A Literary Atlas Bloomsbury Publishing

A quiet visit with her grandparents turns into a lesson in the fluidity of time for Polly O'Keefe when she meets several strangers from overlapping temporal planes and, with them, plays a key role in a prehistoric confrontation. Simultaneous.

The Story of the Blue Planet RANDOM COMICS

In *A Wrinkle in Time* Quintet book two, Meg Murry, now in college, time travels with her twin brothers, Sandy and Dennys, to a desert oasis that is embroiled in war. Sandy and Dennys have always been the normal, run-of-the-mill ones in the extraordinary Murry family. They garden, make an occasional A in school, and play baseball. Nothing especially interesting has happened to the twins until they accidentally interrupt their father's experiment. Then the two boys are thrown across time and space. They find themselves alone in the desert, where, if they believe in unicorns, they can find unicorns, and whether they believe or not, mammoths and manticores will find them. The twins are rescued by Japheth, a man from the nearby oasis, but before he can bring them to safety, Dennys gets lost. Each boy is quickly embroiled in the conflicts of this time and place, whose populations includes winged seraphim, a few stray mythic beasts, perilous and beautiful nephilim, and small, long lived humans who consider Sandy and Dennys giants. The boys find they have more to do in the oasis than simply getting themselves home—they have to reunite an estranged father and son, but it won't be easy, especially when the son is named Noah and he's about to start building a boat in the desert. Newbery Medal-winning author Katherine Applegate says this magnificent second book in the *Voyage of Lucy P. Simmons* series is "a grand and adventurous tale." Ever since Lucy's parents drowned at sea, she's been protected by special magic. This magic saved Lucy from her greedy uncle by transforming her house into a ship. Now her home is the ocean, and her family is a ragtag crew. Together, they set sail for Australia to find Lucy's last living relative, Aunt Pru. But a mysterious family curse still haunts Lucy. If she doesn't unlock her family's secrets before her enemies do, the sea might draw her into its stormy depths. Readers who love middle-grade novels like Avi's *The True Confessions of Charlotte Doyle* or the *American Girl* books will be swept away by *Lucy at Sea*.

The Graveyard Book *Graphic Novel Single Volume* HarperCollins

Anita de la Torre never questioned her freedom living in the Dominican Republic. But by her 12th birthday in 1960, most of her relatives have emigrated to the United States, her Tío Toni has disappeared without a trace, and the government's secret police terrorize her remaining family because of their suspected opposition of el Trujillo's dictatorship. Using the strength and courage of her family, Anita must overcome her fears and fly to freedom, leaving all that she once knew behind. From renowned author Julia Alvarez comes an unforgettable story about adolescence, perseverance, and one girl's struggle to be free.

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*,

winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

Richie "Ryder" Raymond has a gift. He can find the punchline in any situation, even in his limited vision and prosthetic eye. During the past year at Addison School for the Blind, Ryder's quick wit earned the respect and friendship of his classmates. Heading to mainstream, or "normal," school for eighth grade is going to be awesome. After all, what's not to like? At Addison, Ryder was everyone's favorite person. He could make anyone laugh, especially his best friend Alice. So long as he can be first to make all of the one-eyed jokes, Ryder is sure he'll fit in just as quick at Papuaville Middle School, home of the Fighting Guinea Pigs. But Alice warns him fitting in might not be as easy as he thinks. Turns out, Alice was right. In just the first hour of "normal" school, Ryder is attacked by General MacCathur II (aka, Gramps's cat), causes his bio teacher to pass out cold, makes an enemy out town hero Max, and falls for Jocelyn, the fierce girl next door who happens to be Max's girlfriend. On top of that, Ryder struggles to hold onto his dignity in the face of students' pity and Gramps's non-stop practical jokes. Ryder quickly sees the only thing worse than explaining a joke is being the punchline. But with help from his stuck-in-the-70s Gramps and encouragement from Alice, Ryder finds the strength to not only fight back, but to make peace. This exciting sequel to *A Blind Guide to Stinkville* weaves

humor, recovery and second chances into an unforgettable story, with characters who will hook you from page one.

Before We Were Free Una arruga en el tiempoEl quinteto del tiempo 1

A brilliant graphic novel adaptation of Neil Gaiman's critically acclaimed novel for young people. When Coraline moves to a new home, she is fascinated by the fact that the 'house' is really only half a house - it was divided into flats years before. And it soon becomes clear to Coraline that the other flat is not quite as cosy and safe as her own.

In book one in the award-winning Austin Family Chronicles young adult series from Madeleine L'Engle, author of *A Wrinkle in Time*, Vicky Austin experiences the difficulties and joys of growing up. For a family with four kids, two dogs, assorted cats, and a constant stream of family and friends dropping by, life in the Austin family home has always been remarkably steady and contented. When a family friend suddenly dies in a plane crash, the Austins open their home to an orphaned girl, Maggy Hamilton. The Austin children—Vicky, John, Suzy, and Rob—do their best to be generous and welcoming to Maggy. Vicky knows she should feel sorry for Maggy, but having sympathy for Maggy is no easy thing. Maggy is moody and spoiled; she breaks toys, wakes people in the middle of the night screaming, discourages homework, and generally causes chaos in the Austin household. How can one small child disrupt a family of six? Will life ever return to normal? A Blind Guide to Normal Graphix

"A modern knight-errant on a quest after evil; grotesque, convincing and chilling." —The New York Times Book ReviewFed up with the excesses of the 1970s, Lancelot Andrews Lamar, a liberal lawyer and distinguished member of the New Orleans gentry, is determined to stop the modern world's ethical collapse. His quest begins with his wife—an actress who he suspects has been cheating on him for years. Though he initially plans only to gather proof of her infidelity, Lancelot quickly descends into a fog of obsession. And as he crosses the line from sanity into madness, he will try once and for all to purify the world or destroy it in the attempt. Mesmerizing and unforgettable, Lancelot is a masterful story of one man's collision with the follies of modern culture, and a thought-provoking look at the nature of good and evil.

Experience this story of first love by *A Wrinkle in Time* author Madeleine L'Engle. This classic novel is now a major motion picture, *Camilla Dickinson*. Fifteen-year-old Camilla Dickinson has led a sheltered life on the Upper East Side with her architect father and stunningly beautiful mother. But this winter the security she has always known has vanished, because her parents' marriage is coming apart - and Camilla is caught in the middle. She finds a way to escape her troubles when she meets Frank, her best friend's brother, who is someone she can really talk to about life, death, God, and her dream of becoming an astronomer. When Frank introduces her to the important people in his life, who are so different from anyone she has met before, he opens her eyes to worlds beyond her own, almost as if he were a telescope helping her to see the stars. This novel, one of the author's earliest, is the story of a girl who, with the help of her first love, leaves childhood behind and enters adulthood with a newfound sense of self and inner strength. La novela gráfica de Una arruga en el tiempo, un clásico de la literatura fantástica, una obra de culto que ha inspirado películas como Interestellar y series como Lost. Una de las obras clave para entender el juego entre realidad, física cuántica y filosofía. Una joya de la ciencia ficción. Una noche de tormenta, Meg, su madre y su hermano pequeño -que es un prodigio de las matemáticas- están sentados a la mesa cuando una extraña anciana llama a la puerta. Dice que ha llegado arrastrada por el viento a través de un tesseracto. Una arruga en el tiempo. ¿Arrastrada por el viento? ¿Una arruga? ¿Acaso puede doblarse la realidad que

conocemos?
