The Circular Temple Volume II: Libra through Pisces The two-volume text of "The Circular Temple" consists of 1,440 pictorial symbols channeled by John Sandbach over a period of more than twenty years. These symbols are expressed in words rather than visual images, and divided into 4 groups, each one containing 360 symbols. In all 4 groups each of the 360 symbols corresponds to one of the 360 degrees of the zodiac. Therefore each degree of the zodiac corresponds to four different symbols, one from each group. These four groups are known as the Omega, Pleiadian, Chandra, and Azoth Symbols. "The Circular Temple" has three main purposes: (1) it can be used by astrologers to interpret charts, by looking up the specific degree of each planet in a chart. (2) It can be used by anyone as an oracle, by asking a question and then randomly drawing one of the degrees of the zodiac to answer the question. (3) The degrees can be read in order or at random as meditations on spiritual principles and the interplay of subtle energies. This inspired mystical text has been called by art historian Elisabeth Kirsch a modern "I Ching." You may also think of "The Circular Temple" as a new kind of tarot deck, for it is meant to be used for the same purpose as the tarot is used - the answering of questions. The difference is that whereas the Tarot contains 78 cards, "The Circular Temple" contains 1,440 different pictures. Also in this book are 720 prose poems, two for each degree of the zodiac. These poems are mythic, visionary and present a tapestry of Kabbalistic stories meant to open the imagination up to the possibilities of the degrees of the zodiac, which alchemists and mystics know as living beings possessing all the wisdom of the universe. "If you want to know how salamanders consume lightning to create the fire in opals, if you would like to enter through the portal into other worlds these Oracles are the ticket. When there is nowhere else to turn there are these symbols and The Oracle waiting there with answers. You will recognize them immediately. Ah, Innad the Wise is summoning me to Azoth... must go now for it is a Cosmic Homecoming!" - Sandra Sandy The Circular Temple Volume I: Aries through Virgo The Circular Temple Volume II: Libra through Pisces

Zodiac Degrees Weiser Books

For centuries, spiritual seekers have turned to astrology to discover humans' deepest connections with the Earth and the cosmos. But too often, astrology devolves into meaningless cliché or impersonal newspaper horoscopes. In the early part of this century Marc Edmund Jones and Dane Rudhyar liberated

astrology from the fatalistic approach of the medieval world. They took power from the high-and-mighty archaic planet gods, and offered it back to human beings. Here, at the end of the century, Inside Planets goes further, invoking each planet as a mighty full-bodied organism with a character and a soul of its own, a living breathing force with passion and humor and purpose that changes as it moves through the houses and signs. Each planet grabs you by the imagination and drags you to the campfire of The Greatest Story Ever Told. Far more than an astrology guide, this book resuscitates from the ancient mystery temples of Atlantis an elegant and inspiring pantheon of wonder, terror, and creative solution to the problems that plague the soul. *The 360 Degrees of the Zodiac* American Federation of Astr Lynn Buess has done it again! As an innovator in the consciousness and self-awareness field for over fifty years, he has now contributed a decidedly unique perspective of the time-honored system of astrology, helping humanity further understand its relationship to the universe. With this latest contribution to self-growth, Lynn offers an original perspective of numerology — this time with the combination of numerological characteristics and astrological influences. He not only writes from an intellectual viewpoint but as someone who has experienced glimpses of cosmic consciousness. Like most of his works, it is his hope that this volume will help seekers better connect to their cosmic memories of being both human and eternal in nature. Experience all the signs of the zodiac in minute detail: Aries • Taurus • Gemini • Cancer • Leo • Virgo Libra • Scorpio • Sagittarius • Capricorn • Aquarius • Pisces It is my feeling that the sun degree serves a role of pinpointing just where the soul has the opportunity to make significant strides in personal growth or potentially stumble into a setback. A combination of the numerical value of the degree and the sun sign are blended together to offer insight about the nature of that commitment.— Lynn Buess, MA, EdS

The Zodiac by Degrees provides symbols and interpretations for each of the 360 degrees of the zodiac. These symbols make a direct connection with your basic spiritual energies and penetrate the private language of your personal mythology. For this second edition, every one of the 360 degrees has been reexamined from extensive lists of examples. In the end, about ninety degrees have undergone major changes and all of the rest have been clarified and sharpened. The result is a symbol system of unparalleled accuracy, and an indispensable tool for both amateur and practicing astrologers. The Zodiac by Degrees gave me serious goose bumps on several occasions. Inside of half an hour, the text had cleared up my ambivalence about the exact degree of my Ascendant and given me a new understanding of my Sun degree#8212one vastly more evocative than the

traditional Sabian interpretation. Martin Goldsmith is a poet in the old sense of the word: he's on fire with imagery and the fire is contagious." #8212Steven Forrest, author of The Inner Sky "At last! An astrologer who has undertaken the huge workload of intensive research into the individual degrees of the zodiac. Thanks to his years of work, Goldsmith has finally taken this area of astrology out of the misty, intuitive, 'channeled' area of the Sabian symbols onto the firmer and more reliable footing of good, grounded research. This long-needed book is therefore an essential reference work for any serious astrologer."#8212Bernadette Brady, author of Predictive Astrology

Look to the stars for a whole new approach to market cycle forecasting A Trader's Guide to Financial Astrology is the definitive guide to trading market cycles based on astrological data. Written by a highly-respected technical analyst, this book makes the connection between the movements of planets and the volatility of the market. Readers can draw upon one hundred years of historical data as they learn how to spot correlations from the past, and refer to planetary and lunar data for the next five years as they shape their own strategy. The book covers the principles of astrological forecasting as applied to the financial markets, explaining what to watch for and how to interpret planetary and lunar activity, plus expert insight on everyday practical application. A study by the Federal Reserve Bank of Atlanta determined that the U.S. stock markets tend to be negatively affected by geomagnetic storms, and the Royal Bank of Scotland demonstrated that a trading system based on the phases of the moon would have outperformed the market. A Trader's Guide to Financial Astrology shows traders how to tap into the planetary forces that influence market activity. Readers will: Learn how planetary and lunar movements relate to the financial markets Draw upon 100 years of historic correlations and five years of forecast data Forecast long-term and short-term activity based on planetary relationships and lunar movement Enter the markets at key turning points, using price patterns and other tools When integrated with technical trading patterns, astrology can be an effective way of shifting perspective and approaching the market differently. - Explains how each of the 12 signs of the zodiac has 30 degrees, and each degree, like every star, is the center of a whole system of meanings
- Provides detailed write-ups for each of the 360 degrees of the zodiac
- Details how to use the degrees for

personal chart interpretation and as an oracle for guidance and inspiration In this extraordinary synthesis of 50 years in star work, astrologer Ellias Lonsdale explains how each of the 12 signs of the zodiac has 30 degrees, and each degree, like every star, is the center of a whole system of meanings. Inspired by the Chandra Symbols, evocative images for each degree channeled by John Sandbach nearly 40 years ago, as well as his studies with master astrologers Dane Rudhyar and Marc Edmund Jones, Lonsdale explores the deeper story, or Star Spark, of each of the 360 degrees of the zodiac, providing detailed write-ups for each degree. The author explains how to determine the degree of your Sun sign and other planets from your birth chart and how to use this information for personal chart interpretation. Offering a way to tune in to your future star cycles as well as analyze a past event, he discusses how you can learn about personal cycles from studying the degree of a transiting or progressed planet at a specific time, such as Mercury Retrograde, or by following the degree meanings for successive New Moons or Solar Returns, revealing collective as well as personal timings. He also details how to use the 360 Star Sparks as an astrological oracle to consult when you need guidance or support for your awakening process as well as how they can be used as a source for daily contemplation by following the Sun through each degree day by day throughout the year. Providing an astrological tool to help you see deeply inside your life, your shadow, what you are questioning, and where you are being guided, this key to the symbolic power of the 360 degrees of the zodiac shows that by embracing our star cycles, we can discover our unique life path and light up the stars within.

In much the same way in which he characterized planets and asteroids as powerful, gendered beings in *Inside Planets*, Ellias Lonsdale gives new depth and nuance to degree analysis, an area often seen as technical or reduced to cliché. The degree symbols are most useful in elaborating a personal birth chart. One can learn about personal cycles from studying the place of a transiting or progressed planet by degree at a given time, revealing collective as well as personal timings. The Zodiac degrees also act as an oracle. One can open the collection anywhere for a given day, or in response to a question. The degrees will reveal what is happening now and, if we are attentive and responsive to the cues, what is required of us. By comparing charts of friends and famous people who are known for certain qualities, one can gradually discriminate among the degrees. These beautifully written and fully imagined readings of the Chandra degree symbols speak to a deep level of personal change and authenticity.

[The Degrees of the Zodiac Symbolized](#) John Wiley & Sons Degrees of the Zodiac was written by noted astrologer Esther V. Leinbach and originally published by Macoy Publishing Company in 1973. This Revised Edition from the author's son, Kevin Leinbach, has been updated for the new Millennium, using the Author's original source material and research. Popular Astrology takes into consideration only one factor: the location of the Sun in the Zodiac, the Sun Sign. Even some astrologers only consider the twelve signs of the Zodiac and disregard the individual 30 degrees that make up the total span of the sign. But the degrees are a very significant influence in the chart and more and more astrologers are discovering how important degrees are to horoscope interpretation. The 360 Degrees in the circle of the

Zodiac are activated by the Sun, the Moon and the Planets, even the house cusps of every horoscope. These degrees help to account for the many different expressions of each individual sign. Degree influences have often been seen as ethereal and mysterious, relying on symbolism to suggest potential expressions. Perhaps the advantage of symbols is that they can be interpreted in the current context directly. But symbols can also be quite difficult to decipher. This book was originally written to bring the symbolism into a descriptive, practically applicable format that can more easily be used in chart interpretation. The approach is psychological rather than symbolic. It was intended to be accessible to the novice as well as the professional astrologer. But when particular references are made to current insights or methods, there is some danger that degree descriptions can become outdated. This Revised Edition has been released to update the descriptions with a current perspective and incorporate a context and evolutionary perspective that was simply not in place when Degrees of the Zodiac was originally published.
