Tips & Tools for Overclocking Your Brain Signet

Have you ever walked into a room and couldn't remember what you went there for? * Have you ever grasped the hand of a potential client and then when the handshake broke, the name seemed to disappear from your memory? * Or have you ever left a prospect or an important meeting and as you drove away remembered a key point that you should have shared with them? The problem is NOT with your memory. The problem is with the "Filing System" your brain currently uses to store and retrieve memory items. Change the filing system and you'll double and even triple your memory comprehension. Two-time USA Memory Champion Ron White will teach you the same 2,000-year-old memory method that he has already taught thousands to: * Give presentations and speeches without notes... * Memorize chapters of books word for word... * Retain information from workshops or training classes... * Improve your grades and study skills... * Remember names and faces, even years later... * Routinely memorize 100 digit numbers after hearing them only once... * And lots more! Unlimited Memory Duncan Baird Publishers

Drawing upon the extraordinary skills of eight-times World Memory Champion Dominic O'Brien, *Learn to Remember* provides a unique illustrated repertoire of proven and effective ways to enhance your memory. In this book you learn how to extend your memory power, as well as to use a wealth of shortcuts and techniques applicable to a wide range of tasks, from memorizing a speech, a shopping list or a set of city street directions to remembering names and faces. Learn to recall details at work and never miss that anniversary. When Dominic first trained himself to remember longer and longer sequences of random units, he found himself recalling forgotten experiences from childhood as his brain's powers became strengthened and refined. We all have the potential to sharpen and extend our memories to a degree that might seem incredible to anyone who has never tried it. Improving our memory is the key to a more fulfilled life. If we can master the arts of storage, retention and recall, our knowledge of the world

improves, we can derive more from our reading, we learn to be more effective at work, and even our relationships become richer and more harmonious. With a master memorizer as your guide, you can open up rewarding inner realms of possibility you never even knew existed. Join Dominic O'Brien on what may turn out to be the most memorable journey of your life.

[Learn to Remember](#) You Can Learn to Remember Change Your Thinking, Change Your Life

Kings and queens, British prime ministers, American presidents, countries of Europe... We should all know these things - but like me, you're probably resigned to being the kind of person that just never

will. Now Grandmaster of Memory Ed Cooke offers up his memory secrets with a fun, quick and completely unforgettable way to remember the things you thought you never could. But this is no boring Willy, Willy, Harry, Ste. With Ed leading the way on unlikely adventures through people and places, Abraham Lincoln may become a circle of bra-wearing hams linking arms in your mind, and you may well encounter a fridge wearing Calvin Klein underpants. You could also soon find yourself rattling off the prime ministers to a rapt audience and adding, in a knowing tone, 'ah yes, Marquess of Rockingham, Whig I believe?'. What is for sure is that you'll be bursting with knowledge that will stick in your mind and impress your

friends for ever.
