The Hillsong Movement Examined Golden MasterMind Seminars (GMS)

This interdisciplinary volume brings together leading writers and thinkers to provide a critique of a broad range of topics related to Hillsong Church. Hillsong is one of the most influential, visible, and (in some circles) controversial religious organizations/movements of the past thirty years. Although it has received significant attention from both the academy and the popular press, the vast majority of the scholarship lacks the scope and nuance necessary to understand the complexity of the movement, or its implications for the social, cultural, political, spiritual, and religious milieus it inhabits. This volume begins to redress this by filling important gaps in knowledge as well as introducing different audiences to new perspectives. In doing so, it enriches our understanding of one of the most influential Christian organizations of the late 20th and early

21st centuries. *Lessons, Principles and Strategies from Smart People Like You Who Transformed Failure Into Success* Goko Publishing

Create The Life You Want! Men and women are different; we all know that, most people are overworked, stressed-out and time poor and in our modern day fast paced society need new skills to have successful relationships. International celebrity, speaker & bestselling author Pat Mesiti has written a definitive guide to help men and women thrive together in a modern day relationship. *Your Best Is Yet to Come!* Springer

Our linguistic ancestors had used the wheel, were settled arable farmers, kept sheep and cattle, brewed beer, got married, made weapons, and had at least 27 verbs for the expression of strife. The subjects to which the authors devote chapters include fauna, flora, family and kinship, clothing and textiles, food and drink, space and time, emotions, mythology, religion, and the continuing quest to discover the Proto-Indo-European homeland." *Make Your Kids Millionaires: The Step-by-*

Step Guide to Lead Children to Financial Freedom Springer

In the tradition of George Saunders and Aimee Bender, an exuberantly imagined debut that chronicles an ordinary world marked by unusual phenomena. The eighteen stories of Manuel Gonzales's exhilarating first book render the fantastic commonplace and the ordinary extraordinary, in prose that thrums with energy and shimmers with beauty. In "The Artist's Voice" we meet one of the world's foremost composers, a man who speaks through his ears. A hijacked plane circles a city for twenty years in "Pilot, Copilot, Writer." Sound can kill in "The Sounds of Early Morning." And, in the title story, a man is at war with the wife he accidentally shrank. For these characters, the phenomenal isn't necessarily special—but it's often dangerous. In slightly fantastical settings, Gonzales illustrates very real guilt over small and large marital missteps, the intense desire for the reinvention of self, and the powerful urges we feel to defend and provide for the people we love.

With wit and insight, these stories subvert our expectations and challenge us to look at our surroundings with fresh eyes. Brilliantly conceived, strikingly original, and told with the narrative instinct of a born storyteller, *The Miniature Wife* is an unforgettable debut. Pat Mesiti, International Author and Motivational Speaker **A Preacher's Struggle with His Homosexuality, Church and Faith** Black Inc. Life and success are about two types of people: those who take opportunities and those who don't. Right now, you have the opportunity to read this book or ignore its content. Reading it will help steer you on a course that will benefit you, your family and friends. It may determine the success of a happy and fulfilled life or a disgruntled and despairing one. The opportunity is yours It's there for the taking. Someone once said that many people do with opportunities what children do at the seashore: they get a handful of sand and let it slip through your fingers grain by grain. Don't let this be the story of your life. Let the insights of this brief and often-humorous book take you

on a journey of discovery that can open the door to your extraordinary life. [The \\$1 Million Reason to Change Your Mind](#) Baker Books *THIS BOOK IS AVAILABLE AS OPEN ACCESS BOOK ON SPRINGERLINK* This open access book is the product of ICMI Study 22 Task Design in Mathematics Education. The study offers a state-of-the-art summary of relevant research and goes beyond that to develop new insights and new areas of knowledge and study about task design. The authors represent a wide range of countries and cultures and are leading researchers, teachers and designers. In particular, the authors develop explicit understandings of the opportunities and difficulties involved in designing and implementing tasks and of the interfaces between the teaching, researching and designing roles - recognising that these might be undertaken by the same person or by completely separate teams. Tasks generate the activity through which learners meet mathematical concepts, ideas, strategies and learn to use and develop mathematical thinking

and modes of enquiry. Teaching includes the selection, modification, design, sequencing, installation, observation and evaluation of tasks. The book illustrates how task design is core to effective teaching, whether the task is a complex, extended, investigation or a small part of a lesson; whether it is part of a curriculum system, such as a textbook, or promotes free standing activity; whether the task comes from published source or is devised by the teacher or the student.

A Life of Unlearning
Springer

In February 2002, British journalist James Brabazon set out to travel with guerrilla forces into Liberia to show the world what was happening in that war-torn country. To protect him, he hired Nick du Toit, a former South African Defence Force soldier who had fought in conflicts across Africa for over three decades. What follows is an incredible behind-the-scenes account of the Liberian rebels — known as the LURD — as they attempt to seize control of the country from government troops led by President Charles Taylor. In this gripping narrative, James Brabazon paints a brilliant portrait of the chaos that tore West Africa apart: nations run by warlords and kleptocrats, rebels fighting to displace them, ordinary people caught in the crossfire — and everywhere adventurers and mercenaries

operating in war's dark shadows. It is a brutally honest book about what it takes to be a journalist, survivor, and friend in this morally corrosive crucible.

Shotgun Angels Llewellyn Worldwide

The eighties were my formative years, and while other teenagers were gyrating to rock 'n' roll, we were praying for revival. We were taking communion, not cocaine. We treated virginity like a wedding present, not a cold sore. And why wouldn't we? We were told we could be, we already were, anything we wanted to be... We were armed and dangerous. Armed with the power of God and dangerous in the eyes of Satan. Tanya Levin grew up in the church that became Hillsong—the country's most ambitious, entrepreneurial and influential religious corporation. People in Glass Houses tells how a small Assemblies of God church in a suburban school hall became a multi-million dollar tax-free enterprise and a powerful force in Australia today. Opening up the

world of Christian
fundamentalism, this is a

powerful, personal and at
times very funny
exploration of an all-

singing, all-swaying mega
church.
