The best of the best-20 years of watercolor brilliance! Over the past 20+ years, Splash has built a reputation as the premier showcase of contemporary watercolor...a gathering place for the best work and freshest ideas from today's top artists. Page by page, the series' 14 editions have painted a masterful portrait of the current state of the

medium. Now, *Splash Retrospective* celebrates the best of the best in one big, breathtaking compilation! Inside you'll find everything you've come to expect from this series: big art (in concept, execution and reproduction value), innovative techniques, and firsthand insight on what fueled the artist. Plus, for the first time, series editor Rachel Rubin Wolf shares her expert perspective on what it is about these paintings that made her stop and take notice. What made them "come alive" and stand out from the thousands that crossed her desk? More than mere technical mastery, she cites such elements as originality, unusual subjects and poses, moments of

whimsy...and always, the artist's love and respect for their subject, be it sunflower divas, and exotic locale, a beloved family member, or a peanut butter and jelly sandwich. It's an exceptional collection for artists striving to create memorable work, and a simply stunning book to grace the coffee table of any lover of the medium. • 230+ brilliantly reproduced watercolor paintings. • More than 200 artists represented. • A diversity of styles, presented in subject-themed chapters--still lifes, portraits, landscapes, animals and more. • Revealing commentary from the artists and editor. *Ali Cavanaugh* Walter Foster
This book re-defines

"Contemporary Expressionism" as an art form. I wrote this book to transfer my decades of learnings to the art enthusiast and art critic alike. It is a 30,000-foot level overview of the nearly 80-year-old art style called abstract art. I have reconstructed the original form of abstract art and placed my own spin on it through hundreds of paintings that fall into the category of "Abstract Contemporary Expressionism." This visually stunning book will also introduce the reader to the Pollock-Richter Project(c), ...a combination of painting styles from two of the most well-known contemporary artists from the past and present: Jackson Pollock and Gerhard

Richter. In one section, I will teach the un-cut and true form of what I believe to be Contemporary Expressionism in the form of fine painted art. Many feel this is a controversial subject because of how many other art forms can be considered "Contemporary Expressionism" such as sculptures and collages. Through this book, my hope is for you to realize the great benefit of how my art is not only visually pleasing, but also a perfect choice for Art Therapy. I hope afterwards you will visit Artistmazon.com and select a painting for yourself and your emotional well-being. *Malcolm Morley* John Wiley & Sons
The Splash series has earned a reputation as

a premier showcase of contemporary watercolor. Year after year, artists and art enthusiasts look forward to its big, beautiful images, innovative approaches and insightful commentary. Continuing the tradition, this 12th edition celebrates artistic vision—delivering a stunning diversity of ideas, inspiration, and breathtaking art—in short, everything fans of this series have come to expect, including the wonderfully unexpected. Explore how artists seize upon moments of beauty and wonder, inject emotional content and personal interpretation, and translate it all into brilliant standout paintings. Impossibly

red tomatoes picked fresh from the garden...A chance pose by an impatient child model...The simple view through a weathered door... These are just a few of the "sparks" behind the more than 120 striking paintings on these pages. Captions offer insight from the artists themselves who share the approaches they use to bring their visions into focus. The late Henry Fukuhara painted the scene on page 90 when he was 96 years old, completely blind and bedridden, a profound testament to the power of an artist's vision. His advice: "Don't be a reporter; be an entertainer." Page after page, Splash 12 offers up this kind of hard-earned wisdom, personal epiphanies

and artist-to-artist advice for making others stop, look, and enjoy the view. Dive in, and see where 100 of today's brightest watercolor visionaries have taken this celebrated medium. Splash 12 Routledge

A veteran art critic helps us make sense of modern and contemporary art The landscape of contemporary art has changed dramatically

during the last hundred years: from Malevich's 1915 painting of a single black square and Duchamp's 1917 signed porcelain urinal to Jackson Pollock's midcentury "drip" paintings; Chris Burden's "Shoot" (1971), in which the artist was voluntarily shot in the arm with a rifle; Urs Fischer's "You" (2007), a giant hole dug in the floor of a New York gallery; and the conceptual and performance art of today's Ai Weiwei and Marina Abramovic. The shifts have left the art-viewing public (understandably) perplexed. In *The Art of Looking*, renowned art critic Lance Esplund demonstrates that works of modern and contemporary art are not as indecipherable as they might seem.

With patience, insight, and wit, Esplund guides us through the last century of art and empowers us to approach and appreciate it with new eyes. Eager to democratize genres that can feel inaccessible, Esplund encourages viewers to trust their own taste, guts, and common sense. *The Art of Looking* will open the eyes of viewers who think that recent art is obtuse, nonsensical, and irrelevant, as well as the eyes of those who believe that the art of the past has nothing to say to our present.

[Just Add Watercolour](#) Basic Books Powerful Paintings from a Watercolor Master "The most nearly 'perfect' paintings to me are rarely the ones simply characterized by technical expertise.

More often, they are the ones in which you can sense the beating heart of the artist just below the surface-- flaws included." Twenty years into a career as architect and architectural illustrator, Thomas Schaller embarked upon a bold new path as a fine artist. Today he is one of the world's most accomplished watercolor artists, celebrated for his poignant treatment of light and its dynamic interplay with the natural and manmade landscape. The first and only collection of work from this popular contemporary artist, Thomas W. Schaller: Architect of Light features 150 of his finest paintings-- buildings, bridges, boats, people and other scenes from

around the world. In a series of essays, Schaller ruminates on his journey as an artist, what drives him, and the "truths" he's discovered along the way. He offers not only sage insight on composition, color and other technical aspects of painting, but also provocative perspective on more fundamental struggles for the artist, such as overcoming self-doubt and honing one's own, unique voice. Schaller's essays, like his art, shine with passion, authenticity, and the epiphanies that comprise his artistic constellation: discovering the power of breathing...the secret to "finding the art" in any subject...and how the quest for perfection led him to worry less about

the final result to take
greater joy in the
process itself. It's a
pivoting read for

collector, art-lover and
practicing artist alike,
full of views to savor
and enlighten.
