Regional trade

agreements have expanded exponentially over the past decade, and have become a significant, if controversial, factor in the expanse of economic globalization. Social Regionalism in the Global Economy attempts to take

a fresh, interdisciplinary approach to addressing labour regulation by drawing upon insights from industrial relations, comparative capitalism, and new governance schools of thought. It stands for the proposition that an interdisciplinary

study of regional regulation holds the potential to offer a fuller account of social regionalism. Its focus is to consider how institutions and labour market actors reconstruct and renegotiate regulatory space in a changing economic environment characterized by regional impulses. It argues that there is a dynamic interplay between institutions and actors of social regulation. This interplay occurs at many levels. The book therefore maps both how actors

shape institutions as well as how institutions shape social actors' ability to affect regulatory processes. The editors bring together leading international specialists willing to move beyond textual analyses of regional agreements to offer alternative accounts of regional integration. The work emphasizes that institutional context and social actors at multiple governance levels are integral to the progressive construction and regulation of regional space. It further

contributes to the literature by combining insights from overlooked regional entities in transition and developing countries with original analyses from the European Union and the NAFTA. These aims will be achieved by combining original research that is empirically grounded with theoretically informed analysis.

Focusing on Barbados,  
Trinidad and Tobago,

Jamaica, and Guyana, Professor Hope examines the determinants and socioeconomic consequences associated with urban population growth. He documents demographic trends in the region, examines government policies that inadvertently encourage urbanization, and discusses the effects of too-rapid growth on urban

*The Principal as Human Resources Leader*  
Routledge  
This new fourth edition of a well-established book is a timely response to the continuing development of the new rules of civil procedure in force in most of the jurisdictions of the English-speaking Caribbean. The new edition has been substantially revised to cover amendments to, and recent case law interpreting and applying, the Civil Procedure Rules of the various territories. It is essential reading for

law students and legal practitioners in the region.  
**A Select Bibliography of Publications and Studies Relating to Human Resources in the Commonwealth Caribbean** Routledge  
This monograph offers the first systematic overview of the protection of human rights in trade agreements in the Americas. Traditionally, trade agreements in the Americas were concerned with economic questions and paid little attention to human rights. However, in the wake of the 'new

regionalism', which emerged at the end of the last century, more clauses addressing social issues such as labour rights and environmental standards were inserted in trade agreements. As economic integration increased, a framework for the protection of human rights evolved. This book argues that this framework allows for human rights protection on a transnational level, while constructing regional identities. Looking at the four key regional integration

processes, namely the Caribbean Community, the Central American Integration System, the Andean Community of Nations and the Southern Common Market, and also at the North American Free Trade Agreement, it shows how the integration process has reached a considerable degree of consolidation. Writing on key sources in English for the first time, this book will be essential reading for all free trade and human rights scholars. Human Resources in the Commonwealth Caribbean

Routledge  
The fourth edition of this best-selling book has been thoroughly revised to take into account recent developments in the law in criminal practice and procedure across the region. The only textbook that explores criminal practice and procedure as it relates to the Commonwealth Caribbean, the book clarifies the state law in each of 11 jurisdictions, at the same time making it clear when laws are the same or similar and

highlighting where differences among jurisdictions occur. Both statute law and common law are examined in the relevant jurisdictions, which include Trinidad and Tobago, Guyana, Barbados, Jamaica and Grenada amongst others. The impact of statutory changes in the laws are analysed, as well as recent developments in the common law. Throughout the text the statutory law in the Commonwealth Caribbean is compared to similar English legislation, in the

light of the analysis of such legislation in English case law. Commonwealth Caribbean Criminal Practice and Procedure is the recommended textbook for all professional law schools in the Commonwealth Caribbean and is used at regional universities as a reference book for criminal justice students. In addition, as the only book that deals specifically with criminal practice and procedure in the regions, it has proved a valuable reference tool for legal practitioners, judicial officers and police

officers. A Reinterpretation of Labor Services of the Commonwealth Caribbean Routledge  
Increasingly, personnel administrative duties within schools have been delegated to the local school principal. This accessible book arms school leaders with the knowledge and skills required to be an effective human resources leader and shows them how to fold these additional duties seamlessly into their daily routines. This practical resource

provides school administrators with guidance on personnel selection, growth and development, orientation and placement, school climate, legal processes, leadership for classified staff and other important human resources processes. Special Features: • Grounded in extensive research and interviews with practicing principals • Provides a wealth of examples, strategies, tips, and best practices for leading the human resources function at the school level •

Chapter exercises and case studies explore the skills and knowledge needed for effective human resource leadership • Details the significance of developing a positive school climate • Legal aspects of human resources administration are made digestible and understandable  
Labour Relations and Industrial Conflict in Commonwealth Caribbean Countries Bloomsbury Publishing  
 Tort law is a subject of primary importance in the study and practice of the

common law in Caribbean jurisdictions. This work is now well established as the leading text on tort law in the region, and this fifth edition has been updated throughout to incorporate developments in law and legal thinking, including special contributions on medical negligence and the misuse of private information from the Hon Justice Roy Anderson and Dr Vanessa Kodilinye. The accessible writing style and integration of up-to-date material enables students to grasp the

salient points and develop a thorough understanding of Tort Law in the Caribbean. Although conceived primarily as a text for the LLB degree courses in Caribbean universities, Commonwealth Caribbean Tort Law is also essential reading for students preparing for the CAPE Law examinations and the various paralegal courses in the region. Legal practitioners will find the book useful as a work of ready reference, and it will also be of interest to those business

executives, industrialists, insurance agents and journalists who require some knowledge of this most important area of the law.

*Commonwealth Caribbean Family Law* Routledge

The establishment of the Caribbean Court of Justice sees the countries of the Commonwealth Caribbean at an important and exciting judicial crossroads. Debate, often acrimonious, continues over the abolishment of ties to the Judicial Committee of the Privy Council and, increasingly

those influencing the debate are a more educated and articulate Caribbean people, insisting on proper governance of the area's public bodies. This new book analyzes judicial review, a mechanism for achieving public justice, through emerging case law in the hope that it will cast light on the jurisprudential evolution of Caribbean society in the twenty-first century. Bringing together cases and materials on judicial review in the Caribbean for the first time, this

book examines what judicial review is, before going on to discuss the grounds, obstacles and conduct within the judicial review process. It concludes by examining the future of judicial review and justice more generally in the Caribbean. Legal professionals in the Caribbean will find it a useful and comprehensive reference tool.

Collective Bargaining in Professional Sports

Routledge

Corporate governance initiatives have been

developing at a rapid pace in the Commonwealth Caribbean through legislation, case law and codes.

Commonwealth Caribbean Corporate Governance offers an overview of current practice and legal developments in corporate governance, highlighting the interpretation of the legislation through case law and the codes of corporate governance which have now been implemented. It also considers the challenges which emerging markets

face in an attempt to adopt the corporate governance initiatives of developed markets. This text explores the emergence and development of corporate governance in the region from a range of angles, including the protection and empowerment of shareholders, the impact on government agencies, and the role and responsibilities of directors and officers in companies and in government agencies. Written by a panel of academics, legal

practitioners and experts working in business, this book will be an invaluable resource for judges, lawyers, corporate executives and students of business, corporate law and corporate management.

### **Urbanization In The Commonwealth**

**Caribbean** Routledge Fully updated and revised to fit in with the new laws and structure in the Commonwealth Caribbean law and legal systems, this new edition examines the institutions, structures and processes of the law

in the Commonwealth Caribbean. The author explores: - the court system and the new Caribbean Court of Justice which replaces appeals to the Privy Council - the offshore financial legal sector - Caribbean customary law and the rights of indigenous peoples - the Constitutions of Commonwealth Caribbean jurisdictions and Human Rights - the impact of the historical continuum to the region's jurisprudence including the question of reparations - the

complexities of judicial precedent for Caribbean peoples - international law as a source of law - alternative dispute mechanisms and the Ombudsman Effortlessly combining discussions of traditional subjects with those on more innovative subject areas, this book is an exciting exposition of Caribbean law and legal systems for those studying comparative law. *Caribbean Anti-Trafficking Law and Practice* CRC Press Property law is concerned with a wider variety of

rights, obligations and interests than most other areas of law, and can prove daunting to those studying the subject for the first time.

Commonwealth Caribbean Property Law sets out in a clear and concise manner the central principles of the law of real property in the region, in order to guide students through this often complex core subject area. In this new edition, the book has been fully revised and updated to include important new case law from the various

Caribbean jurisdictions and an expanded appendix of working documents. With comprehensive coverage of the main topics studied by undergraduates, such as Leases, Co-Ownership, Restrictive Covenants, Easements, Mortgages, and Land Sale, this textbook is essential reading for LLB students in Caribbean universities and students on CAPE Law courses. The extensive coverage of land law from a Caribbean perspective and analysis of the substantive laws of

several jurisdictions will also make this text an invaluable reference tool for practitioners.

*Youth Work in the Commonwealth* Routledge  
The first textbook on Commonwealth Caribbean Contract law for undergraduate and sixth form students,  
Commonwealth Caribbean Contract Law is a new and unrivalled resource on the subject. This textbook utilises Caribbean Case Law and Statutory provisions to provide a clear and immersive path into the study of contract

law from a Caribbean perspective. Encompassing topics that include misrepresentation, privity, and remedies, this book expertly introduces and explains the many aspects of contract law in the Caribbean. Written by a well-established textbook author and professor of law at Mona Campus, the textbook comprehensively covers all key principles of contractual obligations studied by undergraduate students, and is relevant to practitioners in a

modern and accessible way. An invaluable reference, this book is essential reading for those with an academic or professional interest in contract law.

### **A Statistical Analysis**

Routledge

The first textbook to address land law as it relates to the Commonwealth Caribbean, it encompasses all areas covered in an undergraduate course on the law of real property in the Caribbean. Primary and secondary source

material on the law of property in the whole of the Commonwealth Caribbean is made easily and readily accessible to law students and legal practitioners. Statutory provisions from all States are discussed in relation to each topic and the similarities and differences are highlighted. Extensive discussion and analysis of the decisions of the courts in the region are also included alongside an in-depth analysis and critical discussion of English case law that is relevant to the

Caribbean. The examination of whether or not English case law should be followed in the region is relevant and interesting to anyone studying or practising law in other Commonwealth jurisdictions. Essential reading for undergraduate law students in the Caribbean, this text will also prove useful to those studying for the certificate of proficiency in the practice of law in the Commonwealth Caribbean, while the footnote references to statutory provisions are

an invaluable aid to any researcher of Caribbean land law. *Judicial Review in the Commonwealth Caribbean* Transaction Publishers Collective Bargaining in Professional Sports provides a timely and practical overview of the impact and importance of the collective bargaining process in the business of professional sports in the United States. Focusing on the contemporary history of collective bargaining in the National Basketball Association (NBA) and the National

Football League (NFL), but drawing out important lessons for all professional sports, the book sheds light on some of the key issues within modern sport business and sport governance. It offers an inside look into topics such as revenue sharing, competitive balance, circumvention of league rules, player free agency, player social activism, player discipline, and the ethical and legal issues around the use of wearable biometric tracking systems to collect player data. An

essential read for sports business industry practitioners and students alike, this is fascinating reading for anybody with an interest in sport business, sport law or labor relations. It is also a valuable resource for anyone who wants to increase their understanding of the business and financial operations of professional sports leagues and teams, player contracts and salaries, and the role and authority of professional sports league commissioners.

Trade Unionism and Industrial Relations in the Commonwealth Caribbean

Taylor & Francis  
The modern British Commonwealth, linking fifty countries around the world in voluntary association, cooperation, and consultation, is a unique body in world history. The area of its member countries covers a third of the globe and collectively their peoples represent a quarter of the world's total population. Though essentially different from the British Empire from which it

originated, the Commonwealth shares many common historical ties with Britain. Patricia M. Larby and Harry Hannam have assembled an unrivaled body of literature to illustrate the growth of the Empire into the Commonwealth. This extensive bibliography identifies, lists, and annotates the most important publications on the development and growth of the Commonwealth; its present status and functions; and its role in education, literature,

sport, and the arts and sciences. It includes its historical origins: its cooperation in economics, politics, and international issues such as the environment; and its many spheres of professional activity including medicine, law, and architecture. Strong emphasis is placed on the role of the English language in the Commonwealth and as a medium for creative literature in many disparate cultures worldwide. "The Commonwealth "appears

at a time when this unique organization is on the threshold of a new era in its history. The proposals emerging from the 1991 Commonwealth Heads of Government meeting include statements on democracy and human rights; environmental affairs; and global concerns such as international crime, drug abuse, and AIDS. No previous comprehensive bibliography of the Commonwealth exists, and this volume fills a long-standing gap in the bibliographical coverage.

It will be an essential reference source for libraries and scholars involved in Commonwealth studies and will be of particular interest to historians, political scientists, economists, and educators.

**Commonwealth  
Caribbean Tort Law**

Routledge

Increased life expectancy and an ageing workforce have highlighted the problem of age discrimination in developed countries. Malcolm Sargeant's Age

Discrimination in Employment is an encyclopedic guide for HR specialists and employment lawyers to the nature of age discrimination in the workplace in a number of countries, along with a discussion of the main thrust of employment law in this area, including an analysis of the Employment Equality (Age) Regulations 2006. The book opens with a consideration of what age discrimination is and how it manifests itself at the workplace and elsewhere.

It also breaks discrimination down by age (discrimination against young, middle, and senior age employees) and explores multiple discrimination, including age and gender, ethnicity, sexual orientation, and disability. An important reference for HR departments, policy-makers and others concerned with organizational culture and development, discrimination, and social policy. Commonwealth Caribbean Land Law Commonwealth

Secretariat  
"Taking a critical look at the major areas of constitutional and administrative law, Commonwealth Caribbean Public Law places a firm emphasis on the protection of citizens' rights and good governance. The third edition of this book builds on the success of the previous two editions, setting out the established legal principles through Caribbean cases, along with critique and commentary of the law

where appropriate. Contemporary issues and changes in Caribbean public law are addressed; these include the refining of the rules governing judicial review, recent cases dealing with the death penalty, and the likely impact of CARICOM initiatives on the rights of citizens." --Book Jacket.

**Commonwealth  
Caribbean Criminal  
Practice and Procedure**

Routledge

The law of trusts is a subject of considerable importance in the Commonwealth

Caribbean. Traditional areas, such as testamentary trusts, resulting and constructive trusts, and charitable trusts, are now fully incorporated into the mainstream substantive law of the region, while the principles associated with offshore trust regimes are constantly expanding and developing. This book has been updated to reflect new case law and legislation, and to highlight recent trends relating to both traditional and offshore trusts.

**Player Salaries, Free Agency, Team Ownership, League Organizational Structures and the Power of Commissioners**

Routledge

Sports Law has quickly developed into an accepted area of academic study and practice in the legal profession globally. In Europe and North America, Sports Law has been very much a part of the legal landscape for about four decades, while in more recent times, it

has blossomed in other geographic regions, including the Commonwealth Caribbean. This book recognizes the rapid evolution of Sports Law and seeks to embrace its relevance to the region. This book offers guidance, instruction and legal perspectives to students, athletes, those responsible for the administration of sport, the adjudication of sports-related disputes and the

representation of athletes in the Caribbean. It addresses numerous important themes from a doctrinal, socio-legal and comparative perspective, including sports governance, sports contracts, intellectual property rights and doping in sport, among other thought-provoking issues which touch and concern sport in the Commonwealth Caribbean. As part of the well-established

Routledge Commonwealth Caribbean Law Series, this book adds to the Caribbean-centric jurisprudence that has been a welcome development across the region. With this new book, the authors assimilate the applicable case law and legislation into one location in order to facilitate an easier consumption of the legal scholarship in this increasingly important area of law.
