In 2006, Alice Walker, working with Women for Women International, visited Rwanda and the eastern Congo to witness the aftermath of the genocide in Kigali. Invited by Code Pink, an antiwar group working to end the Iraq War, Walker traveled to Palestine/Israel three years later to view the devastation on the Gaza Strip. Here is her testimony. Bearing witness to the depravity and cruelty, she presents the stories of the individuals who crossed her path and shared their tales of suffering and

courage. Part of what has happened to human beings over the last century, she believes, is that we have been rendered speechless by unusually barbaric behavior that devalues human life. We have no words to describe what we witness. Self-imposed silence has slowed our response to the plight of those who most need us, often women and children, but also men of conscience who resist evil but are outnumbered by those around them who have fallen victim to a belief in weapons, male or ethnic dominance, and greed.

The Houdini Box ABRAMS

Quebrado has been traded from pirate ship to ship in the Caribbean Sea for as long as he can remember. The sailors he toils under call him el quebrado-half islander, half outsider, a broken one. Now the pirate captain Bernardino de Talavera uses Quebrado as a translator to help navigate the worlds and words

between his mother's Taíno Indian language and his father's Spanish. But when a hurricane sinks the ship and most of its crew, it is Quebrado who escapes to safety. He learns how to live on land again, among people who treat him well. And it is he who must decide the fate of his former captors. Latino interest.

Why Knot? Scholastic Inc.

Rise up nimbly and go on your strange journey to the ocean of meanings... In the mid-thirteenth century, in a dusty marketplace in Konya, Turkey, a city where Muslim, Christian, Hindu, and Buddhist travelers mingled, Jelaluddin Rumi, a popular philosopher and scholar, met Shams of Tabriz, a wandering dervish. Their meeting forever altered the course of Rumi's life and influenced the mystical evolution of the planet. The bond they formed was everlasting--a powerful transcendent friendship that would flow through Rumi as some of the world's best-loved ecstatic poetry. Rumi's passionate, playful poems find and celebrate sacred life in everyday existence. They speak across all traditions, to all peoples, and today his relevance and popularity continue to grow. In *The Illuminated Rumi*, Coleman Barks, widely regarded as the world's premier translator of Rumi's writings, presents some of his most brilliant work, including many new translations. To complement Rumi's universal vision, Michael Green has worked the ancient art of illumination into a new, visually stunning form that joins typography, original art, old masters, photographs, and prints with sacred images from

around the world. The Illuminated Rumi is a truly groundbreaking collaboration that interweaves word and image: a magnificent meeting of ancient tradition and modern interpretation that uniquely captures the spiritual wealth of Rumi's teachings. Coleman Barks's wise and witty commentary, together with Michael Green's art, makes this a classic guide to the life of the soul for a whole new generation of seekers.

History of Pickleball Scholastic Inc.

A Heavy Rescue worker on the Isle of Dogs during World War II, Bill Regan kept detailed, hand-written notes and diaries, many of which were written under stress, and in the most primitive conditions of life - often with only the aid of a pencil and a candle. His daughter Ann transcribed the diaries with Bill's help in the late 1980s, but this is the first time the fascinating and frequently-moving diaries have been made available in book form. Ann has generously decided that all proceeds from book sales be donated to Friends of Island History Trust, an Isle of Dogs local history group.

The Last Alchemist Tin House Books

This groundbreaking feminist classic dismantles the way we view rape in our culture and replaces it with a genuine understanding and respect for female sexual pleasure. In the original edition, feminist, political, and activist writers alike presented their ideas for a paradigm shift from the "No Means No" model--and the

result was the groundbreaking shift to today's affirmative consent model ("Yes Means Yes," as coined by this book). With a timely new introduction, refreshed cover, and the timeless contributions of authors from Kate Harding to Jill Filipovic, Yes Means Yes brings to the table a dazzling variety of perspectives and experiences focused on the theory that educating all people to value female sexuality and pleasure leads to viewing women differently, and ending rape. Yes Means Yes has radical and far-reaching effects: from teaching men to treat women as collaborators and not conquests, encouraging men and women that women can enjoy sex instead of being shamed for it, and ultimately, that our children can inherit a world where rape is rare and swiftly punished.

In this powerful companion to her award-winning memoir *Enchanted Air*, Newbery Honor-winning author Margarita Engle recounts her teenage years during the turbulent 1960s. In 1978, at the age of eighteen and with a seventh-grade education, Dolly Freed wrote *Possum Living*, chronicling the five years she and her father lived off the land on a half-acre lot outside of Philadelphia.

Overcoming Speechlessness Simon and Schuster

Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell's Angels, that is—in this short work of nonfiction. "California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again." Thus begins Hunter S. Thompson's vivid account of his experiences with California's most notorious motorcycle gang, the Hell's Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising

hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as *The New Yorker* pointed out, "For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work." As illuminating now as when originally published in 1967, *Hell's Angels* is a gripping portrait, and the best account we have of the truth behind an American legend.

"Polly, Dennis, Angela, Adrian and the rest are bound to lose their spiritual innocence as well as their virginities on the journey between university in the 1950s and the marriages, families, careers and deaths that follow. On the one hand there's Sex and then the Pill, on the other there is the traditional Catholic Church. In this razor-sharp novel, David Lodge exposes the pressures that assailed Catholics everywhere within a more permissive society, and voices their eternal question: how far can you go?" --

Golf is a disease, not a game. Especially when you take the game up in your fifties, as I did. After a series of injuries stopped my recreational tennis play, and my retirement from a lifetime of coaching and teaching tennis, I tried golf. It didn't take long to realize it was not an easy endeavor. Someone said, "You can't learn anything from a golf book, but you have to read a lot of golf books to find that out!" I found the gurus of golf instruction: Ledbetter, Pelz, and Hogan, who was said to have written the

book with the secret! I did find one that really attracted me but in a somewhat different way.
