Those About to Die Penguin

The Little Prince puts on his tie is a fable based on real events that tells the story of Pablo Príncipe, a young nonconformist and visionary, who, after returning from an epic trip through Madagascar, becomes the new person responsible for people and values of the SAT consultant, a company marked by conflict, dissatisfaction and suffering. Through his innovative conceptions of self-knowledge and personal growth, he will lead the

process of change and transformation of this company, developing the potential, talent and creativity of its employees. In parallel, it will inspire the managers to change its mindset, rediscovering what really matters: that the objective of companies is to create wealth, earning money as a result. «The whole world moves away when appears a man who knows where he is going» ANTOINE DE SAINT-EXUPÉRY

At an early age, Alexa Hampton learned the language of good design, the vocabulary to speak it, and the elements that define it. As the daughter of interior

design legend Mark Hampton, she traveled the world by her father's side, touring the great architectural landmarks and discovering beauty, training her eye. Now one of America's most influential designers herself, Alexa Hampton provides a tour of stunning residences from her own portfolio. Eighteen classic spaces illustrate in rich detail the elements that govern cultivated design—contrast, proportion, color, and balance. Among the residences are a landmark 1912 McKim, Mead & White restoration on Fifth Avenue in New York City; an eclectic house by the sea layered in textures, patterns, and colors; a contemporary apartment distinguished by simple geometry and clean lines; and Hampton's own apartment, filled with an

exquisite collection of architectural elements. Hampton also explains how she tailored each space to meet her clients' needs while retaining a timeless aesthetic, and she provides design expertise on everything from fabric schemes to the particulars of paint. From a French neoclassical tour de force of architecture, artwork, and design to a Queen Anne summer cottage furnished to showcase the house's graceful nineteenth-century dimensions, the spaces here speak the language of design—a language that, under Hampton's tutelage, anyone can master. *Calibrando la brújula interior* Basic Books "Scalpel-sharp writing and a killer concept—dark, clever, compelling and utterly assured." —Lucy Foley, author of *The Guest List*, a Hello Sunshine x

Reese's Book Club Pick Keep the lights on—you'll be turning pages deep into the night with this one." —Harlan Coben, #1 New York Times bestselling author of *Run Away* It all started with just one little lie. But we all know that it never ends there. Because, of course, one lie leads to another. . . Growing up, Jane and Marnie shared everything. They knew the other's deepest secrets. They wouldn't have had it any other way. But when Marnie falls in love, things begin to change. Because Jane has a secret: She loathes Marnie's wealthy, priggish husband. So when Marnie asks if she likes him, Jane tells her first lie. After all, even best friends keep some things to themselves. If she had been honest, then perhaps her best friend's husband might still be alive today. . . Seven Lies

is Jane's confession of the truth—her truth. Compelling, sophisticated, chilling, it's a seductive, hypnotic page-turner about the tangled, toxic friendships between women, the dark underbelly of obsession, and what we stand to lose in the name of love.

Horrid Henry and the Mega-Mean Time Machine Penguin Modern Classics  
Horrid Henry invents a time machine and promises to send his brother, Perfect Peter, to the future (as soon as Peter puts on one of Mom's dresses). But when Peter gets there, it isn't exactly what he had in mind. In fact, everything looks kind of the same... plus three more out-of-this-world funny stories. DISCOVER THE SERIES BOYS AND GIRLS AROUND THE WORLD LOVE TO READ! Francesca Simon is one of the world's best-loved children's authors. She is the only American to have ever won the Galaxy Book Award, and her creation, Horrid Henry, is the #1 bestselling chapter book series in the UK—with a hit TV show and over fifteen million copies sold! Each book contains four easy-to-

read stories and hilarious illustrations by the one and only Tony Ross, so even the most reluctant of readers won't be able to resist Henry's amazing talent for trouble! "Will make you laugh out loud." —Sunday Times FIND OUT MORE ABOUT HORRID HENRY AT [JABBERWOCKYKIDS.COM](http://JABBERWOCKYKIDS.COM)! PRAISE FOR HORRID HENRY Why Horrid Henry? Kids love it! "I love the Horrid Henry books by Francesca Simon. They have lots of funny bits in. And Henry always gets into trouble!" Mia, age 6, BBC Learning is Fun "It's easy to see why Horrid Henry is the bestselling character for 5-8 year olds." Liverpool Echo Because it's funny "My two boys love this book and I have actually had tears running down my face and had to stop reading because of laughing so hard. My oldest son is

rereading all the books in this series on his own now and he still loves them. Happy reading!" T. Franklin, Parent "A modern comic classic." SF Said, Guardian Children's Books Supplement Kids get to be harmlessly rebellious "Henry is a beguiling hero who has entranced millions of reluctant readers... little rebels will love this collection and even little angels will be secretly thrilled by Henry's anti-heroic behaviour." Herald Henry's naughtiness is a yardstick against which children can get a sense of their own moral goodness and social justice "What is brilliant about the books is that Henry never does anything that is subversive. She creates an aura of supreme naughtiness (of which children are in awe) but points out that he operates within a safe and secure

world." Emily Turner, Angels And Urchins Magazine Reaches the most important age group - children who are learning to read "I have tried out the Horrid Henry books with groups of children as a parent, as a babysitter, and as a teacher. Children love to either hear them read aloud or to read them themselves. The books are spot on for the 5-8 age range and are fun for the adults who share them too." Danielle Hall, Teacher The structure provides new readers with a real sense of accomplishment "My son is 7 years old and a big Horrid Henry fan. This book lived up to his expectations! Horrid Henry is like most boys: he always has a plan and is always getting into mischief! It was amusing, and he could not put it down. Can't wait for the next. He read it

cover to cover by himself in 2 days! That for me sells a book! He can't wait for the next one to be published. He has recommended it to all his friends." Mrs. Tami Gold, Parent Reaches both boys and girls equally "Wonderfully appealing to girls and boys alike, a precious rarity at this age." Judith Woods, Times Books A global publishing phenomenon with 12 million copies sold! WHAT PEOPLE ARE SAYING ABOUT HORRID HENRY: "Parents reading them aloud may be consoled to discover that Henry can always be relied upon to behave worse than any of their own offspring." Independent "An absolutely fantastic series and surely a winner with all children. My son took this book as his favourite during book week at his school and converted a few children to the cause. Long live

Francesca Simon and her brilliant books! More, more please!" "My 5-year-old adores them so much he couldn't wait to start reading because of them." "I really like Horrid Henry and like reading it to my dad. It's funny!" Matthew, 9, St. Albans "Horrid Henry is a fabulous anti-hero: monstrously selfish and greedy, he does things most children only dream about... a modern comic classic." The Guardian "My 6-year-old son has now read the whole series unaided and is quite content to re-read the stories again and again. My 5-year-old is dying to be able to read well enough so she can read them independently too!" "Henry is really naughty and makes me laugh. He's very funny and he has lots of adventures." Martha, age 5, Bella "A flicker of recognition must pass through

most teachers and parents when they read Horrid Henry. There's a tiny bit of him in all of us." Child Education "It didn't even make it to the library shelves and there's a long waiting list for it! Enough said." Nancy Astee, Child Education "A definite must for every teacher - reading about Henry makes your naughtiest child seem like a saint!" "As a teacher of 8-year-olds, it's great to get a series of books my class love... They torment me to lend them the books so they can read them on their own. Need I say more?"

La brújula interior es un libro original, sorprendente y por encima de todo distinto: un nuevo paradigma para entendernos a nosotros mismos y a los

demás. A través de una serie de cartas divertidas, apasionantes y lúcidas, se abre a los ojos del lector una nueva perspectiva para entender la vida, para desarrollar la creatividad, para comprender mejor lo que significa una existencia autónoma y feliz. Los términos "misión", "meta", "objetivos", "posicionamiento" forman parte del trabajo habitual de un ejecutivo o directivo. Pero curiosamente estas palabras rara vez son utilizadas para la definición de una misión en la propia vida, de un posicionamiento personal o de unos objetivos que lleven a la propia realización. La brújula interior nos invita a reflexionar sobre estos temas, y nos brinda las herramientas para hacerlo, y lo que es más importante, nos ofrece un método para que recobremos algo que

nunca debimos haber perdido: ser los directores de nuestra propia vida.

The basis for the new Peacock television series: The classic, in-depth account of the ancient Romans' obsession with the bloody and brutal gladiatorial games. "If you can imagine a superior American sports writer suddenly being transported back in time to cover the ancient Roman games, you will have some idea of the

flavor and zest of [Those About to Die]," said the Los Angeles Times about Daniel P. Mannix's century-by-century—and nearly moment-by-moment—narrative of the Roman Empire's national institution. Putting the games in the context of Rome's rise and dramatic fall, Mannix captures all the history, planning, and savage pageantry that went into creating the first spectator sports. The games began in 238 BC as nearly county fair-like entertainment, with trick riding, acrobats, trained animals, chariot racing, and athletic events. The contests then evolved into slave fights thanks to wealthy patricians Marcus and Decimus Brutus, who wanted to give their father an unforgettable funeral by reviving an old tradition. What the brothers wrought, Rome devoured, demanding even

greater violence to satisfy the bloodlust of the crowd. Architectural wonders in themselves, massive arenas like Circus Maximus and the Colosseum were built, able to host sea battle reenactments on actual water. Successful gladiators found fame, fortune—and freedom. But as Rome began to fall in the fifth century, so did the games, devolving into nothing more than pointless massacres. In the end, millions of humans and animals were sacrificed in barbaric displays. What were once ceremonies given in honor of gods met an inglorious fate, yet they still captivate the imagination of people today.

**Clinical Neuroradiology** Plataforma Jorge Luis Borges's Labyrinths is a collection of short stories and essays showcasing one of Latin America's most influential and imaginative writers. This

Penguin Modern Classics edition is edited by Donald A. Yates and James E. Irby, with an introduction by James E. Irby and a preface by André Maurois. Jorge Luis Borges was a literary spellbinder whose tales of magic, mystery and murder are shot through with deep philosophical paradoxes. This collection brings together many of his stories, including the celebrated 'Library of Babel', whose infinite shelves contain every book that could ever exist, 'Funes the Memorious' the tale of a man fated never to forget a single detail of his life, and 'Pierre Menard, Author of the Quixote', in which a French poet makes it his life's work to create an identical copy of Don Quixote. In later life, dogged by increasing blindness, Borges used essays and brief tantalising parables to

explore the enigma of time, identity and imagination. Playful and disturbing, scholarly and seductive, his is a haunting and utterly distinctive voice. Jorge Luis Borges (1899-1986) was born in Buenos Aires, Argentina. A poet, critic and short story writer, he received numerous awards for his work including the 1961 International Publisher's Prize (shared with Samuel Beckett). He has a reasonable claim, along with Kafka and Joyce, to be one of the most influential writers of the twentieth century. The revolutionary "Red Book" that helped a generation work smarter, better, and faster—now expanded and updated with new stories, new ideas, and new methods to radically improve the way you and your company deliver results If you've ever been startled by how fast the world is changing, the Scrum framework is one of the reasons

why. Productivity gains in workflow of as much as 1,200 percent have been recorded, and there's no more lucid—or compelling—explainer of Scrum and its bright promise than Jeff Sutherland. The thorny problem that Sutherland began tackling back then boils down to this: People are spectacularly bad at doing things with agility and efficiency. Best-laid plans go up in smoke. Teams often work at cross-purposes to one another. And when the pressure rises, unhappiness soars. Woven with insights from martial arts, judicial decision making, advanced aerial combat, robotics, and Sutherland's experience as a West Point-educated fighter pilot, a biometrics expert, a medical researcher, an early innovator of ATM technology, and a C-level executive at eleven

different technology companies, this book will take you to Scrum's front lines, where Sutherland's system has brought the FBI into the twenty-first century, helped support John Deere's supply chain amid a global pandemic and supply chain shortage, reduced poverty in the Third World, and even planned weddings and accomplished weekend chores. The way we work has changed dramatically since Sutherland first introduced Scrum a decade ago. This urgent update shares new insights and provides new tools to take advantage of the radical productivity that Scrum delivers. Sutherland will show you how to optimize working with artificial intelligence and share the latest cognitive science research on culture, psychological safety, diversity, and

happiness, and how these factors drive performance, innovation, and overall organizational health. This new edition contains a decade of lessons learned. Whether it's ten years ago, now, or ten years into the future, the Scrum framework is guaranteed to help you deliver results. But the most important reason to read this book is that it may just help you achieve what others consider unachievable.

**Self-Esteem** McGraw Hill Professional Good Luck is a whimsical fable that teaches a valuable lesson: good luck doesn't just come your way—it's up to you to create the conditions to bring yourself good luck. Written by Alex Rovira and Fernando Trias de Bes—two leading marketing consultants—this

simple tale is universally applicable and uniquely inspirational. Good Luck tells the touching story of two old men, Max and Jim, who meet by chance in Central Park fifty years after they last saw each other as children. Max achieved great success in life; Jim sadly did not. The secret to Max's success lies in a story his grandfather told him long ago. This story within a story has a tone reminiscent of the classic *The Alchemist* and shows how to seize opportunity and achieve success in life. In a surprise ending, Good Luck comes full circle, offering the reader inspiration, instruction, and an engaging tale.

becoming a great leader."—Daniel Pink From the creator and host of The Learning Leader Show, "the most dynamic leadership podcast out there" (Forbes) that will "help you lead smarter" (Inc.), comes an essential tactical guide for newly promoted managers. Every year, millions of top performers are promoted to management-level jobs—only to discover that the tactics that got them promoted are not the tactics that will make them effective in their new role. In *Welcome to Management*, Ryan Hawk provides practical, actionable advice and tools designed to ensure that transition is a successful one. He presents a new actionable three-part framework distilled from best practices drawn from in-depth interviews with over 300 of the most

forward-thinking leaders around the world, as well as his own professional experience going from exceptional individual producer to new leader. Learn how to:

- lead yourself: build skills and earn credibility. Compliance can be commanded, but commitment cannot. People reserve their full capacity for emotional commitment for leaders they find credible, and credibility must be earned.
- build your team: develop a healthy and sustainable culture of mutual trust and respect that creates

cohesion. This includes effective hiring and firing practices.

- lead your team: set a clear strategy and vision for your team, communicate effectively, and ultimately drive the results the organization is counting on your team to deliver.
