The Pandemic Century: One Hundred Years of Panic, Hysteria, and Hubris Univ of Wisconsin Press
Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance.

Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Tokyo Vernacular Metropolitan Museum of Art
With a New Chapter and Updated

Epilogue on Coronavirus A Financial Times Best Health Book of 2019 and a New York Times Book Review Editors' Choice "Honigsbaum does a superb job covering a century's worth of pandemics and the fears they invariably unleash."
 —Howard Markel, MD, PhD, director of the Center for the History of Medicine, University of Michigan How can we understand the COVID-19 pandemic? Ever since the 1918 Spanish influenza pandemic, scientists have dreamed of preventing such catastrophic outbreaks of infectious disease. Yet despite a century of medical progress, viral and bacterial disasters continue to take us by surprise, inciting panic and dominating news cycles. In *The Pandemic Century*, a lively account of scares both infamous and less known, medical historian Mark

Honigsbaum combines reportage with the history of science and medical sociology to artfully reconstruct epidemiological mysteries and the ecology of infectious diseases. We meet dedicated disease detectives, obstructive or incompetent public health officials, and brilliant scientists often blinded by their own knowledge of bacteria and viruses—and see how fear of disease often exacerbates racial, religious, and ethnic tensions. Now updated with a new chapter and epilogue.

The Self as Other in Minority

American Life Writing Macmillan

International Higher Education

Preserved in the Bavarian State Library

in Munich is a manuscript that few

scholars have noticed and that no one in

modern times has treated with the seriousness it deserves. *Forbidden Rites* consists of an edition of this medieval Latin text with a full commentary, including detailed analysis of the text and its contents, discussion of the historical context, translation of representative sections of the text, and comparison with other necromantic texts of the late Middle Ages. The result is the most vivid and readable introduction to medieval magic now available. Like many medieval texts for the use of magicians, this handbook is a miscellany rather than a systematic treatise. It is exceptional, however, in the scope and variety of its contents—prayers and conjurations, rituals of sympathetic magic, procedures involving astral magic, a catalogue of spirits, lengthy

ceremonies for consecrating a book of magic, and other materials. With more detail on particular experiments than the famous thirteenth-century *Picatrix* and more variety than the *Thesaurus Necromantiae* ascribed to Roger Bacon, the manual is one of the most interesting and important manuscripts of medieval magic that has yet come to light.

The sixtieth anniversary edition of Frantz Fanon's landmark text, now with a new introduction by Cornel West First published in 1961, and reissued in this sixtieth anniversary edition with a powerful new introduction by Cornel West, Frantz Fanon's *The Wretched of the Earth* is a masterful and timeless

interrogation of race, colonialism, psychological trauma, and revolutionary struggle, and a continuing influence on movements from Black Lives Matter to decolonization. A landmark text for revolutionaries and activists, *The Wretched of the Earth* is an eternal touchstone for civil rights, anti-colonialism, psychiatric studies, and Black consciousness movements around the world. Alongside Cornel West's introduction, the book features critical essays by Jean-Paul Sartre and Homi K. Bhabha. This sixtieth anniversary edition of Fanon's most famous text stands proudly alongside such pillars of anti-colonialism and anti-racism as Edward Said's *Orientalism* and *The Autobiography of Malcolm X*. [Forbidden Rites](#) Univ of California Press

Decision Analysis for Management Judgment is unique in its breadth of coverage of decision analysis methods. It covers both the psychological problems that are associated with unaided managerial decision making and the decision analysis methods designed to overcome them. It is presented and explained in a clear, straightforward manner without using mathematical notation. This latest edition has been fully revised and updated and includes a number of changes to reflect the latest developments in the field.

While the world's attention has been focused on the spectacular economic success of Japan and Korea, the less developed countries of Asia have often

been neglected. Asian Development closes the gap. In nontechnical style and with minimal mathematics, it presents an in-depth perspective on the economic development of fourteen countries in East, Southeast, and South Asia. Asian Development is mainly a story of success. Though some problems remain, Asian countries have shown remarkable resilience in responding to sharp changes in the international economy--oil shocks, world recession and inflation, exchange-rate and interest-rate fluctuations, and rapid technological change. The authors conclude that their ability to adjust to changing external conditions is closely related to intelligent governmental policies. Looking back they comment: "In the past, growth of the United States and Japan pulled up

the growth rates of the smaller economies in the region." Looking forward, they predict: "In the future, increasingly it will be the growth of the Asian developing countries that acts as a catalyst to growth in the more advanced economies."

A History of Ballet Grove/Atlantic, Inc. A "brilliant and provocative" (The New Yorker) celebration of Melville's masterpiece—from the bestselling author of *In the Heart of the Sea*, *Valiant Ambition*, and *In the Hurricane's Eye* One of the greatest American novels finds its perfect contemporary champion in *Why Read Moby-Dick?*, Nathaniel Philbrick's enlightening and entertaining tour through Melville's classic. As he did in his National Book Award-winning bestseller *In the Heart of the Sea*,

Philbrick brings a sailor's eye and an adventurer's passion to unfolding the story behind an epic American journey. He skillfully navigates Melville's world and illuminates the book's humor and unforgettable characters—finding the thread that binds Ishmael and Ahab to our own time and, indeed, to all times. An ideal match between author and subject, *Why Read Moby-Dick?* will start conversations, inspire arguments, and make a powerful case that this classic tale waits to be discovered anew. "Gracefully written [with an] infectious enthusiasm..."—New York Times Book Review

The Wretched of the Earth Routledge
Collects literature written by the most well-known English authors.
Moonwalking with Einstein U of

Minnesota Press
NATIONAL BESTSELLER For more than four hundred years, the art of ballet has stood at the center of Western civilization. Its traditions serve as a record of our past. Lavishly illustrated and beautifully told, *Apollo's Angels*—the first cultural history of ballet ever written—is a groundbreaking work. From ballet's origins in the Renaissance and the codification of its basic steps and positions under France's Louis XIV (himself an avid dancer), the art form wound its way through the courts of Europe, from Paris and Milan to Vienna and St. Petersburg. In the twentieth century, émigré dancers taught their art to a generation in the United States and in Western Europe, setting off a new and radical transformation of dance. Jennifer

Homans, a historian, critic, and former professional ballerina, wields a knowledge of dance born of dedicated practice. Her admiration and love for the ballet, as Entertainment Weekly notes, brings “a dancer’s grace and sure-footed agility to the page.” NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • LOS ANGELES TIMES • SAN FRANCISCO CHRONICLE • PUBLISHERS WEEKLY

News Notes of California Libraries

Europa Editions Incorporated

The topical issues debated in this volume include the patenting of AIDS drugs, the future pensions crisis, Britain's universities, and Pan-Islam. There are studies of Shakespeare, Pope, Montaigne, Robert Graves, and William Faulkner. And there are lectures

on the Inquisition, empires in history, and the journey towards spiritual fulfilment.

The Norton Anthology of English Literature Cambridge Scholars Publishing Courtesy book, specifically intended for children. First appears in Italian in 1558. *Asian Development* Oxford University Press

This compact volume makes available a selection of 402 entries from the widely praised Princeton Encyclopedia of Poetry and Poetics, with emphasis on prosodic and poetic terms likely to be encountered in many different areas of literary study. The book includes detailed discussions of poetic forms, prosody, rhetoric, genre, and topics such as theories of poetry and the relationship of linguistics to poetry. Originally

published in 1987. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Princeton Handbook of Poetic Terms
Springer

Hinting at Rimbaud's provocative dictum that "I is an other," this anthology discusses a wide-ranging array of

twentieth-century and contemporary minority American modes of life writing, prompted by the following questions: Who (else) hides behind this "I" that the author-narrator-character "contractually" claims to be? What generic, aesthetic, political and socio-cultural issues are at stake in a conception of the self as other? The essays analyze autobiographical works from major Native American writers (John Milton Oskison and Louise Erdrich), an African American music-hall artist (Josephine Baker) and writers (John Edgar Wideman and Ta-Nehisi Coates), Caribbean American writers (Jamaica Kincaid and Edwidge Danticat), and Asian American writers (Ruth Ozeki, Cathy Park Hong, Theresa Hak Kyung Cha, and Loung Ung). They shed light on

autobiography as a collaborative writing and reading practice, rather than as a self-oriented genre, probing the “relational” dimension of life writing. Building on the feminist theorization of relationality and the political and aesthetic power of relational bonds, they put forward the necessarily intersubjective dynamics of minority American “self-conceptions” which originate in the writers’ experiences of otherness. The articles highlight that the relational ethnic self characteristically inhabits the liminal spaces where modes of life writing overlap and can thrive in dialogical intertextual readings. They foreground the subversive, cathartic, and memorializing potential of minority American modes of “other-writing” whose ontological dimension is manifest

in the writers’ quest for a sense of repossession and agency, beyond communal boundaries. Contributing to the up-to-date critical discussion on relationality, not as a genre, but rather as a reading and “a storytelling practice,” they examine the ways it participates in a global, transcultural approach to ethno-racial issues in the United States.

The Art and Science of Remembering Everything Penguin

Silent reading is now universally accepted as normal; indeed reading aloud to oneself may be interpreted as showing a lack of ability or understanding. Yet reading aloud was usual, indeed unavoidable, throughout antiquity and most of the middle ages. Saenger investigates the origins of the

gradual separation of words within a continuous written text and the consequent development of silent reading. He then explores the spread of these practices throughout western Europe, and the eventual domination of silent reading in the late medieval period. A detailed work with substantial notes and appendices for reference.

The major authors John Wiley & Sons
A History of Criticism and Literary Taste in Europe from the Earliest Texts to the Present Day: From the renaissance to the decline of eighteenth century orthodoxy Galateo Or, *A Treatise on Politeness and Delicacy of Manners* *Peace and Negotiation* Rowman & Littlefield

This voyage of exploration chronicles twenty-four hours in the life of a Roman

patrician, beginning at dawn on an ordinary day in the year 115 A.D., with Imperial Rome at the height of its power. *A Survey* McGraw-Hill Education
 Peace was far from a pale, static concept - a simple lack of violence - in the Middle Ages and Renaissance. Rather, it was at times constructed as a rich and complex, positive and dynamic ideal. The thirteen articles in this volume cover a broad range of disciplines, times, and geographical areas and explore strategies that were used in the past to resolve conflict and attain peace. They examine events, texts, and images that date from the fifth through the sixteenth centuries, and their authors focus not only on Western Europe, but also on Scandinavia, the Caucasus, and Egypt. This volume rests on the assumption

that peace covers a spectrum of situations that connects the personal and the political. Therefore, the papers presented here examine not only how nations negotiated peace, but also how individuals did. Similarly, although several essays spotlight those in the seat of power, others explore those who are politically marginalized. Our views about peace and conflict, as this collection makes clear, are shaped in part by the mentalities of the past. Although some peacemaking strategies may be unacceptable to us today - forced marriages and conversions, for example - we can learn from other strategies how to transcend or modify various modes of antagonistic thinking.

Lucifer (2015-) #13 McGill-Queen's Press - MQUP

Preserved buildings and historic districts, museums and reconstructions have become an important part of the landscape of cities around the world. Beginning in the 1970s, Tokyo participated in this trend. However, repeated destruction and rapid redevelopment left the city with little building stock of recognized historical value. Late twentieth-century Tokyo thus presents an illuminating case of the emergence of a new sense of history in the city's physical environment, since it required both a shift in perceptions of value and a search for history in the margins and interstices of a rapidly modernizing cityscape. Scholarship to date has tended to view historicism in the postindustrial context as either a genuine response to loss, or as a cynical

commodification of the past. The historical process of Tokyo's historicization suggests other interpretations. Moving from the politics of the public square to the invention of neighborhood community, to oddities found and appropriated in the streets, to the consecration of everyday scenes and artifacts as heritage in museums, Tokyo Vernacular traces the rediscovery of the past—sometimes in unlikely forms—in a city with few traditional landmarks. Tokyo's rediscovered past was mobilized as part of a new politics of the everyday after the failure of mass politics in the 1960s. Rather than conceiving the city as national center and claiming public space as national citizens, the post-1960s generation came to value the local places and things that embodied

the vernacular language of the city, and to seek what could be claimed as common property outside the spaces of corporate capitalism and the state.

The Dialectic of the Global and the Local
W. W. Norton & Company

It's a LUCIFER holiday special! Forget coal—this nice 'naughty issue is your reward for a year of indulgent misdeeds with the devil. Writers Holly Black and Richard Kadrey team up to deliver a darkly festive and irreverent ode to the joy of seasonal sin and twisted Secret Santas. We're keeping this one under wraps, but rest assured it's Krampus-approved.

A Day in the Life of Ancient Rome
Random House

Now in its fourth edition, this book provides new perspectives on the

dynamic interplay of global, national, and local forces as they shape the

functions and outcomes of education systems.
