London : T. Nelson

From the duo behind the massively successful and award-winning podcast

Stuff You Should Know comes an unexpected look at things you thought you knew. Josh Clark and Chuck Bryant started

the podcast Stuff You Should Know back in 2008 because they were curious—curious about the world around them, curious about what they might have missed in their formal educations, and curious to dig deeper on stuff they thought they understood. As it turns out, they aren't the only curious ones. They've since amassed a rabid fan base, making Stuff You Should Know one of the most popular podcasts in the world. Armed with their inquisitive natures and a passion for sharing, they

uncover the weird, fascinating, delightful, or unexpected elements of a wide variety of topics. The pair have now taken their near-boundless "whys" and "hows" from your earbuds to the pages of a book for the first time—featuring a completely new array of subjects that they've long wondered about and wanted to explore. Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and

footnotes. Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds, to the history of facial hair, to the psychology of being lost. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with *Stuff You Should Know*. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).

*The Way of All Flesh* Prabhat Prakashan First published in 1959. Routledge is an imprint of Taylor & Francis, an informa company.

Drama, Novel, Story and History Courier Corporation

Finest heroic poem in Old English celebrates the exploits of Beowulf, a young nobleman of southern Sweden. Combines myth, Christian and pagan elements, and history into a powerful narrative. Genealogies.

Notes and Queries: A Medium of Inter-Communication for Literary Men, Artists, Antiquaries, Genealogists, Etc W. W. Norton & Company

Presents nearly two hundred of the author's poems, including works

celebrating African American music and life, denunciations of Jim Crow and racism, and verses about Africa and the Spanish Civil War.

Beautiful and wealthy Antoinette Cosway's passionate love for an English aristocrat threatens to destroy her idyllic West Indian island existence and her very life

A Short history of English literature, lecture notes Flatiron Books

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn

of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

**from the beginnings to the sixteenth century** Routledge

This book, which presents the whole splendid history of English literature from Anglo-Saxon times to the close of the Victorian Era, has three specific aims. It is an useful and interesting guide for the students as well as teachers of English literature, specially European and American.

*Beowulf* Routledge

This History offers a new and comprehensive picture of 1930s British literature. The '30s have often been cast as a literary-historical anomaly, either as a 'low, dishonest decade', a doomed experiment in combining art and politics, or as a 'late modernist' afterthought to the intense period of artistic experimentation

in the 1920s. By contrast, the contributors to this volume explore the contours of a 'long 1930s' by repositioning the decade and its characteristic concerns at the heart of twentieth-century literary history. This book expands the range of writers covered, moving beyond a narrow focus on towering canonical figures to draw in a more diverse cast of characters, in terms of race, gender, class, and forms of artistic expression. The book's four sections emphasize the decade's characteristic geographical and sexual identities; the new media landscapes and institutional settings its writers operated in; questions of commitment and autonomy; and British writing's international entanglements.

**Volume I: 1000-1350: Conquest and Transformation** Penguin UK

The present book is an attempt to present short notes on popular topics of English Literature. These notes are beneficial for the students of all the standards of English Literature. In this edition drama, novel, story and history have been taken to present. The easy language is the real essence of this presentation.

**With a Map and a Plan of Athens**

Oxford University Press

The Cambridge History of English Literature, 1660-1780 offers readers discussions of the entire range of literary expression from the Restoration to the end of the eighteenth century. In essays by thirty distinguished scholars, recent historical perspectives and new critical approaches and methods are brought to bear on the classic authors and texts of the period. Forgotten or neglected authors and themes as well as new and emerging genres within the expanding marketplace for printed matter during the eighteenth century receive special attention and emphasis. The volume's guiding purpose is to examine the social and historical circumstances within which literary production and imaginative writing take place in the period and to evaluate the enduring verbal complexity and cultural insights they articulate so powerfully. *Annual Report of the Marlborough City Government for the Year ...* Standard Ebooks

Presents a translation of the poet's third version of the text

*An Outline History of English Literature*

University of Pennsylvania Press

A guide to the literature of the British Isles

from the Anglo-Saxon period to the present day. The volume includes information on Old and Middle English, the Renaissance, Shakespeare, the 17th and 18th centuries, the Romantics, Victorian and Edwardian literature, Modernism, and post-war writing.

A History of English Literature

The Oxford English Literary History is the new century's definitive account of a rich and diverse literary heritage that stretches back for a millennium and more. Each of these thirteen groundbreaking volumes offers a leading scholar's considered assessment of the authors, works, cultural traditions, events, and ideas that shaped the literary voices of their age. The series will enlighten and inspire not only everyone studying, teaching, and

researching in English Literature, but all serious readers. This book describes and seeks to explain the vast cultural, literary, social, and political transformations which characterized the period 1000-1350. Change can be perceived everywhere at this time. Theology saw the focus shift from God the Father to the suffering Christ, while religious experience became ever more highly charged with emotional affectivity and physical devotion. A new philosophy of interiority turned attention inward, to the exploration of self, and the practice of confession expressed that interior reality with unprecedented importance. The old understanding of penitence as a whole and unrepeatable event, a second baptism, was replaced by a new allowance for repeated repentance and penance, and the possibility of continued purgation of sins after death. The concept of love moved centre stage: in Christ's love as a new explanation for the Passion; in the love of God as the only means of governing the self; and in the appearance of narrative fiction, where heterosexual love was suddenly represented as the goal of secular life. In this mode of writing further emerged the

figure of the individual, a unique protagonist bound in social and ethical relation with others; from this came a profound recalibration of moral agency, with reference not only to God but to society. More generally, the social and ethical status of secular lives was drastically elevated by the creation and celebration of courtly and chivalric ideals. In England the ideal of kingship was forged and reforged over these centuries, in intimate relation with native ideals of counsel and consent, bound by the law. In the aftermath of Magna Carta, and as parliament grew in reach and importance, a politics of the public sphere emerged, with a literature to match. These vast transformations have long been observed and documented in their separate fields. The Oxford English Literary History: Volume 1: 1000-1350: Conquest and Transformation offers an account of these changes by which they are all connected, and explicable in terms of one another. **From the Close of the Eleventh to the Commencement of the Eighteenth Century** Cambridge University Press Notes in English 28A History of English Literature Intended Only for FreshmenA

*The History of English Poetry* Penguin  
The Routledge History of Literature in English covers the main developments in the history of British and Irish literature, with accompanying language notes which explore the interrelationships between language and literature at each stage. With a span from AD 600 to the present day, it emphasises the growth of literary writing, its traditions, conventions and changing characteristics, and includes literature from the margins, both geographical and cultural. Extensive quotations from poetry, prose and drama underpin the narrative. The third edition

covers recent developments in literary and cultural theory, and features: a new chapter on novels, drama and poetry in the 21st century; examples of analysis of key texts drawn from across the history of British and Irish literature, including material from Chaucer, Shakespeare, John Keats and Virginia Woolf; an extensive companion website including extra language notes and key text analysis; lists of Booker, Costa and Nobel literature prize winners; and an A-Z of authors and topics. The Routledge History of Literature in English is an invaluable reference for any student of English literature and language. [A Geographical and Historical Description of Ancient Greece](#), 3 Atlantic Publishers & Dist

A History of Eighteenth-Century British Literature is a lively exploration of one of the most diverse and innovative periods in literary history. Capturing the richness and excitement of the era, this book provides extensive coverage of major authors, poets, dramatists, and journalists of the period, such as Dryden, Pope and Swift, while also exploring the works of important writers who have received less attention by modern scholars, such as

Matthew Prior and Charles Churchill. Uniquely, the book also discusses noncanonical, working-class writers and demotic works of the era. During the eighteenth-century, Britain experienced vast social, political, economic, and existential changes, greatly influencing the literary world. The major forms of verse, poetry, fiction and non-fiction, experimental works, drama, and political prose from writers such as Montagu, Finch, Johnson, Goldsmith and Cowper, are discussed here in relation to their historical context. A History of Eighteenth-Century British Literature is essential reading for advanced undergraduates and graduate students of English literature. Topics covered include: Verse in the early 18th century, from Pope, Gay, and Swift to Addison, Defoe, Montagu, and Finch Poetry from the mid- to late-century, highlighting the works of Johnson, Gray, Collins, Smart, Goldsmith, and Cowper among others, as well as women and working-class poets Prose Fiction in the early and 18th century, including Behn, Haywood, Defoe, Swift, Richardson, Fielding, and Smollett The novel past mid-century, including experimental works by Johnson, Sterne,

Mackenzie, Walpole, Goldsmith, and Burney Non-fiction prose, including political and polemical prose 18th century drama

*HIST OF ENGLISH LITERATURE & O*

Columbia University Press

History of English Literature is a comprehensive, eight-volume survey of English literature from the Middle Ages to the early twenty-first century. This reference work provides insightful and often revisionary readings of core texts in

the English literary canon. Richly informative analyses are framed by the biographical, historical and intellectual context for each author. Special discount available if you purchase all eight volumes (Discount price: £550, \$825.95). Please contact [order@peterlang.com](mailto:order@peterlang.com) quoting Marucci.

*Things Fall Apart* John Wiley & Sons Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns

from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.
