice that provides any parent with the skills to raise successful children without guilt, anxiety or distress.

Let Me Tell A Story is quite a departure from the military crime fiction Betit has published in the past. Written in the same tight but detailed style characteristic of his earlier books, this collection is a mix of short fiction and memoir, first-person stories that take place over a period of nearly 60 years. Although written in the first person,

the narrator of one story is not necessarily the narrator of the next story in the book. It starts with a tale about a 12-year-old boy who learns some important life lessons during a family trip to Maine's northern-most Aroostook County in the 1950s. It ends with a piece about an elderly Maine couple learning some lessons of their own while coming to grips with old age in the near present. In between

there are stories about young soldiers and old soldiers, husbands and wives, mothers and fathers and other sordid types. Half of the ten stories in the book take place in Maine. A lot of the pieces were based on Betit's experiences during the Vietnam War and its aftermath "I call them woulda-coulda-shoulda stories," he said. "All of them contain more than one grain of truth.

Usually, a lot more." Previously, Betit published *Phu Bai*, *Kagnew Station* and *The Man In The Canal*, military crime novels set in South Vietnam, Ethiopia and Sweden, respectively, during the late 60s and early 70s. That series follows the adventures of U.S. Army CID investigator John Murphy. During book talks promoting his crime novels Betit sometimes read early

versions of a few of the stories in Let Me Tell A Story at his events. "It was a good change of pace and the stories were well received," he said. "Like my other books, this book can be classified as a good read."

 Stephen Smith
 is the boy who
 did not exist.
 Born out of
 wedlock in the
 early 1960s,
 Steve's
 parents hid

him away from the world by locking him in the cellar...for thirteen years. Starved and beaten, the little boy's world was a darkened room that measured just eight feet by ten with a single makeshift bed, bare light bulb, and a solitary table. Steve would spend his days conjuring up an imaginary world full of monsters he would draw to try and block out the physical and mental torture

inflicted on him by his brutal father. Apart from a few admissions to hospital as a result of his 'imprisonment', Steve remained in the coal cellar of the family home where he was deprived of daylight, his childhood, school, and human contact until he'd reached his teenage years. Eventually, he escaped only to fall prey to the instigators of two of the worst cases of institutional abuse in the

UK at Aston Hall hospital and St. William's Catholic School. The Boy in the Cellar is a horrifying true story of torture and cruelty, that reveals a human's full capacity to fight for survival and search out happiness and hope.
