A coming of age tale that focuses on brothers Arty and Jay, left in the care of their Grandma Kurnitz and Aunt Bella in Yonkers, New York. Their desperate father, Eddie, works as a traveling salesman to pay off debts incurred following the death of his wife. Grandma is a severe, frightfully intimidating immigrant who terrified her children as they were growing up, damaging each of them to varying degrees. Bella is a sweet but mentally slow and highly excitable woman who longs to marry an usher at the local movie house so she

can escape the oppressive household and create a life and family of her own. Her brother Louie is a small-time, tough-talking hoodlum who is on the run, while her sister Gert suffers from a breathing problem with causes more psychological than physical problems. Missing much of the sentimentality of the plays comprising Simon's earlier Eugene trilogy, *Lost in Yonkers* climaxes with a dramatic confrontation between embittered mother and lonely daughter that creates a permanent fissure in this highly dysfunctional family.

Cultivated by the wealthy and elite in New York City, plastic surgeon Dr. Max Hamilton seemed to have it all. A beautiful wife and two well-behaved children, along with a successful practice. But an ugly nasty divorce forced him to pick up his children and move north to Lake Placid away from everything that destroyed him. Now with things starting to normalize, he finds himself in desperate need of a nanny and housekeeper. That's all. Nothing more, nothing less. Quinn Baker spent her childhood in poverty, foster care and even detention centers. From debut author Amy K. Green comes a devastating tale of psychological

suspense: A teen pageant queen is found murdered in a small New England town and her sister's search for answers unearths more than she bargained for. Days after a young pageant queen named Jenny is found murdered, her small town grieves the loss alongside her picture-perfect parents. At first glance, Jenny's tragic death appears clear-cut for investigators. The most obvious suspect is one of her fans, an older man who may have gotten too close for comfort. But Jenny's half-sister, Virginia—the sarcastic black sheep of the family—isn't so sure of his guilt and takes matters into her own hands to find the killer. But for Jenny's case and Virginia's investigation, there's more to the story. Virginia, still living in town and haunted by her own troubled teenage years, suspects that a similar darkness lies beneath the sparkling veneer of Jenny's life. Alternating between Jenny's final days and Virginia's determined search for the truth, the sisters' dual narratives follow a harrowing trail of suspects, with surprising turns that race toward a shocking finale. Infused with dark humor and driven by two captivating young women, *The Prized Girl* tells a heartbreaking story of missed connections, a complicated family, and a town's disturbing secrets.

author Alastair Reynolds. 2057.

Humanity has raised exploiting the solar system to an art form. Bella Lind and the crew of her nuclear-powered ship, the Rockhopper, push ice. They mine comets. And they're good at it. The Rockhopper is nearing the end of its current mission cycle, and everyone is desperate for some much-needed R & R, when startling news arrives from Saturn: Janus, one of Saturn's ice moons, has inexplicably left its natural orbit and is now heading out of the solar system at high speed. As layers of camouflage fall away, it becomes clear that Janus was never a moon in the first place. It's some kind of machine -- and it is now headed toward a fuzzily glimpsed artifact 260 light-years away. The Rockhopper is the only ship anywhere near Janus, and Bella Lind is ordered to shadow it for the few vital days before it falls forever out of reach. In accepting this mission, she sets her ship and her crew on a collision course with destiny -- for Janus has more surprises in store, and not all of them are welcome.
