 Few people realize how much is known about what happens at and after death. Roberta Grimes has spent decades studying nearly two hundred years of abundant and consistent afterlife evidence, principles of quantum mechanics and consciousness research, accounts of statements by acknowledged authorities on this side of life and the next, and other scientific insights to assemble a detailed understanding of the death process and the amazing realities that we enter at death. Every human mind is eternal! We know now that living forever

in a greater reality more wonderful than our most optimistic imaginings is our universal birthright. In *The Fun of Dying - Find Out What Really Happens Next*, Roberta lays out these facts in simple and understandable terms for people who are just beginning to explore what is known about the afterlife. She includes an annotated bibliography of some seventy books organized by topic so you can research and learn to your heart's content. Discovering what can now be demonstrated to be true about God, reality, death, the afterlife, and the meaning and purpose of human life turns out to be not about dying after all. It's a way to conquer every fear so you can live your most peaceful and empowered life. *Mothers and Daughters During*

*Adolescence* Amber-Allen Publishing  
 Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools. Much of this knowledge was lost through time due to disasters and destruction or death. The knowledge was reserved for a select few who devoted their lives to understanding and teaching it.

**Don't Make Me Think** Amber-Allen Publishing  
 Seth has repeatedly stressed the concept that we create our own reality according to our individual beliefs. But how do our realities merge and combine to form mass reactions such as the overthrow of governments, the birth of a new religion, wars, epidemics, earthquakes, and new periods of art, architecture, and

technology? In this pioneering work, Seth explores the connection between personal beliefs and world events. He pinpoints the unconscious, and often negative, beliefs pervading science and religion, medicine and mythology, and offers thought-provoking reflections on Darwinism, Freudianism, religions, cults, and medical beliefs. With fascinating implications, Seth asserts that the personal impulses we are often taught to see as dangerous, chaotic, or contradictory, are instead crucial to the best interests of the species and the natural world, for they lead us to live "not only as loving caretakers, but as partners with other species." "Only people who trust their spontaneous impulses can be consciously wise enough to choose from a myriad of probably futures the most promising events...." — Jane Roberts, *Speaking for Seth*

**A Story That Changes Lives** Amber-Allen Publishing

Five years and more than 100,000 copies after it was first published, it's hard to imagine anyone working in Web design who hasn't read Steve Krug's "instant classic" on Web usability, but people are still discovering it every day. In this second edition, Steve adds three new chapters in the same style as the original: wry and entertaining, yet loaded with insights and practical advice for novice and veteran alike. Don't be surprised if it completely changes the way you think about Web design. Three New Chapters! Usability as common courtesy -- Why people really leave Web sites Web Accessibility, CSS, and you -- Making sites usable and accessible Help! My boss wants me to \_\_\_\_\_. -- Surviving executive design whims "I thought usability was the enemy of design until I read the first edition of this book. Don't Make Me Think! showed me how to put myself in the position of the person who uses my site. After reading it over a couple of hours and putting its ideas to work for the past five years, I can say it has done more to improve my abilities as a Web designer than any other book. In this second edition, Steve Krug adds essential ammunition for those whose bosses, clients, stakeholders, and marketing managers insist on doing the wrong thing. If you design, write, program, own, or manage Web sites, you must read this book." -- Jeffrey Zeldman, author of *Designing with Web Standards*

**A Common Sense Approach to Web Usability** Pearson Education

Through channeler Jane Roberts, the entity Seth reveals the extraordinary information dreams contain. Seth shows how the dream state can enrich life by leading to the discovery of deeper levels of

consciousness, including out-of-body experiences and precognitive dreams.

¿ The role dreams play in creation of language and technology¿ How creativity provides a link with the source of all existence¿ The relationship between genetic heritage and reincarnation In Volume One, Seth describes a conscious, self-aware universe where possibilities and potentials generate life forms. This book answers crucial questions about the significance of Seth¿s thought system, while chronicling the worsening health problems that led to the death of Jane Roberts. In Volume Two, Seth continues his explanation of how the physical world is an ongoing self-creation. He explains how the human species keeps within its genetic bank millions of characteristics that might be needed in various contingencies, and how the soul employs both physical handicaps and advantages as springboards for further achievement. He also expands upon his vision of a thoroughly animate universe where virtually every possibility is not only implicit, but constantly encouraged to achieve its highest potential.

The Nature of the Psyche (A Seth Book)

Ramtha's School of the Mind Discover Dr. Sha's Powerful Techniques for Healing Your Soul, Mind, and Body What is the real secret to healing? Internationally acclaimed healer and author Dr. Zhi Gang Sha gives us a simple yet powerful answer to this age-old question: Heal the soul first; then healing of the mind and body will follow. In *Soul Mind Body Medicine*, Dr. Sha shows that love and forgiveness are the golden keys to soul healing. From that foundation, he presents practical tools to heal and transform soul, mind, and body. The techniques and the underlying theories are easy to learn and practice but profoundly effective. They include: Healing methods for more than 100 ailments, from the common cold to back pain to heart disease to diabetes Step-by-step approaches to weight loss, cancer recovery, emotional balance, and maintenance of good health A revolutionary one-minute healing technique Endorsements "Just as our thoughts can influence water, our souls can bring healing and balance to our selves, our loved ones, and our world today. Dr. Sha is an important teacher and a wonderful healer with a valuable message about the power of the soul to

influence and transform all life. His book *Soul Mind Body Medicine* will deeply touch you." — Dr. Masaru Emoto, author of *The Hidden Messages in Water* "All cultures have produced authentic healers from time to time. Dr. Zhi Gang Sha is such a healer — a man of deep wisdom and compassion, and a gift to the human race." — Larry Dossey, MD, author of *The Extraordinary Healing Power of Ordinary Things*

The "Unknown" Reality: Volume One Amber-Allen Publishing

In his groundbreaking first book, *Your Soul's Plan*, Robert Schwartz brought the idea of pre-birth planning into the mainstream. Now, his brilliant sequel *Your Soul's Gift* delves even deeper by exploring the pre-birth planning of spiritual awakening, miscarriage and abortion, caregiving, abusive relationships, sexuality, incest, adoption, poverty, suicide, rape, and mental illness. Working with a team of gifted mediums, Schwartz brings forth great love and wisdom from the other side to explain why such experiences are planned and the deep, soul-level healing they can create. Through the stories in *Your Soul's Gift* you can: -Develop greater self-love as you become aware of the tremendous courage it takes for you to plan a life on Earth and to live the life you planned -Emerge from victim consciousness to know yourself as the powerful creator of your life -Forgive those who have hurt you and create a lasting inner peace -Understand the qualities you came into this lifetime to cultivate and express -See profound purpose in experiences that once appeared to be meaningless suffering - Develop a heartfelt knowing of your infinite worth, beauty, magnificence, and sacredness as an eternal soul.

Hearing Equals Behavior: Updated and Expanded provides the reader current

information on the impact of Berard AIT on sensory modulation and behavior, as well as the affect of Berard AIT on the auditory and visual system. The Berard method of AIT is regarded as the most effective approach available for enhanced listening skills, language, learning, and sound tolerance. Pre- and post-test data is included to demonstrate the types of improvements that may be observed after this 10-day retraining program. This book will enable readers to understand how listening and learning can "switch on" when the auditory system is rebalanced and functioning effectively.

Seth Amber-Allen Publishing

In Volume Two of The "Unknown" Reality, Seth invites us to join in and discover the unknown reality for ourselves through a series of exercises geared to illuminate the inner structures upon which our exterior ones depend. Volume One provides the general background and information upon which the exercises and methods in Volume Two are based. The self is multidimensional when it is physically alive. It is a triumph of spiritual and psychological identity, ever choosing from a myriad of probable realities its own clear unassailable focus. When you don't realize this, then you project upon life after death all of the old misconceptions. . . . The fact is that in life you poise delicately and yet perfectly between realities, and after death you do the same. -- Jane Roberts, Speaking for Seth

**The Healing Power of the Life You Planned Before You Were Born** Ozark Mountain Publishing

In the first volume of Dreams, "Evolution," and Value Fulfillment, Seth presented an in-depth picture of the origin of all life — from the inner dream world to the vast display of material creation. In Volume Two, Seth continues his explanation of the physical world as an ongoing self-creation — a direct and intentional outgrowth of the wisdom of the life forms that inhabit it, including humanity. He expands upon his vision of a thoroughly animate universe,

where virtually every possibility not only exists, but is constantly encouraged to achieve its highest potential. In his typical awe-inspiring manner, Seth sheds light on many controversial and complex subjects, including: • The ways in which our religions have stifled the human spirit • Surprising insight into life's meaning and purpose • The genetic basis of faith, hope, and charity • The pursuit of pleasure as a fundamental human need • How each species keeps millions of characteristics within its genetic bank for various contingencies

In The Magical Approach, Seth invites us to look at the world through another lens — a magical one. Seth reveals the true, magical nature of our deepest levels of being, and explains how we have allowed ourselves to become inhibited by our own beliefs and conventional thinking. The Magical Approach teaches us how to live our lives spontaneously, creatively, and according to our own natural rhythms. It helps us to discover and tune into our natural, instinctive behavior. By applying the principles in this book, readers will learn to trust their impulses and discover the highest expression of their creativity. "We are speaking about an approach to life, a magical or natural approach to life that is man's version of the animal's natural instinctive behavior in the universe." — Jane Roberts, Speaking for Seth

The Choice Moment Point PressInc

Seth, speaking through Jane Roberts, reveals a startling new concept of self,

answering questions about the secret language of love, human sexuality, the real origins and incredible powers of dreams, and how we choose our physical death — sometimes years in advance. He also covers human sexuality as it relates to the private and mass psyche, and explains how distorted beliefs about sexuality can hold back spiritual progress. "The psyche is a gestalt of aware energy in which your own identity resides, inviolate, yet ever-changing as you fulfill your potentials. You are your psyche's living expression, its human manifestation. Yet you allow yourselves often to become blind to brilliant aspects of your own existence." — Jane Roberts, Speaking for Seth "The Seth books were of great benefit to me on my spiritual journey and helped me to see another way of looking at the world." — Gerald G. Jampolsky, author of Love is Letting Go of Fear *The Ra Contact: Teaching the Law of One:* Bantam Books

The Magic Mala (pronounced mah-lah) is the story of Robby Robertson, a down-on-his-luck writer who realizes that he doesn't know as much about life as he once believed. His desperate financial circumstances lead him to open his mind to new ways of living. After finding some mala beads (similar to a rosary but with 108 beads), Robby is taken on a magical journey that teaches him the secrets to personal manifestation. Every so often a book comes along that changes the lives of its readers. The Magic Mala is just such a book. This novel, written as a story that inspires change, will teach you how to claim what you desire by being conscious about what you think, say, and do. More importantly, this story will help you recognize the power you've always had but didn't know was there: your inner ability to create the life of your dreams. *The God of Jane* Ballantine Books A child is educated into the "Parade of Life" and in turn teaches his people to work cooperatively with nature and all its aspects of life and death.
