Wentworth Press

Revisiting all the original documents and using her deep knowledge of eighteenth-century history and politics, Carol Berkin takes a fresh look at the men who framed the Constitution, the issues they faced, and the times they lived in. Berkin transports the reader into the hearts and minds of the founders, exposing their fears and their limited expectations of success.

Our Country Merriam-Webster

Without an effective network it is much harder to get a job, find business, influence people and

much more. Most people are aware of this, but are not so sure how to go about building, maintaining and using a network. "Payforward Networking" is for these people. Based on the networking workshops taught for many years by communication consultant Andrew Hennigan in business schools and companies, it presents a simple, methodical approach to networking that is both effective and easy to master. At the same time it is also built on ethical "white hat" methods that will not make you feel uncomfortable or manipulative. The book covers the basics of networking in real-life and online, the essentials of online reputation management, the impact of culture on networking, strategic networking and much more.

Berkeley : University of California Press

"A masterwork [by] the preeminent historian of the Civil War era."—Boston Globe  
Selected as a Notable Book of the Year by the New York Times Book Review, this landmark work gives us a definitive account of Lincoln's

lifelong engagement with the nation's critical issue: American slavery. A master historian, Eric Foner draws Lincoln and the broader history of the period into perfect balance. We see Lincoln, a pragmatic politician grounded in principle, deftly navigating the dynamic politics of antislavery, secession, and civil war. Lincoln's greatness emerges from his capacity for moral and political growth.

Disrupting the School-to-Prison Pipeline Learning Express (NY)

Nicholas Cresswell was twenty-four years old when he left his birthplace of Edale, England to sail for Virginia, believing that "a person with a small fortune may live much better and make greater improvements in America than he can possibly do in England." From the time he left, sailing from Liverpool in 1774, until the time he returned, he kept a diary detailing his experiences in pre-Revolutionary America. As a loyal subject to King George, Cresswell found himself often unhappy in America, detailing the turmoil and abuses often suffered by Loyalists in the colonies. Confining his travel mainly to the mid-Atlantic region, Cresswell

not only had occasion to attend a slave gathering and observe what went on there, but also traded amongst many of the native tribes, including the Lenape, Tuscarora, Ottawa and Shawnee. Despite his ambivalence about returning to England, (toward the end of the book he moans, "I wish to be at home and yet dread the thought of returning to my native Country a Beggar" (P. 251)), life in the colonies becomes too much for this loyal subject and Cresswell's journal ends in 1777 with his return to England.

*Getting Ready for the 4th Grade Assessment Tests* Learning Express (NY)

"In early June 1863, the Confederate Army of Northern Virginia launched a summer campaign that brought horrific war to the town of Gettysburg, Pennsylvania ... On November 19, 1863, the dedication of a new Soldiers National Cemetery marked a critical point in American history. From its conception, the Soldiers National Cemetery in

Gettysburg embodied a fitting tribute to those who gave their last full measure of devotion to a grateful nation. Since that fateful summer of 1863, the cemetery has expanded into a place of memorialization for Americans spanning generations ..."--Back cover

The 11th edition of *Communicating at Work* enhances the strategic approach, real-world practicality, and reader-friendly voice that have made this text the market leader for three decades. On every page, students learn how to communicate in ways that enhance their own career success and help their organization operate effectively. This edition retains the hallmark features that have been praised by faculty and students--a strong emphasis on ethical communication and cultural diversity, discussions of evolving communication technologies, and self-assessment tools--while incorporating important updates and ground-breaking digital teaching and learning tools to help

students better connect to the course material and apply it to real world business situations.

### *Colleges that Change Lives* Princeton Review

"American acquisition of the Philippines in 1898 became a focal point for debate on American imperialism and the course the country was to take now that the Western frontier had been conquered. U.S. military leaders in Manila, unequipped to understand the aspirations of the native revolutionary movement, failed to respond to Filipino overtures of accommodation and provoked a war with the revolutionary army. Back home, an impressive opposition to the war developed on largely ideological grounds, but in the end it was the interminable and increasingly bloody guerrilla warfare that disillusioned America in its imperialistic venture. This book presents a

searching exploration of the history of America's reactions to Asian people, politics, and wars of independence." -- Book Jacket

The Meaning Of The Times: And Other Speeches Warner Books (NY)

Freedom's Soldiers tells the story of the 200,000 black men who fought in the Civil War, in their own words and those of eyewitnesses.

KICK-START YOUR CAREER WITH THE RIGHT ON-CAMPUS EXPERIENCE!

When it comes to getting the most out of college, the experiences you have outside the classroom are just as important as what you study. Colleges That Create Futures looks beyond the usual "best of" college lists to highlight 50 schools that empower students to discover practical, real-world applications for their talents and interests.

The schools in this book feature distinctive research, internship, and hands-on learning programs—all the info you need to help find a college where you can parlay your passion into a successful post-college career. Inside, You'll Find:

- In-depth profiles covering career services, internship support, student group activity, alumni satisfaction, noteworthy facilities and programs, and more
- Candid assessments of each school's academics from students, current faculty, and alumni
- Unique hands-on learning opportunities for students across majors
- Testimonials on career prep from alumni in business, education, law, and much more

\*\*\*\*\*

\* What makes Colleges That Create Futures important? You've seen the headlines—lately the news has been full of horror stories about how the college educational system has failed many recent grads who leave school with huge debt, no job prospects, and no experience in the working world. Colleges That Create Futures identifies schools that don't fall into this trap but instead prepare students for successful careers! How are the colleges selected? Schools are selected based on survey results on career services, grad school matriculation, internship support, student group and government activity, alumni activity and salaries, and noteworthy facilities and programs. *The Fiery Trial: Abraham Lincoln and American Slavery* McGraw-Hill Education

Getting Ready for the 4th Grade Assessment Test: Help Improve Your Child's Math and English Skills – Many parents are expressing a demand for books that will help their children succeed and excel on the fourth grade assessment tests in math and English –especially in areas where children have

limited access to computers. This book will help students practice basic math concepts, i.e., number sense and applications as well as more difficult math, such as patterns, functions, and algebra. English skills will include practice in reading comprehension, writing, and vocabulary. Rubrics are included for self-evaluation.
