LENNON ALEXIS

A Novel UNC Press Books

The Work of Craft is a profound meditation on the relationship between craft and craftsman. Focusing in turn on pottery, weaving, and woodcarving, and grounding her insights in her own experiences as a potter, Carla Needleman shows that the basic material every craftsman works with is himself or herself. The stuff between one's hands—the clay, the wood, the wool—responds to the quality of one's inner state. The product of one's work is not just an object but a way of being. Thus, the exploration of a craft is—like this book—an exploration of the processes of life itself.

English in Everyday Life Harvard Business Press

Conversation-powered leadership How can leaders make their big or growing companies feel small again? How can they recapture the “magic”—the tight strategic alignment, the high level of employee engagement—that drove and animated their organization when it was a start-up? As more and more executives have discovered in recent years, the answer to this conundrum lies in the power of conversation. In *Talk, Inc.*, Boris Groysberg and Michael Slind show how trusted and effective leaders are adapting the principles of face-to-face conversation in order to pursue a new form of organizational conversation. They explore the promise of conversation-powered leadership—from the time-tested practice of talking straight (and listening well) to the thoughtful adoption of social media technology. And they offer guidance on

how to balance the benefits of open-ended talk with the realities of strategic execution. Drawing on the experience of leaders at diverse companies from around the world, *Talk, Inc.*, offers provocative insights and user-friendly tips on how to make organizational culture more intimate, more interactive, more inclusive, and more intentional—in short, more conversational.

Conversation Book 1 Teachers Edn McGraw-Hill College

Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, *Atlas Shrugged* is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's *The Great American Read*. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. *Atlas Shrugged*, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

More Courageous Conversations About Race Corwin Press

Although he published relatively little in his lifetime, Harvey Sacks's lectures and papers were influential in sociology and sociolinguistics and played a major role in the development of ethnomethodology and conversation analysis. The recent publication of Sacks's "Lectures on Conversation" has provided an opportunity for a wide-ranging reassessment of his contribution.

Rot & Ruin McGraw Hill Professional
 When a dissertation crosses my desk, I usually want to grab it by its metaphorical lapels and give it a good shake. "You know something!" I would say if it could hear me. "Now tell it to us in language we can understand!" Since its publication in 2005, *From Dissertation to Book* has helped thousands of young

academic authors get their books beyond the thesis committee and into the hands of interested publishers and general readers. Now revised and updated to reflect the evolution of scholarly publishing, this edition includes a new chapter arguing that the future of academic writing is in the hands of young scholars who must create work that meets the broader expectations of readers rather than the narrow requirements of academic committees. At the heart of *From Dissertation to Book* is the idea that revising the dissertation is fundamentally a process of shifting its focus from the concerns of a narrow audience—a committee or advisors—to those of a broader scholarly audience that wants writing to be both informative and engaging. William Germano offers clear guidance on how to do this, with advice on such topics as rethinking the table of contents, taming runaway footnotes, shaping chapter length, and confronting the limitations of jargon, alongside helpful timetables for light or heavy revision. Germano draws on his years of experience in both academia and publishing to show writers how to turn a dissertation into a book that an audience will actually enjoy, whether reading on a page or a screen. Germano also acknowledges that not all dissertations can or even should become books and explores other, often overlooked, options, such as turning them into journal articles or chapters in an edited work. With clear directions, engaging examples, and an eye for the idiosyncrasies of academic writing, *From Dissertation to Book* reveals to recent PhDs the secrets of careful and thoughtful revision—a skill that will be truly invaluable as they add "author" to their curriculum vitae.

Ava Gardner: The Secret

estate industry to treat Black homebuyers equally. The disaster that ensued revealed that racist exclusion had not been eradicated, but rather transmuted into a new phenomenon of predatory inclusion. *Race for Profit* uncovers how exploitative real estate practices continued well after housing discrimination was banned. The same racist structures and individuals remained intact after redlining's end, and close relationships between regulators and the industry created incentives to ignore improprieties. Meanwhile, new policies meant to encourage low-income homeownership created new methods to exploit Black homeowners. The federal government guaranteed urban mortgages in an attempt to overcome resistance to lending to Black buyers – as if unprofitability, rather than racism, was the cause of housing segregation. Bankers, investors, and real estate agents took advantage of the perverse incentives, targeting the Black women most likely to fail to keep up their home payments and slip into foreclosure, multiplying their profits. As a result, by the end of the 1970s, the nation's first programs to encourage Black homeownership ended with tens of thousands of foreclosures in Black communities across the country. The push to uplift Black homeownership had descended into a goldmine for realtors and mortgage lenders, and a ready-made cudgel for the champions of deregulation to wield against government intervention of any kind. Narrating the story of a sea-change in housing policy and its dire impact on African Americans, *Race for Profit* reveals how the urban core was transformed into a new frontier of cynical extraction.

An Advanced English Grammar Knopf
 Now in paperback, this is a sublime and candid, look at the man named Archie Leach who transformed, himself by sheer willpower, work, talent and, perseverance into the incomparable Hollywood star, Cary Grant. Timed for release just after the Cary, Grant Centennial, the 100th Anniversary of his, birth on January 18, 2004, this book reveals not, only the debonair, witty leading man but the, humble, shy and vulnerable human being., ""Forget the other Grant books, this is it. Superb,- Kirkus Reviews,""A standout biography"" - Philadelphia Inquirer

English Conversation Practice Penguin
 This book explores implications for applied linguistics of recent developments in technologies used in second language teaching and assessment, language analysis, and language use. Focusing primarily on English language learning, the book identifies significant areas of interplay between technology and applied linguistics, and it explores current perspectives on perennial questions such as how theory and research on second language acquisition can help to inform technology-based language learning practices, how the multifaceted learning accomplished through technology can be evaluated, and how theoretical perspectives can offer insight on data obtained from research on interaction with and through technology. The book illustrates how the interplay between technology and applied linguistics can amplify and expand applied linguists' understanding of fundamental issues in the field. Through discussion of computer-assisted approaches for investigating second language learning tasks and assessment, it illustrates how technology

can be used as a tool for applied linguistics research.

Paper Concert Citadel Press

The Big Sleep and (1939 and) is a hardboiled crime novel by Raymond Chandler, the first to feature the detective Philip Marlowe. It has been adapted for film twice, in 1946 and again in 1978. The story is set in Los Angeles. The story is noted for its complexity, with characters double-crossing one another and secrets being exposed throughout the narrative. The title is a euphemism for death; the final pages of the book refer to a rumination about "sleeping the big sleep". In 1999, the book was voted 96th of *Le Monde* and 's "100 Books of the Century". In 2005, it was included in *Time* magazine and 's "List of the 100 Best Novels".

Real Life John Benjamins Publishing

A candid self-portrait of the late film legend's golden-era Hollywood life traces her impoverished childhood in North Carolina through the heights of her career, sharing unflinching coverage of her relationships with such figures as Mickey Rooney, Frank Sinatra and George C. Scott. 150,000 first printing.

The Morning Star Running Wild, LLC
Each chapter in this book includes four sections: (1) an opening quotation that briefly introduces the focus of the chapter; (2) "From the Life of John Taylor," which illustrates the messages of the chapter with a story or counsel from President Taylor; (3) "Teachings of John Taylor," which presents important doctrines from his many messages and sermons; and (4) "Suggestions for Study and Discussion," which encourages personal review and inquiry, further discussion, and application to our lives today through questions.

The Many Deaths of Cole Parker
Achatz

A Conversation Book 1: English in Everyday Life, by Tina Kasloff Carver and Sandra D. Fotinos-Riggs, helps beginning level students to develop conversation fluency. The student-centred text and audio teach the vocabulary and life skills necessary for natural communication.

Each of the ten units focuses on an essential aspect of daily life such as food, shopping, and work. Activities ranging from role plays to group surveys promise a lively class and help students achieve the language competencies needed to succeed at school and work.

Practice Makes Perfect: English Conversation, Premium Third Edition McGraw-Hill College

Living in LA and dating celebrities wasn't what it was cracked up to be. I found out the hard way many had a lifestyle I wanted no part of. Then David Taylor forced his way into my life. A sledge hammer breaking down my well crafted walls. He was gorgeous and sexy and intimidating. I was drawn to him in a way I had never been to anyone or anything. And I knew I couldn't have him, I was too damaged, too flawed to really connect. David saw what I was from the beginning. A broken scared girl locked away inside an aloof woman. And he was determined to free me. To make me his.

Harvey Sacks Penguin

This historical exploration of the Green Book offers "a fascinating [and] sweeping story of black travel within Jim Crow America across four decades" (*The New York Times Book Review*). Published from 1936 to 1966, the Green Book was hailed as the "black travel guide to America." At that time, it was very dangerous and difficult for African-Americans to travel because they couldn't eat, sleep, or buy gas at most white-owned businesses. The Green Book listed hotels, restaurants, gas

stations, and other businesses that were safe for black travelers. It was a resourceful and innovative solution to a horrific problem. It took courage to be listed in the Green Book, and Overground Railroad celebrates the stories of those who put their names in the book and stood up against

segregation. Author Candacy A. Taylor shows the history of the Green Book, how we arrived at our present historical moment, and how far we still have to go when it comes to race relations in America. A New York Times Notable Book of 2020
