**Hope Returns** HarperCollins  
 Detective and mystery stories. Suspense fiction. 'Blood Games' is the latest novel in the Peter Decker and Rina Lazarus series from New York Times best-selling author Faye Kellerman.

*Gun Games* Harper  
 New York Times bestselling author Faye Kellerman's beloved Decker and Lazarus embark on a new life in upstate New York—and find themselves entangled in deception, intrigue, and murder in an elite, picturesque college town As a detective lieutenant with the LAPD, Peter Decker witnessed enough ugliness and chaos for a lifetime. Now he and his spirited wife, Rina Lazarus, are ready to enjoy the quiet

beauty of upstate New York, where they can be closer to their four adult children, grandchildren, and their foster son, Gabe. But working for the Greenbury Police Department isn't as fulfilling as Decker hoped. While Rina has adapted beautifully to their new surroundings, Decker is underwhelmed and frustrated by his new partner, Tyler McAdams, a former Harvard student and young buck with a bad attitude. Just when he thinks he's made a mistake, Decker is called to an actual crime—a possible break-in at the local cemetery. The call seems like a false alarm until it's discovered that a mausoleum's stunning Tiffany panels have been replaced by forgeries. Soon the case escalates into murder: a co-ed at an exclusive consortium of liberal-arts colleges is brutally slaughtered. Poking into the hallowed halls of academia to find a killer, Decker and McAdams are drawn

deep into a web of nasty secrets, cold-case crimes, international intrigue, and ruthless people who kill for sport. Suddenly Decker's job is anything but boring, and the case might be too much to handle for a sleepy town that hasn't seen a murder for nearly a quarter century. Decker will need to use every bit of his keen mind, his thirty years of experience as a homicide cop, and much-appreciated help from family and old friends to stop a callous killer and uncover a cabal so bizarre that it defies logic. *A Decker/Lazarus Novel* HarperCollins Faye Kellerman returns with an atmospheric, fast-paced mystery set in bucolic upstate New York, full of unexpected twists and turns that build to a shocking and surprising end--the latest thrilling entry in her New York Times bestseller Decker/Lazarus series. When Bertram Lanz goes missing from a local

diner near Greenbury, the entire community of the small upstate New York town volunteers to search the surrounding woods. Bertram had been on a field trip with the staff and fellow residents of the Loving Care Home when he vanished. When no trace of the man is found, the disappearance quickly becomes an official missing persons case and is assigned to detectives Peter Decker and his partner Tyler McAdams. As their investigation deepens, the seasoned Decker becomes convinced that Bertram hadn't lost his way but must have left with someone he knew. Soon Decker discovers that Elsie Schulung, a recently fired nurse who had worked at the home, seemed to be especially interested in Bertram. But answers prove elusive when Elsie disappears and human blood is found in her kitchen. These complications prove to be only the beginning. While combing the woods, searchers discover the remains of one of three young men who had vanished during a camping trip. And for Decker, personal problems are adding pressure as well. After a ten-year absence, the biological mother of Decker and Rina's foster son, Gabriel, has suddenly appeared in New York, children in tow, wreaking emotional havoc on the young man. Juggling the personal and professional, a hot case and a cold case, Decker and McAdams race to find answers, sifting through cabinets of old files, a plethora of clues and evidence, and discouraging dead ends. As ongoing searches for Bertram and the campers' missing remains continue, the frustrated detectives begin to wonder if the woods will ever give up its dark secrets...

**Harrigan Bone Box** A Decker/Lazarus Novel  
Now living in upstate New York, former LAPD lieutenant Peter Decker is plunged into a bizarre web involving academia, underworld crime, and calculating killers in this compulsive novel in New York Times bestselling author Faye Kellerman's beloved Decker and Lazarus series. Former LAPD lieutenant Peter Decker is relishing the quiet and slow pace of his new job with the Greenbury police department. The work is low stress and engaging, and it's been almost a year since the last murder in this sleepy upstate New York town. Then the body of a nude man is found deep within the woods, shattering Decker's peace. The death appears to be a suicide—a single shot to the head, the gun by his side. But until the coroner's ruling, the scene must be treated as a suspicious crime. Without any personal effects near the body, Decker must dig to uncover his identity, a task made difficult by the department's tight budget and limited personnel.

Luckily, Decker gets some unexpected help when his friend and former Greenbury colleague Tyler McAdams calls, looking for a quiet place to study for his law finals. The investigation takes Decker and McAdams to Knead Loft College, where they must penetrate the indecipherable upper echelons of mathematics and mathematical prodigies. Beneath the school's rarified atmosphere they discover a sphere of scheming academics, hidden cyphers—and most dangerous of all—a realm of underworld crime that transforms harmless nerds into cold, calculating evil geniuses. It will take all of Decker's experience and McAdams's brains to penetrate enigmatic formulas and codes and solve a dark, twisted crime devised by some brilliant and depraved masterminds.

The rabbi's brother-in-law was found slain in a seedy hotel room in upper Manhattan, and the victim's 15-year-old niece, with whom he was spending the day, is missing. Decker, with Rina at his side, immediately heads out to New York to assist in the investigation. But what starts out as simple inquiries soon evolves into a twisted and perilous journey -- from the darkened slums of New Jersey and the deserted industrial streets of New York to the recesses of sexual perversity and the hidden meeting places of Hasidic outcasts. Thrust into a deadly maze of deceit, lies, and danger, the couple can no longer trust anyone -- friend or family. And when salvation is finally within Decker's grasp, it can only be delivered by a depraved lone wolf, hell-bent on his own personal vengeance.
