NATIONAL BESTSELLER Soon to be a major motion picture "Jon Swift + Witches of Eastwick + Kelly 'Get In Trouble' Link + Mean Girls + Creative Writing Degree Hell! No punches pulled, no hilarities dodged, no meme unmangled! O Bunny you are sooo genius!" —Margaret Atwood, via Twitter "A wild, audacious and ultimately unforgettable novel." —Michael Schaub, Los Angeles Times "Awad is a stone-cold genius." —Ann Bauer, The Washington Post The Vegetarian meets Heathers in this darkly funny, seductively strange novel from the acclaimed author of 13 Ways of Looking at a Fat Girl and Rouge "We were just these innocent girls in the night trying to make something beautiful. We

nearly died. We very nearly did, didn't we?" Samantha Heather Mackey couldn't be more of an outsider in her small, highly selective MFA program at New England's Warren University. A scholarship student who prefers the company of her dark imagination to that of most people, she is utterly repelled by the rest of her fiction writing cohort—a clique of unbearably twee rich girls who call each other "Bunny," and seem to move and speak as one. But everything changes when Samantha receives an invitation to the Bunnies' fabled "Smut Salon," and finds herself inexplicably drawn to their front door—ditching her only friend, Ava, in the process. As Samantha plunges deeper and deeper into the Bunnies' sinister yet saccharine world, beginning to take part in the ritualistic off-campus "Workshop" where they conjure their monstrous creations, the edges of reality begin to blur. Soon, her friendships with Ava and the Bunnies will be brought into deadly collision. The spellbinding new novel from one of our most fearless chroniclers of the female experience, Bunny is a down-the-rabbit-hole tale of loneliness and belonging, friendship and desire, and the fantastic and terrible power of the imagination. Named a Best Book of 2019 by TIME, Vogue, Electric Literature, and The New York Public Library

Now in paperback, an "insightful" (San Francisco Bay Guardian) look at tourism and nostalgia from the bestselling author and art critic. In Lucy R. Lippard's *On the Beaten Track*, essays on cultural criticism, anthropology, and community activism are interwoven to examine how tourism sites are conceived and represented, and how they transform their surroundings. Called "stimulating" and "valuable" by Newsday, *On the Beaten Track* is now available in paperback for the first time. With her characteristic breadth of insight and critical eye, Lippard explores the act of being a tourist in one's own home, the role of advertising and photography in defining place, antique shops as populist museums, and the commodification of indigenous cultures. She discusses the political economies of leisure spaces; the tourist's fascination with tragic destinations such as the sites of massacres, nuclear weapons tests, and Holocaust memorials; and our willingness to let national parks and heritage sites define nature and history. Finally, the author that critic Andrew Ross calls "the most sure-

footed tour guide you could hope for" surveys how artists are responding to the environmental, cultural, and political issues surrounding contemporary tourism.

A Time Magazine Top 10 Nonfiction book of 2011 A Publishers Weekly Best Nonfiction title for 2011 On a hill above the Italian village of Ravello sits the Villa Cimbrone, a place of fantasy and make-believe. The characters that move through Michael Holroyd's new book are destined never to meet, yet the Villa Cimbrone unites them all. A Book of Secrets is a treasure trove of hidden lives, uncelebrated achievements, and family mysteries. With grace and tender imagination, Holroyd brings a company of unknown women into the light. From Alice Keppel, the mistress of both the second Lord Grimthorpe and the Prince of Wales; to Eve Fairfax, a muse of Auguste Rodin; to the novelist Violet Trefusis, the lover of Vita Sackville-West—these women are always on the periphery of the respectable world. Also on the margins is the elusive biographer, who on occasion turns an appraising eye upon himself as part of his investigations in the maze of biography. In *A Book of Secrets*, Holroyd gives voice to fragile human connections and the mystery of place.

Winner of the 2016 World Fantasy Award for Best Collection Contains "The Bone Swans of Amandale," 2015 Nebula Award finalist for Best Novella "C. S. E. Cooney is one of the most moving, daring, and plainly beautiful voices to come out of recent fantasy. She's a powerhouse with a wink in her eye and a song in each pocket." —Catherynne M. Valente, New York Times-bestselling author of the Fairyland novels "These stories are a pure joy. C. S. E. Cooney's imagination is wild and varied, her stories bawdy, horrific, comic, and moving-frequently all at the same time. Her characters are wickedly appealing, and her language—O! her language. Lush, playful, poetic, but never obscure or stilted, it makes her magic more magic, her comedy more comic, and her tragic moments almost unbearable." —Delia Sherman, author of *Young Woman in a Garden: Stories* "Bone Swans is a joy of feathery bones & ghoulish clowns. I adored every word. Like an eyas cries for meat, I cry for more. C.S.E. Cooney's a major talent and these are major talent stories. Who can resist hero rats, pouting swans, feral children, flying carpets and the Flabberghast? So tongue-tied am I with delight I fall back on the usual clichés: gripping, delightful, insightful, rollicking & lyrical—and yet not one cliché is to be found in Bone Swans, only stories of surpassing delicacy and wit, told by a lady of rare talent. Please, ma'am, might I have some more?" —Ysabeau S. Wilce, Andre Norton Award winning author of *Flora's Dare* A swan princess hunted for her bones, a broken musician and his silver pipe, and a rat named Maurice bring justice to a town under fell enchantment. A gang of courageous kids confronts both a plague-destroyed world and an afterlife infested with clowns but robbed of laughter. In an island city, the murder of a child unites two lovers, but vengeance will part them. Only human sacrifice will save a city trapped in ice and darkness. Gold spun out of straw has a price, but not the one you expect. World Fantasy Award winner Ellen Kushner has called Cooney's writing "stunningly delicious! Cruel, beautiful and irresistible." Bone Swans, the infernally whimsical debut collection from C. S. E. Cooney, gathers five novellas that in the words of Andre Norton Award winner Delia Sherman are "bawdy, horrific, comic, and moving-frequently all at the same time." Cooney's mentor, Science Fiction and Fantasy Writers of America Grand Master Gene Wolfe, proclaims in his introduction that her style is so original it can only be described as "pure Cooney," and he offers readers a challenge: "Try to define that when you've finished the stories in this book." More praise for Bone Swans "Cooney's brilliantly executed collection of five stories is a delicious stew of science fiction, horror, and fantasy, marked by unforgettable characters who plumb the depths of pathos and triumph. ... All of these stories could easily serve as the foundation for novels while also working beautifully at their current length. These well-crafted narratives defiantly refuse to fade from memory long after the last word has been read." —Publishers Weekly, starred review "In five beautifully crafted stories, Cooney builds imaginary worlds full of

flying carpets, fairy-tale characters, and children confronted with a postapocalyptic Earth ... Each tale packs in enough plot for a novel, with adventurous characters who brim with wit." —Library Journal, starred review "Writing without ostentation and featuring characters who may be flippant, terse, or even tongue-tied, Cooney produces memorable prose propelled by extraordinary ideas ... Faced with such twisted genius, I'll say no more!" —Locus "A fascinating mashup between the tropes and resonances of the mythic tale with the sensibilities of contemporary action-oriented fantasy: simultaneously lighthearted and serious, full of consequences but also ubiquitous happy endings." —Tor.com

This study examines not only the objects and processes that make up the artworlds of human history, but also the social and cultural circumstances, the historicised contexts that bring about their making, frame their functioning, inform their properties and influence their effects, both at the time of their creation and throughout their subsequent biographies. In the short span that "art" has played a part in human life, one may conceive of time as a social river, with a strong current towards the capricious mainstream, and eddies and quiet pools near the banks. The current will flow faster in spate and slower in drought. But it will be forever in motion. It will be unpredictable. Nothing will stop its inexorable force. Art runs in that social river, subject to the flow and chance of time.

An Ars Technica Holiday Reading Title of 2021 A lively and approachable meditation on how we can transform our digital lives if we let a little Nietzsche in. Who has not found themselves scrolling endlessly on screens and wondered: Am I living or distracting myself from living? In *Emergency, Break Glass* adapts Friedrich Nietzsche's passionate quest for meaning into a world overwhelmed by "content." Written long before the advent of smartphones, Nietzsche's aphoristic philosophy advocated a fierce mastery of attention, a strict information diet, and a powerful connection to the natural world. Drawing on Nietzsche's work, technology journalist Nate Anderson advocates for a life of goal-oriented, creative exertion as more meaningful than the "frictionless" leisure often promised by our devices. He rejects the simplicity of contemporary prescriptions like reducing screen time in favor of looking deeply at what truly matters to us, then finding ways to make our technological tools serve this vision. With a

light touch suffused by humor, Anderson uncovers the impact of this "yes-saying" philosophy on his own life—and perhaps on yours.

Emberley documents the 1980s confrontations between animal rights activists and native peoples that pitted Lynx, the organization responsible for the high-profile anti-fur ads in Great Britain, against Inuit and Dene societies' claims for a livelihood based on the selling and trading, consumption and production of animal fur. From colonial fur trading to twentieth-century globalization of the fur industry, Emberley analyzes the cultural, political, material, and libidinal values ascribed to fur.

A renowned art critic of the 1960s, Carla Lonzi abandoned the art world in 1970 to found Rivolta Femminile, a pioneering feminist collective in Italy. Rather than separating the art world luminary from the activist, however, this book looks at the two together. It demonstrates that even as Lonzi refused art, she articulated how feminist spaces and communities drew strength from creativity. The eleven essays in this book document the artistic and feminist circles of postwar Italy, a time characterised both by radical protest and avant-garde aesthetics, using primary and archival sources never before translated into English. They map Lonzi's deep connections to the influential Italian Arte Povera movement, and explore her complicated relationship with female artists of the time, such as Carla Accardi and Suzanne Santoro. Carla Lonzi's written work and activism represents a crucial, but previously overlooked, feminist intervention in traditional art history from beyond the Anglo-American canon. This book is a timely and urgent addition to our understanding of radical politics, separatist feminism and art criticism in the postwar period.

Eisner's seminal work on mind, education, and research explores the ways in which the methods, content, and assumptions in the arts, humanities, and social sciences can help us better understand our schools and classrooms. *The Enlightened Eye* expands how we think about inquiry in education and broadens our views about what it means to "know" with the goal of positively influencing the educational experience of those who live and work in our schools. The text includes examples depicting this type of research and how it can be used to evaluate teaching, learning, and the school environment.
