*The Secrets of Mentalism* Independently Published  
An exploration of the world of magic that teaches the reader

many tricks--including how better to understand the real world. Alex Stone--journalist and part-time conjurer--is here to amaze you. But first he had to amaze his fellow magicians. Fooling Houdini is his fascinating, revealing, and nailbiting account of his attempt to win the 23rd World Championships of Magic, the "Magic Olympics," the largest and most prestigious competition of its kind. Alex Stone managed to qualify for entry and began preparing to astonish people who astonish others for a living. It didn't help his nerves that he was placed on the bill straight after Canadian magician Shawn Farquhar, winner of more magic competitions than anyone in history. Stone's preparations and

participation provide his readers with in-depth exploration of the world of magic, and magic's meaning. He spills many professional secrets, arguing that what is important is to ask questions about what lies behind the tricks: how the mind perceives the world and parses everyday experience, about how the mind works--and why sometimes it doesn't, about why people need to believe. As we become more attuned to the limits of our own perception, we become better at distinguishing reality from illusion, at reading the angles and decoding the fine print, he says. We gain intuition and understanding into how people behave. We even learn ways to influence this behavior. This makes us less susceptible to all manner of deception. It is to gain and maintain this sixth sense that Alex Stone--a schoolboy prestidigitator--has continued performing magic well into adulthood. In *Fooling Houdini* he takes us into that other world, populated by truly astounding characters, and leaves us with a heightened sense of awareness about the supposedly real world.

At 30 years old, Lewis Howes was outwardly thriving but unfulfilled inside. He was a successful athlete and businessman, achieving goals beyond his wildest dreams, but he felt empty, angry, frustrated, and always chasing something that was never enough. His whole identity had been built on misguided beliefs about what "masculinity" was. Howes began a personal journey to find inner peace and to uncover the many masks that men - young and old - wear. In *The Mask of Masculinity*, Howes exposes the ultimate emptiness of the Material Mask, the man who chases wealth above all things; the cowering vulnerability that hides behind the Joker and Stoic Masks of men who never show real emotion; and the destructiveness of the Invincible and Aggressive Masks worn by men who take insane risks or can never back down from a fight. He teaches men how to break through the walls that hold them back and shows women how they can better understand the men in their lives. It's not easy,

but if you want to love, be loved and live a great life, then it's an odyssey of self-discovery that all modern men must make. This book is a must-read for every man – and for every woman who loves a man.
