Real answers for the  
tough questions today's  
Christians face Whether  
you want to grow in your  
own understanding of  
Christianity or need  
trustworthy responses to  
the questions of friends,

Dan Story has the answers. *Defending Your Faith* helps Christians see that their faith is reasonably and intelligently grounded on objective, verifiable evidence. And it equips readers to share these answers with family, friends, and coworkers who have questions about Christianity. Story's book has filled a valuable niche in apologetics for the past twenty years. He has helped countless readers answer confrontational questions such as: · How do I know that God exists?

· Can I trust the Bible? · Why is there evil and suffering in the world? · Is God an environmentalist? · Are the Bible and science in conflict? In this revised and expanded edition, Dan Story goes even further. With the latest apologetic evidence and tactics, he not only answers those age-old questions but also deals with new challenges to Christianity that have emerged over the last two decades, including the ubiquitous presence of social media. He also responds head-on to the

new breed of vocal, aggressive, man-on-the-street atheists. With culturally relevant strategies and a firm foundation of truth, *Defending Your Faith* will challenge you to share your faith with others while knowing that you are not alone as you witness for Christ. *And Seventeen Other Questions Raised by the New Atheists* Harvest House Publishers  
This collection of papers and other materials from English philosopher Peter S. Williams develops a

holistic vision for Christian apologetics centered around a biblical understanding of spirituality. Grounded in two decades of practical experience, here is a vision of apologetics that's interested in communicating through beauty and goodness as well as logic and arguments.

"Children who are introduced to God, through attending church

or having loved ones who speak often about God, often have a lot of questions, including this ever-popular one: What is God like? The late Rachel Held Evans loved the Bible and loved showing God's love through the words and pictures found in that ancient text.

Through these pictures from the Bible, children see that God is like a shepherd, God is like a star, God is like a gardener, God is like the wind, and more. God is a comforter and support"--

**Apology** David C Cook  
According to the authors, the doctrine of inerrancy has been standard, accepted teaching for more than 1,000 years. In 1978, the famous "Chicago Statement" on inerrancy was adopted by the Evangelical Theological Society, and for decades it has been the accepted conservative evangelical doctrine of the Scriptures. However, in recent years, some prominent evangelical authors have challenged this statement in their writings. Now eminent

apologist and bestselling author Norman L. Geisler, who was one of the original drafters of the "Chicago Statement," and his coauthor, William C. Roach, present a defense of the traditional understanding of inerrancy for a new generation of Christians who are being assaulted with challenges to the nature of God, truth, and language. Pastors, students, and armchair theologians will appreciate this clear, reasoned response to the current crisis.

*A Game Plan for Discussing Your Christian Convictions* Crossway  
The post-Christian world we inhabit today presents us with a mundane and disenchanting view of reality. Under the sway of materialism and science, we have been left with a way of seeing, thinking, and living that has no place for beauty and wonder. We now live in a world bereft of magic and mystery. Many--including many Christians--no longer perceive the world in its proper light. As a result, the Christian

imagination is muted. Moreover, the church has grown anti-intellectual and sensate, out of touch with the relevancy of Jesus and how to relate the gospel to all aspects of contemporary life. As a result, the Christian voice is muted. In this age Christian wholeness remains elusive, blunting the church's ability to present a winsome and compelling witness for faith. As a result, the Christian conscience is muted. Cultural Apologetics addresses this malaise by setting forth a

fresh model for cultural engagement, rooted in the biblical account of Paul's speech on Mars Hill, which details practical steps for reestablishing the Christian voice, conscience, and imagination. Readers will be equipped to see, and help others see, the world as it is--deeply beautiful, mysterious, and sacred. With creative insights, Cultural Apologetics prepares readers to share a vision of the Christian faith that is both plausible and desirable, offering clarity for those who have

become disoriented in the haze of modern Western culture.

Former Gay Activist Paves

the Way to Peaceful Conversation  
Homosexuality and gay marriage stand among perhaps the greatest defining cultural battles of our age. There's no escaping the inevitable conversations--so how does a Christian respond with love and biblical truth without adding fuel to the fire? Drawing on nearly thirty years of counseling people struggling with homosexuality, former gay activist Joe Dallas takes readers through virtually every argument

they are likely to hear in favor of normalizing homosexuality. He helps readers understand the views of LGBT people they may know and respond with clarity, confidence, and compassion. He shows the most effective ways to engage the subject on social media and in everyday encounters with guidelines for talking points, dialogue, approach, and tone, and even provides sample dialogue. Anyone who has been searching for ways to have productive, loving

conversations surrounding this critical topic will find this incredible resource a must-have. "At one time or another every twenty-first-century Christian is likely to be confronted about his or her views on homosexuality. But how can we approach this challenging issue in a way that faithfully reflects Jesus's heart and mind? Joe Dallas answers that question in this clear and compelling guide for engaging others with both gentleness and biblical truth."--Jim Daly, president, Focus on the

Family "I've often said no one understands the subject of same-sex sexuality better than my friend Joe Dallas. This book, his best yet, only confirms my conviction. I'm not speaking merely of Joe's formidable knowledge of truth, but also the wisdom of its application through crystal-clear and concise communication. In the wake of the June 2015 US Supreme Court's redefinition of marriage, Speaking of Homosexuality will equip you to engage a topic that

is foundational to human civilization."--Hank Hanegraaff, president, the Christian Research Institute; host of the Bible Answer Man broadcast "Speaking of Homosexuality is one of the most clear and informative books on the subject. Dallas responds to the most common Revisionist arguments with clarity, but also genuine kindness. If you want one book to offer biblical and historical truth about homosexuality, but also how to lovingly put that

truth into action, then you won't find a better book."--Sean McDowell, PhD, professor of Christian apologetics, Biola University; author, Same-Sex Marriage and Apologetics for a New Generation "In answer to the urgency of our world's current situation, Joe Dallas has now crafted a resourceful tool filled with biblical truth and insightful strategies. Speaking of Homosexuality is essential for every person in need of answers for themselves, a family

member, or a friend struggling with same-sex attraction."--Joni Lamb, cofounder, Daystar Television Network "There is no question that one of the most difficult issues facing the church today is the subject of homosexuality. But God didn't leave us in the dark on the topic of human sexuality. He gave us clear directives for this part of our lives so that we might experience the abundant life He promises. But speaking those guidelines to a confused church and a

hardening culture isn't easy. No one does it better than Joe Dallas. Like no other voice I hear, Joe both lives and ministers with that continual balance of truth and love on this most contentious topic. In a day where Christians are growing more silent, we need a book like this to teach us how to winsomely engage while never retreating from God's protective Truth. This is a must-read for the church today!"--Janet Parshall, nationally syndicated talk show host

The 10 Most Common Objections to Christianity  
Harvest House Publishers  
The Big Book of Christian Apologetics is a comprehensive resource designed to equip motivated believers with information to help defend and explain their faith. Examining nearly every key issue, person, and concept related to Christian apologetics, this book clarifies difficult biblical passages, clearly explains various philosophical systems and concepts, examines contemporary issues and

challenges, and offers classic apologetic arguments, all with the aim of giving readers the background to intelligently and persuasively talk about their Christian faith with skeptics. An expertly abridged version of the Baker Encyclopedia on Christian Apologetics, this resource brings leading apologist Norman L. Geisler's seminal work to the masses. Zondervan Academic Move over Boomers, Xers, and Millennials; there's a new generation--making

up more than 25 percent of the US population--that represents a seismic cultural shift. Born approximately between 1993 and 2012, Generation Z is the first truly post-Christian generation, and they are poised to challenge every church to rethink its role in light of a rapidly changing culture. From the award-winning author of *The Rise of the Nones* comes this enlightening introduction to the youngest generation. James Emery White explains who this

generation is, how it came to be, and the impact it is likely to have on the nation and the faith. Then he reintroduces us to the ancient countercultural model of the early church, arguing that this is the model Christian leaders must adopt and adapt if we are to reach members of Generation Z with the gospel. He helps readers rethink evangelistic and apologetic methods, cultivate a culture of invitation, and communicate with this connected generation where they are. Pastors,

ministry leaders, youth workers, and parents will find this an essential and hopeful resource.

Society today has a growing number of objections and concerns regarding Christianity. Why does a loving God let bad things happen? Would God really send someone to hell? And why is Christianity right and

other religions are in error? Many Christians hear objections to Christianity and have a crisis of faith. Enter Alex McFarland, a seasoned apologist who is ready to explore 10 common objections to Christianity. He offers straight answers that will give them confidence and understanding about their beliefs. After reading this book, all Christians will know how to effectively answer the most common objections to Christianity, why they believe what they believe and be

prepared to defend their faith and worldview. *The Comprehensive Guide to Apologetics* Harvest House Publishers Apologetics for a New Generation Harvest House Publishers *Meet Generation Z* New Leaf Publishing Group World-famous apologist Norman Geisler offers a new edition of his bestselling apologetics text, which has sold consistently for over thirty years (over 125,000 copies sold). This edition has been updated throughout and includes

three new chapters. It offers readers a systematic approach that presents both the reasons and the methods for defending the claims of Christianity. Topics covered include deism, theism, Christ's authority, and the inspiration of the Bible. *Apologetics for a New Generation* Harvest House Publishers The vibrant and persuasive arguments of C. S. Lewis brought about a shift in the discipline of apologetics, moving the conversation from the

ivory tower to the public square. The resulting strain of popular apologetics—which weaves through Lewis into twentieth-century writers like Francis Schaeffer and modern apologists like William Lane Craig, Josh McDowell, and Lee Strobel—has equipped countless believers to defend their faith against its detractors. Apologetics for the Twenty-first Century uses Lewis’s work as the starting point for an absorbing survey of the key apologists and

major arguments that inform apologetics today. Like apologists before him, Markos writes to engage Christians of all denominations as well as seekers and skeptics. His narrative, “man of letters” style and short chapters make Apologetics for the Twenty-first Century easily accessible for the general reader. But an extensive and heavily annotated bibliography, detailed timeline, list of prominent apologists, and glossary of common terms will satisfy the curiosity of the seasoned academic,

as the book prepares all readers to meet the particular challenges of defending the faith today.
