 An eight year old boy with autism who is unable to communicate with humans

appears to have an uncanny ability to communicate with chimpanzees. How the boy, his father, and a biomedically abused chimp named Albert come together in life-changing ways is the story of Like No Other Boy.

Like No Other Boy Diversion Books
 In time for the 75th anniversary of the Man of Steel, comes the first comprehensive literary biography of Joe Shuster and Jerry Siegel, creators of the DC Comics superhero Superman and the inspiration for Michael Chabon's Kavalier and Clay Drawing on ten years of research in the trenches of Cleveland libraries, boarded-up high schools, and secret, private collections, and a love of comic books, Brad Ricca's Super Boys is the first ever

full biography about Superman's creators. Among scores of new discoveries, the book reveals the first stories and pictures ever published by the two, where the first Superman story really came from, the real inspiration for Lois Lane, the template for Superman's costume, and much, much more. Super Boys also tracks the boys' unknown, often mysterious lives after they left Superman, including Siegel's secret work during World War II and never-before-seen work from Shuster. Super Boys explains, finally, what exactly happened with the infamous check for \$130 that pulled Superman away from his creators—and gave control of the character to the publisher. Ricca also uncovers the true nature of Jerry's father's

death, a crime that has always remained a mystery. Super Boys is the story of a long friendship between boys who grew to be men and the standard that would be impossible for both of them to live up to. [The International Encyclopaedic Dictionary ...](#) Good Press

A beloved adventure classic, *The Swiss Family Robinson* is a tale of courage in the face of the unknown that has endured the test of time. Trapped on a remote island after a storm leaves them shipwrecked, a Swiss pastor, his wife, and their four sons must pull together if they want to survive. Hunting, farming, and exploring a strange land for the first time, each son not only tests his own bravery, but discovers a skill all his own as they each adapt to this new, wild place. Full of wonder, revelation, and invention, this timeless adventure story has sparked imaginations of readers young and old for generations. Featuring an appendix of discussion questions, this Diversion Classics edition is ideal for use in book groups and classrooms. [I Hope They Serve Beer In Hell](#) Random House

The "highly entertaining and thoroughly reprehensible" #1 New York Times bestseller—now with sixteen pages of photos and a new introduction (The New York Times). My name is Tucker Max, and I am an asshole. I get excessively drunk at inappropriate times, disregard social norms, indulge every whim, ignore the consequences of my actions, mock idiots and posers, sleep with more women than is safe or reasonable, and just generally act like a raging dickhead. But, I do contribute to humanity in one very important way: I share my adventures with the world. --from the Introduction Actual reader feedback: "I find it truly appalling that there are people in the world like you. You are a disgusting, vile, repulsive, repugnant, foul creature. Because of you, I don't believe in God anymore. No just God would allow someone like you to exist." "I'll stay with God as my lord, but you are my savior. I just finished reading your brilliant stories, and I laughed so hard I almost vomited. I want to bring that kind of joy to people. You're an artist of the highest order and a true humanitarian to boot. I'm in both shock and awe at how

much I want to be you."

Simon and Schuster

A story of drug and alcohol abuse and rehabilitation as it has never been told before. Recounted in visceral, kinetic prose, and crafted with a forthrightness that rejects piety, cynicism, and self-pity, it brings us face-to-face with a provocative new understanding of the nature of addiction and the meaning of recovery. By the time he entered a drug and alcohol treatment facility, James Frey had taken his addictions to near-deadly extremes. He had so thoroughly ravaged his body that the facility's doctors were shocked he was still alive. The ensuing torments of detoxification and withdrawal, and the never-ending urge to use chemicals, are captured with a vitality and directness that recalls the seminal eye-opening power of William Burroughs's *Junky*. But *A Million Little Pieces* refuses to fit any mold of drug literature. Inside the clinic, James is surrounded by patients as troubled as he is -- including a judge, a mobster, a one-time world-champion boxer, and a fragile former prostitute to whom he is not allowed to speak ó but their friendship and advice strikes James as stronger and truer than the clinic's droning dogma of *How to Recover*. James refuses to consider himself a victim of anything but his own bad decisions, and insists on accepting sole accountability for the person he has been and the person he may become--which runs directly counter to his counselors' recipes for recovery. James has to fight to find his own way to confront the consequences of the life he has lived so far, and to determine what future, if any, he holds. It is this fight, told with the charismatic energy and power of *One Flew over the Cuckoo's Nest*, that is at the heart of *A Million Little Pieces*: the fight between one young man's will and the ever-tempting chemical trip to oblivion, the fight to survive on his own terms, for reasons close to his own heart. *A Million Little Pieces* is an uncommonly genuine account of a life destroyed and a life reconstructed. It is also the introduction of a bold and talented literary voice.

In recent years, a new market of convergence culture has developed. In this new market, one story, idea, concept, or product can be produced, distributed, appreciated, and understood by customers in a variety of different media. We are at

the tipping point of this new convergence culture, and comics is a key area affected by this emerging model. In *Comics for Film, Games, and Animation* Tyler Weaver teaches you how to integrate comics storytelling into your own work by exploring their past, present, and future. You will explore the creation of the unique mythologies that have endured for more than seventy years, and dig into the nitty gritty of their creation, from pacing and scripting issues to collaboration. Finally, you'll gain a love and appreciation of the medium of comics, so much so that you won't be able to wait to bring that medium into your story toolbox.

Sahara Houghton Mifflin Harcourt
Stanley Lambchop is just a normal healthy boy, but since a large notice-board fell on him, he's been only half an inch thick. For Stanley this presents no problems. In fact, it makes life more exciting.

Tales of Indonesia and Malaysia

HarperCollins Australia

Double Vision Fiona Brand In the forgotten corners of Rina's mind there is a very valuable secret... one that the Chavez family will kill for. Almost two decades ago, a car accident thrust Rina Morell's life into darkness. Unable to deal with the traumatic loss of her mother, Rina's young mind erected a wall that blocked her vision and her memories of the event. Years later Rina still suffers from psychosomatic blindness—unable to see the danger that lies next to her. Until a series of 'accidents' restores her physical sight, and a mysterious secondary vision. When Rina discovers that her husband is the head of the infamous Chavez family, and that he's responsible for her mother's death, Rina is terrified. With the help of CIA agent JT Wyatt, she escapes into the Witness Security Program. But even anonymity can't protect her from the knowledge locked inside her head, or that her ex-husband, a cold-blooded killer, is still on the loose.

A Dirk Pitt Adventure

A group biography of seven enduring and beloved games, and the story of why—and how—we play them. Checkers, backgammon, chess, and Go. Poker, Scrabble, and bridge. These seven games, ancient and modern, fascinate millions of people worldwide. In *Seven Games*, Oliver Roeder charts their origins and historical importance, the delightful arcana of their rules, and the ways their design makes them pleasurable. Roeder introduces thrilling competitors, such as evangelical minister Marion Tinsley, who across forty

years lost only three games of checkers; Shusai, the Master, the last Go champion of imperial Japan, defending tradition against “modern rationalism”; and an IBM engineer who created a backgammon program so capable at self-learning that NASA used it on the space shuttle. He delves into the history and lore of each game: backgammon boards in ancient Egypt, the Indian origins of chess, how certain shells from a particular beach in Japan make the finest white Go stones. Beyond the cultural and personal stories, Roeder explores why games, seemingly trivial pastimes, speak so deeply to the human soul. He introduces an early philosopher of games, the aptly named Bernard Suits, and visits an Oxford cosmologist who has perfected a computer that can effectively play bridge, a game as complicated as human language itself. Throughout, Roeder tells the compelling story of how humans, pursuing scientific glory and competitive advantage, have invented AI programs better than any human player, and what that means for the games—and for us. Funny, fascinating, and profound, *Seven Games* is a story of obsession, psychology, history, and how play makes us human.

A Million Little Pieces

Presents a tale of a precarious friendship between an illegal Nigerian refugee and a recent widow from suburban London, a story told from the alternating and disparate perspectives of both women.
