BLAINE ESSENCE

Maybe in Another Life HarperCollins

The forest is a dangerous place, where siren song lures men and women to their deaths. For centuries, a witch has harvested souls to feed the heartless tree, using its power to grow her domain. When Owen Merrick is lured into the witch's wood, one of her tree-siren daughters, Seren, saves his life instead of ending it. Every night, he climbs over the garden wall to see her, and every night her longing to become human deepens. But a shift in the stars foretells a dangerous curse, and Seren's quest to become human will lead them into an ancient war raging between the witch and the king who is trying to stop her.

An inspiring true story about losing your place, finding your

purpose, and building a community one book at a time. Wendy Welch and her husband had always dreamed of owning a bookstore, so when they left their high-octane jobs for a simpler life in an Appalachian coal town, they seized an unexpected opportunity to pursue their dream. The only problems? A declining U.S. economy, a small town with no industry, and the advent of the e-book. They also had no idea how to run a bookstore. Against all odds, but with optimism, the help of their Virginian mountain community, and an abiding love for books, they succeeded in establishing more than a thriving business - they built a community. The Little Bookstore of Big Stone Gap is the little bookstore that could: how two people, two cats, two dogs, and thirty-eight thousand books helped a small town find its heart. It is a story about people and books, and how together they create community.

One True Loves Penguin

Ava Gardner was one of the most glamorous and famous stars in Hollywood in the 1940s and 1950s. Her list of films includes *The Killers*, *Showboat* and *Mogambo*, for which she was nominated for an Academy Award for best actress, and her co-stars included Clark Gable, Gregory Peck, Burt Lancaster, Humphrey Bogart, Charlton Heston, and Richard Burton - the A-list of male Hollywood stars. Married three times - to Mickey Rooney, Artie Shaw, and Frank Sinatra - the first two lasted only about a year each whilst her marriage to Sinatra lasted several. She had a long-running affair with Howard Hughes, and a briefer one with George C. Scott, among others. In *Ava Gardner*, she has much to say about her husbands and lovers, and some of her co-stars, all of whom get Gardner's unflinchingly honest treatment. Ava Gardner is irresistibly candid and surprising. She began the book because, as she told Evans, 'it's either write the book or sell the jewels and I'm kinda fond of the jewels.' At the time of their collaboration Gardner was living in London, where she had lived for decades, smoking and drinking heavily. Having suffered a stroke that damaged the left side of her face and her left arm she had trouble sleeping and was often depressed - the glamorous wardrobes replaced by grey. Her story could itself have been depressing except for her wit and wickedness, which are on full display in this book. This book tells the story of her life as she wanted to tell it. *Ava Gardner* is the autobiography that Ava Gardner began with writer Peter Evans in 1988. She never finished it and decided against publishing it because of its frankness. She later collaborated on a tamer autobiography, which was published at her death in 1990. After Gardner's death, her estate authorised the book to be published much as she and Evans had originally conceived it.
