Laugh, Cry and Remember is the personal experience of a kid from Brooklyn, a civilian-soldier during World War II, who found herself on that stony uphill path where the Women's Auxiliary Army Corps (later the Women's Army Corps) was the unwitting vanguard for women's liberation. Initially occupied with drawing secret maps, charts and graphs, Pollard became a poster designer and publicity person for

recruitment while fighting the battle of heartache at the sight of men torn from hearth and home. The narrative unfolds from enlistment day through many posts, with Pollard's laughter and tears exemplifying the commitment of those soldiers who, as members of the first permanent female army, changed forever women's roles in the defense of our nation.

From the early optimism at the end of the Chinese Civil War, through the brutality and upheaval of the Cultural Revolution, to the death of Mao, the pro-democracy movement and the riots in Tiananmen Square—history, on both an epic and personal scale, unfolds through the bulletins posted and the lives lived in this one lane, this one corner of Shanghai.

The Life and Times of William S. Paley and the Birth of Modern Broadcasting

Meli Raine

Now a New York Times bestseller and from the author of The Psychopath Test, a captivating and brilliant exploration of one of our world's most underappreciated forces: shame. 'It's

about the terror, isn't it?' 'The terror of what?' I said. 'The terror of being found out.' For the past three years, Jon Ronson has travelled the world meeting recipients of high-profile public shamings. The shamed are people like us - people who, say, made a joke on social media that came out badly, or made a mistake at work. Once their transgression is revealed, collective outrage circles with the force of a hurricane and the next thing they know they're being torn apart by an angry mob, jeered at, demonized, sometimes even fired from their job. A great renaissance of public shaming is sweeping our land. Justice has been democratized. The silent majority are getting a voice. But what are we doing with our voice? We are mercilessly

finding people's faults. We are defining the boundaries of normality by ruining the lives of those outside it. We are using shame as a form of social control. Simultaneously powerful and hilarious in the way only Jon Ronson can be, *So You've Been Publicly Shamed* is a deeply honest book about modern life, full of eye-opening truths about the escalating war on human flaws - and the very scary part we all play in it.

For the last 25 years, Sunday nights at 8pm on C-SPAN has been appointment television for many Americans. During that time, host Brian Lamb has invited people to his Capitol Hill studio for hour-long conversations about contemporary society and history. In today's soundbite culture that hour remains one of

television's last vestiges of in-depth, civil conversation. First came C-SPAN's *Booknotes* in 1989, which by the time it ended in December 2004, was the longest-running author-interview program in American broadcast history. Many of the most notable nonfiction authors of its era were featured over the course of 800 episodes, and the conversations became a defining hour for the network and for nonfiction writers. In January 2005, C-SPAN embarked on a new chapter with the launch of *Q and A*. Again one hour of uninterrupted conversation but the focus was expanded to include documentary film makers, entrepreneurs, social workers, political leaders and just about anyone with a story to tell. To mark this anniversary Lamb and his team at C-

SPAN have assembled Sundays at Eight, a collection of the best unpublished interviews and stories from the last 25 years. Featured in this collection are historians like David McCullough, Ron Chernow and Robert Caro, reporters including April Witt, John Burns and Michael Weisskopf, and numerous others, including Christopher Hitchens, Brit Hume and Kenneth Feinberg. In a March 2001 Booknotes interview 60 Minutes creator Don Hewitt described the show's success this way: "All you have to do is tell me a story." This collection attests to the success of that principle, which has guided Lamb for decades. And his guests have not disappointed, from the dramatic escape of a lifelong resident of a North Korean prison camp, to the heavy price paid by

one successful West Virginia businessman when he won 314 million in the lottery, or the heroic stories of recovery from the most horrific injuries in modern-day warfare. Told in the series' signature conversational manner, these stories come to life again on the page. Sundays at Eight is not merely a token for fans of C-SPAN's interview programs, but a collection of significant stories that have helped us understand the world for a quarter-century.

After four years as a war-tossed refugee in Australia, David T. K. Wong set out in 1947 on a Messageries Maritimes ship for his family's adopted home in Hong Kong, that little rump of alienated China flying the Union Jack. He found the place edgy, rambunctious, anachronistic and anomalous, trying to survive the misfortunes and hardships imposed by forces beyond its control, like the refugees fleeing civil war in China, the Korean War and the United Nations sanctions against China. Such tests of its survival instinct were to come again and again over the next 22 years. As the territory struggled, so did Wong. In his second instalment of a multivolume family memoir, he details with astonishing candour and wry humour his

own encounters with poverty, racial discrimination and a fracturing marriage. His plight, however, was redeemed by the exceptionally kindness, affection and generosity of relatives and a cast of international friends.

David Fanshel's memoir of his childhood in the Bronx during the Great Depression, and his years training and serving as a navigator in the U.S. Army Air Corps during World War II is an illuminating narrative of major events in the first half of the 20th Century. At the same time, the dynamics inherent in growing up in a large immigrant family is a story of ongoing relevance for individuals of all backgrounds even to the present day. David Fanshel was born in New York City in 1923, the third child of Russian Jewish parents. As a teenager in the midst of the Depression, David watched his father struggle to support the family. When tragedy struck in 1936, the network of extended relatives saved the family from disaster, but could not spare them from the stresses of their

circumstances, which had significant ramifications for the younger generation. When war was declared in December 1941, David, a freshman at the City College of New York, enlisted in the U.S. Army Air Corps, and served three years active duty from 1943 until 1945. He was commissioned as a navigator and flew 39 missions with the 15th Air Force 450th Bomb Group, 722nd Squadron, in Manduria, Italy, a tour of duty with a very low survival rate. The only Jewish member in an air crew of ten men, the shared experiences in meeting the demands of combat had a transforming influence upon him to expand my view of the world and my place within the human stream.

FBI agent Michael Childs is tasked with tracking down a serial killer with an obsession for victims born with twelve fingers and toes. But he discovers something much more startling about himself... These people are known in occult circles as the Nephilim, a forsaken people, descendants of fallen angels. After a break in the case leads to supposedly killed-in-action Marine sniper Anaba Raines, Michael finds the soldier alive and well, but shockingly no longer human. Michael then discovers that he is also a Nephilim, and next on the killer's list. Everything Michael once thought of as myth and magic starts to blur the

lines of his reality, forcing him to accept a new fate to save the innocent, or die trying.

“He is to American broadcasting as Carnegie was to steel, Ford to automobiles, Luce to publishing, and Ruth to baseball,” wrote The New York Times of William S. Paley—the man who built CBS, the “Tiffany Network.” Sally Bedell Smith’s *In All His Glory* takes a hard look at Paley and the perfect world he created for himself, revealing the extraordinary complexity of the man who let nothing get in the way of his vast ambitions. Tracing his life from Chicago, where Paley was born to a family of cigar makers, to the glamorous haunts of Manhattan, Smith shows us the shrewd, demanding egoist, the hedonist pursuing

every form of pleasure, the corporate strongman famous for his energy and ruthlessness. Drawing on highly placed CBS sources and hundreds of interviews, and with a supporting cast of such glittering figures as Truman Capote, Slim Keith, Jock Whitney, Ted Turner, David Sarnoff, Brooke Astor and a parade of Paley’s humiliated heirs, *In All His Glory* is a richly textured story of business, power and social ambition. Praise for *In All His Glory* “A sweeping study of the emergence of broadcasting, the American immigrant experience, and the ravenous personal and professional tastes of Paley as he charmed and clawed his way to the top of society.”—Los Angeles Times
“Riveting...packed with revelations, rich in radio and TV lore, sprinkled with

intrigues, glitz, and wheeling and dealing at the highest levels of media and government.”—Publishers Weekly “An impressive, meticulously researched work of broadcast history as well as a piquant glimpse inside CBS’s corporate culture.”—Time

Designed specifically for medical students, as well as other trainees in the health professions, including social workers, occupational therapists, and psychiatric residents, Psychiatry 2e is a dynamic introductory textbook in psychiatry. Ideally suited for first and second year medical students during their psychopathology course and third year medical students during their

psychiatry clerkship, the material, including extensive tables, is presented in a clear, concise and practical manner perfect for exam preparation. The authors provide a thorough yet concise introduction to clinical psychiatry, focusing on basic clinical skills like recognition and assessment of psychiatric illness. Clinically relevant information is emphasized, including practical interviewing techniques. Psychiatry 2e also uses case studies, DSM-IV guidelines, and extensive tables offset from the text to act as a comprehensive yet concise guide for the busy medical student studying for exams. In addition, the second edition includes a new chapter devoted to child and adolescent psychiatry and the authors have expanded their coverage

of cultural and geriatric issues in psychiatry. A broader discussion of the psychotherapies is also included, in recognition of the increasing role that cognitive behavior therapy plays in the treatment of many psychiatric conditions. Written by two well-known Columbia University Professors who direct medical student education in psychiatry, the tone is balanced and practical, perfect for the medical student not specializing in psychiatry.

So You've Been Publicly Shamed Texas Tech University Press

This book examines a group of multicultural Jewish poets to address the issue of multilingualism within a context of minor languages and literatures, nationalism, and diaspora. It introduces three writers working in minor or

threatened languages who challenge the usual consensus of Jewish literature: Algerian Sadia Lévy, Israeli Margalit Matitiahu, and Argentine Juan Gelman. Each of them—Lévy in French and Hebrew, Matitiahu in Hebrew and Ladino, and Gelman in Spanish and Ladino—expresses a hybrid or composite Sephardic identity through a strategic choice of competing languages and intertexts. Monique R. Balbuena's close literary readings of their works, which are mostly unknown in the United States, are strongly grounded in their social and historical context. Her focus on contemporary rather than classic Ladino poetry and her argument for the inclusion of Sephardic production in the canon of Jewish literature make *Homeless Tongues* a timely and unusual

intervention.

“Jonah Lehrer has a lot to offer the world....The book is interesting on nearly every page....Good writers make writing look easy, but what people like Lehrer do is not easy at all.” —David Brooks, The New York Times Book Review Science writer Jonah Lehrer explores the mysterious subject of love. Weaving together scientific studies from clinical psychologists, longitudinal studies of health and happiness, historical accounts and literary depictions, child-rearing manuals, and the language of online dating sites, Jonah Lehrer’s *A Book About Love* plumbs the most mysterious, most formative, most important impulse governing our lives. Love confuses and compels us—and it

can destroy and define us. It has inspired our greatest poetry, defined our societies and our beliefs, and governs our biology. From the way infants attach to their parents, to the way we fall in love with another person, to the way some find a love for God or their pets, to the way we remember and mourn love after it ends, this book focuses on research that attempts, even in glancing ways, to deal with the long-term and the everyday. The most dangerous myth of love is that it’s easy, that we fall into the feeling and then the feeling takes care of itself. While we can easily measure the dopamine that causes the initial feelings of “falling” in love, the partnerships and devotions that last decades or longer remain a mystery. This book is about that mystery. Love, Lehrer argues, is not

built solely on overwhelming passion,

but, fascinatingly, on a set of skills to be cultivated over a lifetime.
