but a filthy sinner destined for Hell . . . Yet, decades later, she returns to the family's farm to nurse him on his death bed. To her surprise, her 'perfect' sister Ruth is also there, whispering dark words, urging revenge. Then the day after their father finally confesses to a despicable crime, Joy finds him dead - with a belt pulled tight around his neck . . . For Senior Constable Alex

Shepherd, investigating George's murder revives memories of an unsolved case still haunting him since that strange summer of 1960- the disappearance of nine-year-old Wendy Boscombe. As seemingly impossible facts surface about the Hendersons - from the past and the present - Shepherd suspects that Joy is pulling him into an intricate web of lies and that Wendy's

disappearance is the key to the bizarre truth. **** 'A book that should be atop of everyone's reading list. The prose is spectacular, and the characters so richly imagined. This is a novel about inherited violence and redemption packaged as a cracking psychological thriller.' J. P. Pomare, author of Call Me Evie 'Intense, intricate, emotionally devastating. This is proper

Australian gothica.' Liam Pieper, author of Sweetness and Light 'Totally addictive.' Books+Publishing 'A cracking thriller with heart. It intrigues, it twists and turns, it deftly combines the muddy domestic details of life on a Victorian farm with a black, Gothic sensibility of lies and violence and the heartbreaking fantasy world of a young child.' Jane Sullivan 'A heartbreaking, terrifying and

stunningly accomplished novel that had me holding my breath. Yeowart instantly pulled me into the life of a rural family dominated by an angry, insecure despot from its unnerving beginnings to its shocking end.' Kirsten Alexander, author of Half Moon Lake 'Steeped in atmosphere and with taut, intricate plotting, The Silent Listener, contrary to its title, had me audibly gasping

throughout.' Benjamin Stevenson, author of Either Side of Midnight 'An ingenious form of storytelling archaeology-down through layers of family trauma, the truths are finally brought to light.' Jock Serong, author of The Rules of Backyard Cricket *Binary* HarperCollins NEW YORK TIMES BESTSELLER Fifty years after The Andromeda Strain made Michael Crichton a

household name—and spawned a new genre, the technothriller—the threat returns, in a gripping sequel that is terrifyingly realistic and resonant. *The Evolution is Coming*. In 1967, an extraterrestrial microbe came crashing down to Earth and nearly ended the human race. Accidental exposure to the particle—designated *The Andromeda Strain*—killed every resident of the town of

Piedmont, Arizona, save for an elderly man and an infant boy. Over the next five days, a team of top scientists assigned to *Project Wildfire* worked valiantly to save the world from an epidemic of unimaginable proportions. In the moments before a catastrophic nuclear detonation, they succeeded. In the ensuing decades, research on the microparticle continued.

And the world thought it was safe... Deep inside Fairchild Air Force Base, *Project Eternal Vigilance* has continued to watch and wait for the *Andromeda Strain* to reappear. On the verge of being shut down, the project has registered no activity—until now. A Brazilian terrain-mapping drone has detected a bizarre anomaly of otherworldly matter in the middle of the jungle, and,

worse yet, the tell-tale chemical signature of the deadly microparticle. With this shocking discovery, the next-generation Project Wildfire is activated, and a diverse team of experts hailing from all over the world is dispatched to investigate the potentially apocalyptic threat. But the microbe is growing—evolving. And if the Wildfire team can't reach the quarantine

zone, enter the anomaly, and figure out how to stop it, this new *Andromeda Evolution* will annihilate all life as we know it. *A Novel*

Within months of the Japanese sneak attack on Pearl Harbor, Jimmy Doolittle lead his squadron of B-25's off the deck of the USS Hornet on a raid into the heart of the enemy. As the war in the Pacific progressed, B-25s, retrofitted with twelve 50 caliber machine guns, swept in at treetop level to wreak devastation on enemy shipping and airfields at Rabaul, New

Guinea, Borneo, The Philippines and Formosa. Now, in another century, against another enemy, but again in the same locale, they were on a super-secret mission which would never be reported and officially denied. The Mighty B-25 Mitchell Bombers were, for the last time, out against a distant enemy in a distant land. Again those who would stifle freedom had launched a

series of extremist's attacks on America and her allies. Old, but still very useful, the WW II planes and the veteran pilots who had flown them are called upon again to defend freedom. For both man and machine, this would be the old warriors' last hurrah.
