Bear & Hare Snow! Simon
and Schuster

From the creator of
modern classic Meerkat
Mail comes a very funny
woodland story showing
the dangers of having too
much stuff. Too Much
Stuff is set in the same
forest as Gravett's award-
winning Tidy, it features a
host of gorgeous
woodland animals,

including Pete the badger.
Meg and Ash are a pair of
magpies who are building
a nest for their perfect
eggs. Although they begin
their nest construction
using the usual mud,
sticks and grass, Meg and
Ash are soon convinced
that their nest doesn't
have enough stuff and
begin to collect more
things to add to an ever-
growing pile. From cuckoo
clocks to mops and socks,
a pram and even a car -
their need for stuff seems

endless. Until - crash! -
the inevitable happens.
Emily Gravett's engaging,
exquisitely illustrated
story will appeal to fans of
Tidy and of such classics
as The Animals of
Farthing Wood . The
perfect story for young
eco-warriors . . . and for
everyone.

Monkey and Me Holiday

An orange, a pear, an
apple - and a bear.
Deliciously simple.
Perfectly fun. Delight in a

beautifully realised and very funny exploration of colour, the relationship between different objects and the power of the imagination in this sturdy hardback board book version of the classic. Orange Pear Apple Bear is a wonderfully simple and engaging picture book from award-winning author/illustrator Emily Gravett. By rearranging just four words, Emily Gravett creates a series of playful images which are a sheer joy - and intensely satisfying. The loose

energy of the pencil and watercolour pictures will be irresistible to adults and children alike. Perfect for reading out loud to very young children.

Circle Under Berry
Caterpillar Books

An adorable story about making new friends and finding creative solutions to playground problems. A pair of pears rocked on a seesaw. A pair of pears played ping-pong. A pair of pears rode their tandem bike. Until one day, someone new wanted to join their fun. Big Pear and Little Pear

love playing together. But when Orange joins in, their games don't work and Big Pear feels left out. A relatable, hilarious, and kind-hearted tale about navigating friendship when three definitely starts to feel like a crowd! From the author of much-loved Anemone is not the Enemy.

Wolves Simon and Schuster

All you need for apples . . . are circles and the color red. In this extraordinary book, one thing transforms into another as each page turns—a circle

becomes an apple, an oval becomes a bird, winter becomes spring. Constantly surprising and brilliantly constructed, Lucie Félix's *Apples and Robins* is full of the magic of shape, color, and imagination. All you need to do . . . is turn the page.

Good Night Moose Simon and Schuster

Two animal friends seek out wintertime treats in this second picture book in a charming series from Emily Gravett. Bear and Hare go out to play in the snow. Hare enthusiastically catches snow on his tongue, makes snow angels, and builds a snow hare...but Bear isn't having as much fun. Will Bear find a snowy activity so that both friends can enjoy the winter wonderland? *Blue Chameleon* Simon and Schuster
A bulldog and a poodle learn that family is about

love, not appearances in this adorable doggy tale from New York Times bestselling author Kelly DiPucchio and illustrator Christian Robinson. This is the story of four puppies: Fi-Fi, Foo-Foo, Ooh-La-La, and Gaston. Gaston works the hardest at his lessons on how to be a proper pooch. He sips—never slobbers! He yips—never yaps! And he walks with grace—never races! Gaston fits right in with his poodle sisters. But a chance encounter with a bulldog family in the park—Rocky, Ricky,

Bruno, and Antoinette—reveals there's been a mix-up, and so Gaston and Antoinette switch places. The new families look right...but they don't feel right. Can these puppies follow their noses—and their hearts—to find where they belong? Again! Simon and Schuster
Part Sandra Boynton, part Each Peach Pear Plum; part Chicka Chicka Boom Boom, part Hippopposites—a treat for the brain and the tongue. With an elegant and

simple approach, this thought-provoking concept book shows young readers that everything in the world can be seen from infinite perspectives. Each page compares colors, shapes, and objects in relation to each other. A triangle that is over a square is also under a circle. A circle that is pink also might be a flower. The artful, playful combinations of simple concepts and Higgins's rhythmic writing and expert arrangement of objects on the page make this book a perfect

read-aloud, capable of entertaining, educating, and challenging readers in equal measure. There are multiple ways to read the book, allowing it to work for several ages and reading levels at once. The educational value and sheer fun packed into this book's language and visual design will make it a huge hit with educators and librarians, new parents, and creative kids who are visual learners. This striking, delightfully different exploration of shape, color, and patterns redefines what a picture

book can be. Read it once, read it ten times. See something new every time. A GREAT INTRODUCTION TO MANY DIFFERENT CONCEPTS: This book's focus on color, shapes, objects, and relative words like "over," "under," and "next to" make this the perfect introduction to basic concepts of all kinds. Rather than traditional concept books that focus on only one idea, this book combines its teaching approach, helping young readers learn more than one

concept at once by showing how they relate to each other. A DYNAMIC LEARNING EXPERIENCE: The unusual combination of colors, shapes, and animals intelligently introduces young readers to patterns, classification, and problem-solving. The imaginative language of this book, rich with rhythmic phrasing and a tongue twister-like playfulness, creates a soothing read-aloud text that engages young children with questions and encourages audience participation. PERFECT

FOR ANY KIND OF EDUCATION: With a variety of concepts, clear read-aloud qualities, and the many different ways this book engages different styles of learning, this book is ideal for librarians, educators, and anyone creating reading events in their communities. BELOVED AUTHOR: Carter Higgins is not only the author of many acclaimed books for children such as *Everything You Need to Build a Treehouse*, *This Is Not a Valentine*, and *Bikes for Sale*, she's also a

seasoned school librarian who's spent many years working with children. Her love of kids—and her passion for teaching—shines throughout this book. EASY ART PROJECT INSPIRATION: Having honed her art skills as an elementary librarian, Carter Higgins makes her own debut as an illustrator for this book with simple, appealing collages. Kids will love making their own art projects inspired by the illustrations in this book. BRIGHT, EYE-CATCHING

ART: The simple shapes and lively colors are designed to appeal to young children. Read this if your children enjoy Hervé Tullet's *Press Here* or Bill Martin Jr.'s *Brown Bear, Brown Bear What Do You See?* Perfect for: • Parents • Grandparents • Educators • Gift-givers

DIVApple follows the life of an apple throughout the year, demonstrating the cyclical patterns in nature. The youngest readers will delight in following the journey of

the bright red apple—the only splash of color in the otherwise black-and-white illustrations—as it travels from tree, to harvest, to snack, to compost, and finally to sprout. A single word complements each illustration, urging early readers to reflect on each stage in the apple's life. Apple is acclaimed cut-paper artist Nikki McClure's very first book, originally self-published and sold in a limited edition of just 200 copies. Now, 16 years later, it is available in wide release, and fans will relish the

chance to own the book that launched McClure's signature style. UPraise for Apple/u STARRED REVIEW "Run your fingers across this satisfyingly square book's cover and feel the subtle, smooth outlines of a ripe apple and simple letters. sprinkled with welcome surprises." —The New York Times Book Review "The emphasis on the cycle of life makes this a useful classroom and library addition." —School Library Journal/div Rain Makes Applesauce (Restored Edition) Macmillan Children's Books
