*World History*  
*Dictionary*  
 Oxford  
 University  
 Press, USA

Combining an encyclopaedia, historical atlas and world chronology, this volume contains 3500 entries. It covers world history from the dawn of civilization to the break-up of the Soviet Empire, combining A-Z entries with chronological overviews and detailed maps. *A Dictionary of Twentieth-century World History* John Wiley & Sons "For readers interested in international relations, politics, and global issues."

-Library Journal, Starred Review The Historical Dictionary of Modern Coups d'état surveys the history of coups d'état in the post-World War II period. The term "modern" in the title therefore demarcates the period since January 1946. This book documents over 582 coup attempts that have occurred in 108 different countries worldwide over a period of 75 years.

Historical Dictionary of Modern Coups d'état contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 1,400 cross-referenced dictionary entries. This book is an excellent resource for students, and researchers. *Historical Dictionary of World War II* OUP Oxford Demonstrates that the Oxford English Dictionary is an

international product in both its content and its making. *Dictionary of the World History* Rowman & Littlefield This dictionary covers the complex and costly conflict that began when Germany, ruled by Adolf Hitler and the Nazi Party, invaded neighboring Poland on 1 September 1939; and concluded when Germany surrendered on 7-9 May 1945, leaving much of the

European continent in ruins and its population devastated. The war against Germany, Italy, and the other European Axis members was fought primarily in Europe, the Mediterranean, the Middle East, East and North Africa, and the Atlantic Ocean. The Axis powers were defeated by the Allies, led by the "Grand Alliance" of Great Britain, the United States, and the Union of

Soviet Socialist Republics. The Historical Dictionary of World War II: The War against Germany and Italy relates the history of this war through a chronology, an introductory essay, maps and photos, and an extensive bibliography. The dictionary section has more than 300 cross-referenced entries on the countries and geographical areas involved in the war, as well as the

nations remaining neutral; wartime alliances and conferences; significant civilian and military leaders; and major ground, naval, and air operations.

This book is an excellent access point for students, researchers, and anyone wanting to know more about World War II.

**A Dictionary of Contemporary World History**

Oxford University Press  
Lists 2,000

entries of world-wide historical terms and phrases from the Roman Empire to the present day.

*The Hutchinson Dictionary of World History* IVP

More than 4,500 entries cover all aspects of history, from prehistory to the present day, including biographies of key figures, religious and political movents, international organizations, and key battles and places.

World History

Oxford University Press, USA  
Historical Dictionary of Sherlock Holmes  
contains a variety of information about Arthur Conan Doyle's Sherlock Holmes stories, as both narratives and also cultural phenomena.  
The volume will help readers look deeper into those stories and the meanings of the various reference points within them, as well as achieving a deeper

understanding of the range of contexts of Holmes, Conan Doyle, and detective fiction as a genre. This book examines the broad global Sherlock Holmes phenomenon related to the ways in which the stories have been adapted into a range of other media, as well as the cultural status of Holmes all over the world. Historical Dictionary of Sherlock Holmes contains a chronology,

an introduction, and an extensive bibliography. The dictionary section has over 1,000 cross-referenced entries that contain detailed examinations of the themes and features of the 60 stories that make up the Sherlock Holmes canon. This book is an excellent resource for students, researchers, and anyone wanting to know more about Arthur Conan Doyle's Sherlock

Holmes stories.

### **Dictionary of the Old Testament**

Cambridge University Press  
The Greenwood Dictionary of World History is an indispensable, handy, and easy to use A-to-Z first-stop ready-reference resource providing essential information on over 2,000 of the most studied and important people, events, places, and ideas in world history from

prehistoric to modern times, from all regions and epochs. Selection of entries—which are truly global in their range—was based on the guidelines and recommendations of organizations and agencies such as the National Council for History Education, the National Center for History in the Schools, the World History Association, the College Board World History Advanced Placement Test, and many of the state standards for history education. The content of the entries has been kept brief and concise to provide a definition or fundamental facts. *A Dictionary of World History* Rowman & Littlefield An authoritative and extensive resource for British and Irish history. Quickly access basic information on the history of the British Isles from this reliable resource. A Dictionary of British and Irish History provides concise information covering all periods of prehistory and history for every part of the British Isles. Within this one book, you'll find summary accounts of events, biographies, definitions of terms, and far more. Using alphabetically organized headwords, readers will easily locate the content and details they seek. A Dictionary of

British and Irish History not only serves as a reference tool, but also stimulates broader learning. Entries are interrelated and cross-referenced to help you expand your knowledge of different areas of history. Discover comparable entries on England, Ireland, Scotland, and Wales See overviews of major topics and historical events Get facts instantly or browse entries Use

the Dictionary as an information source or a launch point for expanding knowledge This reference book will become an essential resource for students of British and Irish history as well as for professionals, journalists, teachers, and those who use historical information in their work. Further, anyone wanting to establish the basics of the history of the British Isles will find this a valuable

addition to their library.  
**Dictionary of World History**  
 Routledge  
 Yemen has experienced wrenching changes that have transformed the country in yet unknown ways. The country exploded in a popular revolution against the long-time rule of Ali Abdallah Saleh. While the country appeared to slip toward civil war, Yemeni political elite rallied with international backers to put

together a transitional government with a plan to revise the country's constitution. The transitional government began with a cautious sense of optimism and the prospect of substantial change for the better, but ended in collapse because of a failure to govern. The politics of the street overran an ineffective transitional government that could not address the urgent concerns of

Yemeni citizens for security and jobs. Instead, populist leaders exploited people's dissatisfaction and threw the country into civil war. The Houthi organization covertly allied with its former enemy, Ali Abdallah Saleh, to overthrow the transitional government and declare war on the rest of the country. Saleh seems unable to conceive of life outside of the Presidential Palace and his

Houthi allies appear to believe they are destined to rule. Unfortunately, those opposed to Saleh and the Houthi also seem unable to provide effective rule in spite of massive backing from the Gulf States. The incompetence, infighting, and incoherence of the Hadi government bode equally ill for the future of the country. The one hope may be that a new generation of Yemeni leaders

emerges to displace the dismal failures of this one. This third edition of Historical Dictionary of Yemen contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1000 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an

excellent resource for students, researchers, and anyone wanting to know more about Yemen. Chambers Dictionary of World History Bloomsbury Publishing USA This wide-ranging dictionary contains a wealth of information on all aspects of history, from prehistory right up to the present day. Over 4,000 clear, concise entries include biographies of key figures in world history (living and

dead), separate entries for every country in the world (summarising key historical events), and in-depth entries on religious and political movements, international organizations, and major conflicts and events and their after-effects. For this new edition, existing entries have been revised and updated to reflect the very latest global events including changes in leadership,

wars, political situations, and the statistical information given for each country (population counts, currency, languages, religions). New entries have been included for key figures who have recently come to prominence and world events. The book also contains twenty-five detailed maps linked to key historical events and topics. These include the African slave trade, the Black Death,

and the Normandy campaign. Also included are over 200 country maps. The dictionary is enhanced by entry-level web links which are accessed via a dedicated companion website. Encyclopedic in scope, this ambitious A to Z provides an excellent overview of world history both for students and anyone with an interest in the subject. **Historical Dictionary of Yemen** Owl Books Authoritative

and up to date, this new dictionary provides in-depth coverage of the major historical figures and events of the 20th century. Jan Palmowski's comprehensive work will be invaluable to a range of readers [A Dictionary of World History](#) John Wiley & Sons "The Dictionary of the Old Testament: Historical Books presents articles on numerous historical

topics as well as major articles focused on the books of Joshua, Judges, Samuel, Kings, Chronicles, Ezra and Nehemiah. Other articles focus on the Deuteronomistic History as well as the Chronicler's History, the narrative art of Israel's historians, innerbiblical exegesis, text and textual criticism, and the emergence of these books as canonical. One feature is a series of eight

consecutive articles on the periods of Israel's history from the settlement to the postexilic period, which forms a condensed history of Israel within the DOTHB." "Syro-Palestinian archaeology is surveyed in one article, while significant archaeological sites receive focused individual treatment. Other articles delve into the histories and cultures of the great neighboring empires -

Egypt, Assyria, Babylonia and Persia - as well as lesser peoples, such as the Ammonites, Edomites, Moabites, Philistines and Phoenicians. In addition there are articles on architecture, agriculture and animal husbandry, roads and highways, trade and travel, and water and water systems."--

<p>Press, USA This book is a substantial text in dictionary form; an almanac of world history taking the place or territory as its starting point. The range of material is vast, and Ramirez-Faria deals with the political geography of the world in a straight-forward and well-informed way. This unique text lists every significant political entity in history. With over 20 maps, it relates</p>	<p>geographically the past to the present by indicating the area of today's countries where extinct empires, states, and provinces once covered. The Historical Dictionary of World Political Geography offers a concise, convenient, and accurate guide to the rise and fall of nations since the beginning of civilization. <u>The Historical Dictionary of World Political Geography</u> Oxford University Press, USA</p>	<p>The Historical Dictionary of Japan to 1945 spans the entire period from the earliest evidence of human habitation in Japan through to the end of the Pacific War. It includes substantial topics such as cultural and literary history, with entries ranging from aesthetics to various genres of writing. Other branches of history also feature, such as economic history, industrial</p>
--	--	--

history, political history, and so forth. And of course there are the makers of Japanese history, ranging from emperors and shoguns to politicians and extremists - as well as foreign arrivals. The early history of Japan is told through a detailed chronology, an introductory essay, appendixes, an extensive bibliography, and over 800 cross-referenced dictionary entries on important people, organizations, activities, and events. The Historical Dictionary of Japan to 1945 will appeal to both academics and the general public who have an interest in Japan, particularly those who want reliable information quickly and easily. [The Meaning of Everything](#) Rowman & Littlefield An encyclopedia, historical atlas and world chronology in one volume, providing a concise companion to world history. Contains: 5,000 entries, 100+ chronologies, feature articles, tables of dynasties, quotations and detailed maps *Chambers Dictionary of World History* Scarecrow Press As well as over 4000 clear and concise entries, this dictionary also contains biographies of key figures in world history. Other useful features

include, and political maps, and full  
 subject entries movements, international  
 on religious coverage.
