*Notes Between a Mother and Daughter*, a novel Embrace the Fantasy Publishing, LLC

*Life on the Refrigerator Door* is a poignant and deeply moving first novel about the bonds of love and frustration that tie mothers and daughters together. Told entirely in a series of notes left on the kitchen fridge—some casual, some intimate, some funny, some angry—it is the story of nine months in the life of 15-year-old Claire and her single mother. Preoccupied with their busy separate lives, rarely in the same room at the same time, they talk to each other in a series of short snippets that reflect the daily drama of school, boyfriends, work and chores that make up their days. Yet the mundane soon becomes extraordinary when a crisis overtakes their lives—a momentous change that will redefine their relationship and unfold in their exchanges on the refrigerator

door. Short, powerful and unforgettable, Kuipers' novel looks deep into the complex relationship between mothers and daughters, and the distances that can open up between people who live together but exist in their own worlds. Unfolding in a wonderfully simple and intimate narrative, *Life on the Refrigerator Door* will appeal to readers across the generations, delivering universal lessons about love.

### Milestone

What if you had just learned that your days are about to come to an end?

Would you quietly accept your destiny, or would you fight this one final battle?

And what if the demons of your past disturb the delicate reconciliation you thought you had found? These are the questions facing John Kadel in "If only I could...", a simple story about love. This is not a romance. It is a tale of the true and lasting love each of us dreams about, the undeniable love only some of us find in a lifetime of searching. John Kadel is a stubborn, single old man with a colorful past and questions for which he has no answers. Not long after his doctor hands him a death sentence, John runs into someone from his past.

Claire and her mother are running out of time, but they don't know it. Not yet. Claire is wrapped up with the difficulties of her burgeoning adulthood—boys, school, friends, identity; Claire's mother, a single mom, is rushed off her feet both at work and at home. They rarely find themselves in the same room at the same time, and it often seems that the only thing they can count on are notes to each other on the refrigerator door. When home is threatened by a crisis, their relationship experiences a

momentous change. Forced to reevaluate the delicate balance between their personal lives and their bond as mother and daughter, Claire and her mother find new love and devotion for one another deeper than anything they had ever imagined. Heartfelt, touching, and unforgettable, *Life on the Refrigerator Door* is a glimpse into the lives of mothers and daughters everywhere. In this deeply touching novel told through a series of notes written from a loving mother and her devoted fifteen-year-old daughter, debut author Alice Kuipers deftly captures the impenetrable fabric that connects mothers and daughters throughout the world. Moving and rich with emotion, *Life on the Refrigerator Door* delivers universal lessons about love in a

wonderfully simple and poignant narrative.

"Blimp, bloop, blimp, bloop. Suzy gripped her sheets tightly. Was that noise coming from under her bed?" *Helps Children Banish Bedtime Fears* So begins Suzy's adventure where she meets Karrit, another child, and one that lives far under her bed. The two children banish their bedtime fears and become best friends by treating each other the way that they want to be treated. A Fear of Monsters is Common A fear of monsters under the bed is common with children of all ages, starting with a vague sense of the unknown with younger toddlers and graduating to perhaps a more solid image in the minds

of older children. The Monster on Top of the Bed flips the idea around, like the famous Disney Movie Monsters Inc., and bases the story on the concept that it's the monsters that are actually afraid of the children. The Children Model The Golden Rule In this beautifully illustrated book we meet two children--Suzy and Karris, and we discover that sometimes things are not always what they seem and when the monster fears the child, we come to see a different perspective on misunderstandings and ignorance. We also discover that it is easy to misinterpret the meanings of words and actions, when Karris explains to Suzy that certain things she says and does, frightens him. Although the words, "The Golden Rule" never appear in the book, the way the two children treat each

other as though they would like to be treated enable the two of them to work together to work out their differences. A friendship forms, and a new light is shed upon them both when they realize that maybe they aren't so different from each other after all. A Mantra that Banishes Nighttime Fears When things get scary, both children use Grandmom's mantra, which is highly effective in banishing monsters, "You're welcome to stay until I say, 'Nay!' Then it's time to go, and you can't say, 'no.'" This is an empowering bedtime story. The multimedia edition contains a link to an .mp4 file that features the same audio tracks in the CD version. Children can listen to the story being read by four narrators who read the story in English, Spanish and Italian. There are page turning sounds to let the

child know when to turn the page. There are slight differences between the words in CD version and the Kindle version. Children like the challenge of finding the differences. In addition to reading the story, the multimedia kindle edition also contains bonus material, including an interview with the illustrator, and other stories and poems written by the author. Order Copies For Yourself and Your Friends...It's perfect for three to six-year olds, and six-to-twelve year olds (who are sometimes still afraid of monsters) find the story charming and enjoy reading it to their younger siblings. 40 Things I Want To Tell You Harper Collins

From New York Times bestseller, Kendall Ryan, comes a sexy new standalone novel. My tempting and very alpha friend Sterling Quinn is someone I consider off-

limits. It's not just that we're friends, he's also cocky, confident, and British, which means he's a walking aphrodisiac. But lately he's been giving me the look. You know the one. When he thinks I'm not paying attention, and his gaze lingers for too long. When we start working together, that's when the sexual tension between us gets so thick, I want to hack through it with a machete. I want to make all these deep feelings I've harbored for him disappear, because there's no way this can end well. The lines between business and pleasure become irrevocably blurred, and I'm stuck between a rock and Sterling's very, very hard place. Rather than keep a level head about our growing attraction, Sterling wants to go all in, showing me

just how explosive we can be together. But I've been around long enough to know that this British bad boy is more than my heart can handle. I'm not about to be cast aside like yesterday's underwear when he's done having fun. Sterling's never been told no, and he's not about to put his ego aside and play by my rules. But I never thought he'd fight so dirty.
