A USA TODAY BESTSELLER Star of Kindred Spirits and paranormal investigator Amy Bruni shares stories from her years of experiences with ghosts, organized around thirteen truths that guide her approach to the supernatural. Amy Bruni, co-star of Kindred Spirits and one of the world's leading paranormal investigators, has learned a lot about ghosts over her years of research and first-hand experience. Now, in *Life with the Afterlife*, she shares the insight she has gleaned and how it has shaped her unique approach to interacting with the spirits of the dead and those who encounter them. From her earliest supernatural encounters as a child, through her years appearing on *Ghost Hunters* and the creation of her company *Strange Escapes*, which offers paranormal excursions to some of America's most notoriously haunted destinations, and into her current work on *The Travel Channel's Kindred Spirits*, this book is full of astonishing and deeply moving stories of Amy's efforts to better understand the dead but not yet departed. With Amy's bright humor and fierce

compassion for both those who are haunted and those who are haunting, *Life with the Afterlife* is an eye-opening look at what connects us as people, in life and beyond.

Also included in the book are chilling stories of haunted locations that are not as familiar, such as, Groppi's in Bay View, Wisconsin or The Preston Residence in Marquette, Kansas. Hear the stories from The Sheboygan Insane Asylum, which had never been investigated before, so when the Fox Valley Ghost Hunters began investigating, the spirits wanted to be finally heard. From the Chapel, a voice says, "That One," right as Craig is scratched by an unseen force. Disembodied voices, slamming doors and shadow people are only the beginning of what the team has experienced at the Asylum. The Barclay Cemetery is a beautiful, peaceful cemetery where only children are buried. The team has visited this cemetery

on many occasions in the daylight. A late-night drive to the cemetery however offered a whole different experience. Something lurked in the trees across the street watching the teams every move. As fear forced them to leave, they soon found out, that whatever was there followed them back to the hotel. Experience the investigations of the Fox Valley Ghost Hunters as they journey inside these haunted places and show you what it is like to be a ghost hunter. Feel what they felt from fear to excitement, and some may receive answers that they have been seeking for many years.

The Pulitzer Prize-winning author of The Poison Squad and The Poisoner's Handbook tells the amazing story of William James's quest for empirical evidence of the spirit world What if a world-renowned philosopher and professor of psychiatry at Harvard suddenly announced he believed in ghosts? At the close of the nineteenth century, the illustrious William James led a determined scientific investigation into "unexplainable" incidences of clairvoyance and ghostly visitations. James and a small group of eminent scientists staked their reputations, their careers, even their sanity on one of the most extraordinary quests ever undertaken: to empirically prove the existence of ghosts, spirits, and psychic phenomena. What they pursued—and what they found—raises questions as fascinating today as they were then.

Southerners are accustomed to hearing stories of a residence, an old hotel, a mansion, or a battlefield being haunted. In Ghost Hunters of the South, Alan Brown shows that ghostlore is no longer enough for some. The forty-four ghost hunting groups he profiles in this book pack cameras, Geiger counters, thermal scanners, oscilloscopes, tape recorders, computers, and dowsing rods to find and record elusive proof of supernatural activity. With candor, the directors and team members reveal the passions and even obsessions that lead them to this expensive, time-consuming, and sometimes dangerous and chilling pursuit of evidence of the spirit realm. Brown interviews enthusiasts from twelve states--Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, and Virginia. Ghost Hunters of the South takes the reader along on exciting and fearful investigations of places such as the Myrtles, St. Francis Inn, Chickamauga Battlefield, Bob Mackey's Music World, Old Talbott Tavern, North Carolina State Capitol, Granberry Opera House, and 17Hundred90 Inn and Restaurant. Brown participates in some of the investigations to gain a full and objective understanding of teachers, doctors, accountants, housewives, and law enforcement personnel, who devote much of their free time to a quest that many outsiders view with skepticism if not scorn. In fascinating, frightening, and sometimes humorous accounts, Brown highlights the

determination of these individuals to answer the question: "What happens to the soul after death?"

Alan Brown is a professor of English and director of the Writing Center at the University of West Alabama.

"Supernatural meets Mean Girls" in this YA horror mystery for older teens. Sixteen-year-old Anna sees things from another world, the spiritual world, a skill that isn't exactly useful in high school. It's bad enough that her mother, possessed by a demon, took her own life when Anna was a child, a loss she remains tortured by. Now her father makes his living "clearing" haunted objects, and Anna's job as his assistant makes her a social misfit. Most kids in her suburban New Jersey town refer to her just as "Goblin Girl." Only Freddy and Dor remain loyal friends. But Anna's so focused on her own problems, she's missed that her connection with Freddy is moving beyond the friend zone and that Dor is in crisis. As junior year approaches, a rare solar storm lights up the night skies and the citizens of Bloomtown begin to act strangely: Anna's teachers lash out, her best friends withdraw, and the school bullies go from mean to murderous. When Anna realizes she can harness this evil power, she sets out to save Bloomtown and the only family she has left. But to do so, she must keep her own increasingly dark urges at bay. *Trigger Warnings*: suicide (while possessed), suicide ideation, bullying, mental illness (hoarding), self-harm, animal cruelty, predatory and abusive adults in positions of power.
